Washington, Aug. 29.—Fostering of unfair and prejudiced investigations of army court-martial practices through "packed" bodies of inquiry were charged to Secretary Baker and Judge Advocate General Crowder today by Samuel T. Ansell, former acting judge advocate general.

Resuming his statement before the senate subcommittee, Mr. Ansell declared that the inquiries made by the American Bar association committee, Inspector General Chamberlain and the army tribunal, headed by Major General Kernan, were "biased" and that recommendations in favor of the existing court-martial procedure were a foregone conclusion.

Charles Barker, 1702 Davenport street, will serve 75 days in jail for drunkenness and an attempted assault upon Laura Belle Townsend, 11 years old, 1615 Chicago street, late Thursday night. He pleaded guilty before Police Judge Foster yesterday. Police say Barker struck Mrs. Iva Townsend, mother of the girl, in the mouth, when she sought to protect her child from his attack. Thomas Barker, brother of the man, was fined \$25 and costs for drunkenness.

BOY CONFESSES THAT HE KILLED GROCER SHAPIRO

Young Bandit Tells Police He "Just Had to Fight His Way Out of Store."

In a written confession made to Chief of Detectives Dunn yesterday, Willie Collins, 17-year-old negro, 3010 Patrick avenue, admitted the murder of Nathan Shapiro, who was shot and killed Wednesday night during an attempted hold-up in his store at 2601 Hamilton street.

"I just had to shoot to fight my way out of that store," young Collins told the detective chief. Luther Hall and Governor Hall, brothers, 14 and 15 years old, respectively, both negroes, were with Collins at the time. It was through the confession Thursday of Governor Hall that Collins was arrested last night.

Finally Admits Guilt. At first Collins denied the shooting, saying that he "didn't know which of the two fired the fatal shots. Yesterday, however, Collins admitted doing the shooting.

Police Captain Thursday night refused to allow Collins to be interviewed. He refused also to show any part of the boy's written confession to newspaper men. We spotted a man walking along Hamilton street and followed him. Two of us had guns. When we were just ready to stick him up, he turned into his yard near Twenty-eighth and Hamilton streets. Then we turned and came back. When we passed the Shapiro store, one of the Hall boys said: "There's a fellow alone in there, let's get him."

Gives Vivid Description. "We went in and stuck guns at the man. He leaped at me and I had to shoot to get away. He hung on to me and when we were outside, I fired the gun behind my head to scare him. Then Shapiro fell. I didn't know I had hit him."

Five other boys, James Key, 15, 2623 Hamilton street, Robert Hines, 17, 2322 Blount, Theodore Mitchell, 17, 1309 Davenport, John Griffin, 2602 Hamilton, and Floyd Griffin, Tenth and Capitol avenue, arrested Thursday as suspects in the attempted holdup, were released yesterday.

RELEASES WOMEN. "RAILROADED" TO DETENTION HOME

Judge Redick Rules Girls' Commitment to Institution Was Illegal.

District Judge Redick yesterday ordered Mamie Allen, Agnes Marshall and Ruth Mathews released from the city detention home on the ground that the girls were illegally committed to the institution by Police Judge Foster. He fixed their bond at \$500 each to appear at the hearing of their application for a writ of habeas corpus next Thursday in district court.

John Berger, one of the attorneys for the women, said this is the first time that persons committed to the city detention home have succeeded in securing their release from there. The three women were sentenced to 30 days each in the county jail for vagrancy by Police Judge Foster last Monday, and then sent by him to the detention home.

Mr. Ritchie read the detention home ordinance which provides that women may be sent to the city detention home only on a mittimus issued by the health department. The mittimus in the case of the three women was not issued by the health department but, according to Mr. Ritchie, they were "railroaded" to the detention home with no opportunity to appeal.

Auto, Plane and Train In Competitive Race To Nebraska Capital

An automobile, an airplane, and a train will race from Omaha to Lincoln September 4 as one of the features of "Omaha day" at the Nebraska state fair on that day. In the racing car will be J. H. Hansen, Tom Hunt, Harry Byrne, Lincoln Byrne and Morris E. Jacobs.

The "Omaha Special," which will carry more than 2,500 Omahans to the fair over the Burlington route, will be the racing train. A pilot of the Omaha Flying company and William A. Pixley, secretary of the Nebraska Aero club, will be in the racing plane.

The starter's gun will probably be fired at 9:30 a. m., which will be about the time the "Omaha Special" pulls out of the Burlington station. When the engineer blows his whistle, Mr. Hansen will speed forward in his car from in front of the Burlington station. Fifteen minutes later the airplane will start from the field on West Center street. Mr. Hansen's previous record from Omaha to Lincoln is one hour and 32 minutes.

Head of City Morals Squad Shot at Door of Home; Man Flees

Denver, Colo., Aug. 29.—George Klein, a city detective, died today from wounds inflicted by an unknown assailant late last night. Klein was head of Denver's prohibition squad and has been actively engaged in running down illicit liquor dealers since the state went dry. He was responsible for the capture of many lawbreakers and confiscation of thousands of dollars' worth of liquor.

In a recent raid on a soft drink parlor, where liquor is alleged to have been sold, Klein shot and killed Jerry Corbetta.

In a statement Klein said he did not know who fired upon him. The slayer had hidden in front of the detective's apartment. When Klein returned from work at 1 o'clock this morning the assailant sprang out and killed him with a sawed-off shotgun.

Denver police believe the murderer of Klein, a "sawed-off shotgun man," was imported from Kansas City, where there have been many mysterious murders in the Italian district in which shotguns were used. The slayer carried away all evidence, including empty cartridges.
