# Double-header Today, Rourke Park, Omaha vs Joplin, First Game at 2 p. m.

### MINERS DEFEAT **ROURKES FIRST** OF THREE GAMES

DEAR MR. KABIBBLE,

Charley Kopp Goes Bad on Mound and Is Relieved by Lefty Townsend in Third Inning.

The Joplin Miners slipped the Rourkes a 6-to-4 defeat in the first game of the series of three. Today the clubs meet in a double bill and the locals threaten to cap-

ture both games. Second Baseman Hulswitt was largely responsible for the Joplin victory, getting three hits in five times at bat, two of the three being two-base clouts, each of them scor-ing a runner. Claybrook, on first for the Miners, also popped a double, scoring a runner.

Three Rourkes hit for two bases. Graham, Lee and Schinkel each getting one, but Lee was the only one of the three to drive in a run with the hit. Omaha made one more hit than the visitors, the count being nine to eight, but they were well

ered. Hemmingway walked and game. Score: Spellman was safe on Brandt's bad throw to first, but with Jackson at bat, the catcher made a snap throw to first and caught Spelly off the

The visitors tied the count in the second, Thompson singling and scoring on Claybrook's double from second base, where he landed on Lamb's sacrifice. Brandt and Mapel son. The Rourkes went hitless and runless in their half of that frame. Each club scored two runs on three hits in the third, Hulswitt and Lee getting their doubles in this inning.

It was nothing to get some in the fourth. Thompson singled in the fifth and scored on Hulswitt's second double. The next three went in rapid succession, leaving Hul-

inning, without a hit. Collins walked and Hall popped to Jackson. Lamb hit to short and Collins was thrown out at second, but Lamb was safe on the attempted double play. Claybrook hit a long fly to right center, both Lee and Graham going after the ball. Graham probably would have caught the ball, but Lee cried that he had it and when the ball hit his glove it went on through ball hit his glove it went on through his fingers, Lamb going home from second base when Lee went/chasing

Neither club scored in the ninth, the pitcher leading off for each team. The three batters went out in one-two-three order and the game was over, Joplin the winner. The same clubs will play two games, today, Friday's game being postponed for this occasion. Then the Rourkes go away to Sioux City. They play the Sioux Des City. They play the Sioux, Des Moines and St. Joe, coming back home against Sioux City on Tuesday, the 26th, and stay home till September 2.

### Nebraska University Gets Crack Foot Ball Coach From Missouri

Word was received from Columbia, Mo., yesterday that Head Coach Henry F. Schulte at the University of Missouri, had resigned to accept a position as chief foot ball coach at the University of Nebraska. The resignation takes effect at once. Schulte will assume his duties at Lincoln early next week. The Nebraska foot ball squad will be called out the last week of this month, according to reports from Lincoln. There are 25 men in the squad, seven of them members of the powerful 1917 eleven, returned from France. Schulte is an Indian. He is known as one of the best of track coaches.

# Just a Kide Makes

A Hundred New Owners Are Added Daily -Each a Warm Supporter of the Essex

# Men Want the Essex

Surely no car has ever equaled the Essex in the way it has been endorsed by the public. From the very first it has been advertised just as we said it would be, by what people had to say for it.

You remember we announced the Essex would have to speak for itself. Its fate was left with the people. And now you can judge what the verdict has been.

### One Hundred Owners Added Daily

Deliveries at this writing exceed 10,000 cars. An average of 100 new buyers are getting their Essex cars every day.

Such a production would be large for many older organizations. But it is not half equal to the demand that there is for the Essex.

### Sweden Ordered 5 Then Cabled for 75

The first shipment of Essex cars reached Sweden a few days ago. The initial order was for 5. But on the day they were unloaded the dealer cabled for 75 to be shipped immediately.

That is significant, for Sweden is one of the countries where gasoline costs nearly a dollar a gallon. Even before the war European countries did not take readily to American cars. Only the light, small, inexpensive cars had a market then.

Cost of operation was the big item. Gasoline and oil prices made large cars impractical.

But the Essex just met the needs. It has the sturdiness and dependability Europeans had never attributed to moderate priced American cars. The Essex met their demands for economy and low operating cost.

### And Those Advantages Are Important Here

Americans rather than put up with the customary objections of light low priced cars, more willingly paid the price that

2563-5-7 FARNAM ST.

obtained the degree of elegance, comfort and performance they wanted.

But the Essex seems to have filled the need as we expected it would. It answers the demand for moderate first cost. It meets the inexpensive cost and maintenance situation and, of course, it gratifies the taste in appearance and performance.

### How Everyone Talks For the Essex

They tell their friends what they have

Any dealer can tell you of person after person who has placed orders with him as the result of a ride they have had with some friend. As a test of how it stands in the opinion of motorists in general, or even the man in the street, mention the Essex anywhere you might be in such a way as to provoke a discussion of it.

The result will be interesting. You aren't likely to hear a single adverse criticism. But you will probably conclude everyone is interested in selling you ar Essex.

### That is the Essex Selling Force

It is just what you will hear from any group of motorists. Everyone seems bent on telling everyone else what a fine car the Essex is.

Note the manner in which they praise it. People judge it in comparison with other cars of merit that they know.

That probably explains why Essex performance and quality is compared to large, high priced automobiles. There is no other measure by which

Essex can be described. When will you take your ride in an

Your enthusiasm will be just as great as it now is with close to a million others. Essex boosters grow daily-and thus they swell Essex sales.
