Omaha Owned Horse Wins in Great Western Luana Takes Fast Race at Des Moines; Eleven Heats Constitute New World's Record.

BY HARRY K. WHITTED.
Des Moines, Aug. 25.—(Special Telegram.)—Split heats and fast time featured the opening day of the races in the aged class at the Iowa state fair Monday. Two out of three of the harness events, the 2:14 pace with \$1,500 added money and the 2:13 trot with \$600 added money, went four heats. Nine out of the eleven heats were under 2:10, constituting a new world's record for racing over a half mile track.

The 2:13 trot, with seven starters, the third event on the program, was the most hotly contested race of the day. Luana, a bay mare, by Kinney Lou, owned by Edward Peterson of Omaha and driven by Roy Owen, won the event, taking the first two heats in 2:11 1/2 and 2:09 1/2.

In the third heat she was caught in a pocket at the head of the stretch, Lou Todd, by Dr. Todd, winning the heat in 2:09 1/2, but the Omaha mare came back strong in the fourth, taking the lead on the first turn and was never headed, although Lou Todd gave her a hard battle in the stretch.

In the second heat Habara, driven by Fred Egan, and Tom Carlisle, driven by Huber, came together just as they were heading into the back stretch on the first turn, cutting the sulky of Habara down, but no damage was done outside of a broken wheel.

In the 2:14 pace, the big purse of the day, 13 starters lined up for the word in the first heat, with O. U. C., owned by Ed Peterson and Tom Denison of Omaha, drawing the pole.

The Omaha horse got a bad start the first heat, at least four horses being ahead of him when the field took the word, and went to a bad break just after they passed under the wire. Red Lancelotti won the heat in 2:06 1/2, but failed to show the steam in the balance of the race, Hal Mahone winning the last three heats in fast time.

Dr. Gano, by George Gano, won the 2:09 pace, substituted for the free-for-all pace, in straight heats, the fastest time being 2:07 1/4, made in the second heat.

THE sand flappers are still strong for the conservation of natural resources stuff. Last year the Gov. asked them to save cloth and help win the war. The war is cured, but the beach chippies are still saving cloth. Looks like they're trying to win the next war.

Down at Rockaway Beach the surf chickens saved so much cloth winning the last war that they started another one. Seems that the flaps go in swimming down there wearing costumes that can be put on with a powder puff. Their idea of a dressmaker is the cuckoo who makes the lipsticks. The Rockaway Beach constable is so sure that he can't see. Which is an awful handicap in these days when the looking is good.

The constable started his censorship immediately after the big spasm of rain which lasted 10 days. St. Swithin came to his aid by driving the chickens into the coop, but when it gets dry, there doesn't seem to be any saints with the possible exception of Vitus, who writes the jazz orchestration.

St. Swithin has left on Track 18, leaving the constable to run the works alone.

First thing the constable piped was a flipper in a one-piece suit. Constable took two looks in order to verify the rumor started by the first look, switched his tobacco around his last two remaining teeth and then took another look. Constable states that these three looks were taken as a constable, not as a married man or citizen.

He ordered her to take it off.

Rockaway Beach isn't the only seaweed garage that is after the flaps with the frailer swimming trousseaus. Seems that the flappers are wearing those all-wool suits. They call 'em all-wool because they are wool and that's all.

Seems that the chickens used all their wool knitting Sox, ear muffs and sweaters for the soldiers. Now, they haven't any material left to make surf frocks out of but dropped stitches. Which is what most of 'em seem to be constructed of. Incidentally, some of the stitches dropped some distance.
