### All Women Arriving at Paris Are Whisked to the Petrograd.

You are very much liable to be taken to Hotel Petrograd in Paris whether you want to or not if you are a woman and arrive alone at a l'aris station nowadays. Small boys rush up, "Want a taxi

miss? Hotel Petrograd?" and even the taxi drivers have formed the habit of smiling suavely when hailed and starting off for rue de Caumartin without even asking whether you want to reach Hotel Petrograd or

not. Y. W. C. A. workers themselves who live at other of the Y. W. C. A. hotels find themselves whisked off before they have a chance to explain where they want to go just as Mrs. Sherman Dean of Altadena, Cal., was recently when she arrived from an investigating trip into Poland. The chauffeur insisted that she go to Hotel Petrograd because "everyone goes there." And every-one does, for a fact.

## Starches and Acids

(By Dr. Lorne A. Summers, Director of Gymnasium, Armour and Company.)

Many people who have been trou-bled with the formation of gas in the stomach and intestines have found unmediate relief when they avoided combining starchy foods with acid foods. The reason why this combination

causes gas is that the acid causes the starch to ferment. The same thing occurs when sugar and starch are mixed. Cane sugar, mixed with cereals, causes many people to have a sour stomach for the rest of the day; not only this-the gas distendthe stomach, which exerts a pressure upon the surrounding organs. causing palpitation of the heart, cold hands, cold feet, headache, dizziness
