

WILL FILE NEW LIST OF NAMES URGING RECALL

Men Behind Movement Will Take Advantage of Ten Days to Amend Petition.

Despite the charges repeatedly made by Elmer Thomas, special attorney for the city commissioners named in the recall, of fraud in the petition filed 10 days ago, the city clerk's report to the city commission yesterday makes no reference to Mr. Thomas' charges.

The petition against Mayor Smith and Commissioners Ringer, Ure and Towl was declared by City Clerk Hunter to be insufficient because it lacked the proper number of names. Mr. Thomas, who was employed at the city's expense to act for the members of the council against whom the recall was aimed, has given out a number of interviews to the newspapers declaring that he had discovered evidence of fraud in checking the petition. City Clerk Hunter did not attempt an explanation of these declarations in his report to the council.

The clerk's report read simply "manifestly insufficient." Mayor Smith made a motion that the petition be placed on file, and it was filed without comment. The city clerk's report to the council stated that the petition purported to contain 5,480 signatures. According to the city clerk's opinion and that of Elmer Thomas and some others, the petition must have at least 6,843 signatures, which would be 30 per cent of the 22,810 votes cast at the election in which the proposition to buy the gas plant was voted on.

The men who are engineering the recall declare that the number of signatures required should be only 30 per cent of the number of votes cast at the last general election which would be 30 per cent of 13,000. However, the recall boosters are out now to get the 1,400 additional signatures which the friends of the administration declare will have to go on the petition before it can be accepted.

"We have been getting additional signers for the last 10 days," declared James McDonald, one of those in charge of the campaign. "While we are not willing to agree that we need as many names as opponents claim, it has been thought the better plan to amend the petition, since there will not be the slightest difficulty in getting as many as 2,000 or 3,000 additional names in the next 10 days."

Boulevard Home Is Visited by Vandals; 2 Other Burglaries

The home of George Finnerty, 4810 Florence boulevard, was ransacked Monday night. Uprturned tables and chairs indicated that vandals had visited the place. Nothing was stolen. B. Goldstein, 1623 North Twenty-fourth street, reported to the police hat while members of his family were asleep Monday night burglars entered through a rear window and stole \$7.50. War savings stamps of the value of \$1,000 were stolen from the room of Fred Erebo, 1612 Vinton street, Monday night.

Parallel Parking Ordinance Repealed by City Council

The ordinance abolishing "parallel parking" of automobiles on the city streets was repealed by the city council yesterday. Commissioner Ringer was not present. All the other commissioners voted in favor of the repeal. Automobiles may now be parked as formerly, at an angle with the curb.

Motor Company Reports Check Proved No Good

Police are looking for a man who gave the name of L. A. Ellis of Elk-horn, Neb., and who Saturday gave a check for \$1,500 to Ray Cooley, salesman of the Western Elgin Motor Car company, 2415 Farnam street, which was returned yesterday by a bank with the notation, "no such account here."

According to Mr. Cooley, the stranger appeared in the salesroom of the motor company and inspected various cars. At last he decided on a certain model and paid for the machine with the check, which, according to the police, is worthless.

The authorities of Fremont and Lincoln are looking for a man whose description is identical to that of Mr. Cooley's customer. The man, sought by the up-state authorities, gave the name of Roy Ellis and passed bad checks to the amount of \$1,500.

Introducing Ordinances Is One Of Best Things Mayor Does

Mayor Smith yesterday introduced into city council an ordinance which will make it a misdemeanor to destroy food. There is at present no city ordinance or state law which makes it a crime to destroy food or to allow it to rot.

COUNCIL ORDERS PROBE OF STREET RAILWAY SERVICE

Commissioner Charges Company Has Withdrawn Cars On Many Lines.

An investigation of the traffic service of the Omaha & Council Bluffs Street Railway company was ordered yesterday when the city council unanimously adopted a resolution introduced by Commissioner Butler to this effect.

"The company has withdrawn cars on many lines," declared Mr. Butler. "I know the Ak-Sar-Ben is complaining because of curtailed service on the Twentieth street line."

"I want to have the members of the street railway commission present at this probe and go into it thoroughly. The company has recently changed from the near-side to the far-side stop at several places. These stops should be set and kept where they are set."

"We should find out also what is the sentiment of the people regarding the skip-stop system. If a majority do not like it, that should be changed."

The city council, state railway commission and officials of the company are to be present at the investigation.

The inquiry will go into the number of cars kept in operation on various lines at different hours of the day, number of platform crews kept in service and ready for service, the skip-stop system of operation.

Mr. Butler will send copies of the resolution to the members of the State Railway commission and officials of the company with the request that they be present and assist in the probe.

Widow of Suicide and Slayer Wants to Handle His Estate

Mrs. Katie Drahos yesterday asked the county court to appoint her administratrix of the estate of her husband Joseph Drahos, who shot and killed one of their sons and himself last Tuesday in front of the home of August Brock, 5723 South Fifteenth street.

Mrs. Drahos says her husband's estate amounts to about \$1,800 in real estate, consisting principally of their home at 5126 South Thirti-ninth avenue. The heirs besides Mrs. Drahos are the three children, Mrs. Elsie Smolik, Edward Drahos and Leona Drahos.

He's Just Talking

Mayor Smith stated in city council yesterday that he is securing facts regarding alleged sugar hoarding in Omaha and will present them to the council at the regular meeting Thursday.

How to Lose Your Tan, Freckles or Redness

A day's motoring, an afternoon on the tennis ground or golf links, a sunbath on the beach or exposure on a lake trip, often brings on a deep tan or vivid crimson or, more perplexing still, a vigorous crop of freckles. A very necessary thing then is mercurized wax, which removes tan, redness or freckles quite easily. It literally peels off the affected skin—just a little at a time, so there's no hurt or injury. As the skin comes off in almost invisible flaky particles, no trace of the treatment is shown. Procure an ounce of mercurized wax at your druggist's and use this nightly as you would cold cream, washing it off mornings. In a week or so you will have an entirely new skin, beautifully clear, transparent and of a most delicate whiteness.

Man Disappears; Relatives Fear He Met Foul Play

Police are searching for Charles Campbell, 45 years old, who disappeared from his home, 2739 South Eleventh street, August 19. He has been missing ever since.

His disappearance was reported to the authorities by Campbell's brother-in-law, J. E. Ryan, a contractor, for whom he was working.

Enlistments for Foreign Service Are Again Opened

Authority for the opening of enlistments in the American Expeditionary Forces in France was received yesterday by the local army recruiting office.

Enlistments are open only to white applicants and can be for a period of one year for men with previous military training and for three years for men who were not in service during the war. All applicants will be sent to Camp Meade for immediate transfer to France. The infantry and signal corps are the only branches open for applicants.
