

# Here's Where the New CROW TIRE & RUBBER CO.

## Factory Will Be Built ( AT 33D STREET AND PAXTON BOULEVARD )

OUR NEW FACTORY WHEN COMPLETED

## RIGHT NOW IS THE TIME!

For you to invest in this going successful Omaha industrial institution. Three and one-half acres of ground have been purchased for the construction of a large factory for the manufacture of tires and rubber goods. This new site is one of the best offered in Omaha, having splendid trackage facilities on the belt line.

The construction work on the factory will be started soon and it is expected that the buildings will be complete within a very short time.

Invest your money now while you can get in on the ground floor. It's no guess work, as the Crow Tire and Rubber Company is now successfully making tires and the best evidence of their progress is shown in that they paid an 8 per cent dividend as well as a special dividend in 1918.

Stock is now selling at \$100 par value. It's bound to raise soon. Better hurry and get yours while the price is low.

# Crow Tire & Rubber Co.

OFFICES:

## 600 Bee Building OMAHA, NEBRASKA

Lincoln Offices:  
365-366 Fraternity Bldg.,  
Lincoln, Neb.

# 8%

And a special dividend paid in 1918 to our stockholders.

CUT OUT THIS COUPON AND MAIL IT TODAY.
