

ASKS PERMANENT U. S. TRANSPORT RESERVE UNIT

Fleet Capable of Transporting 142,000 Troops Is Proposed by War Department in Reorganization.

Washington, Aug. 30.—Organization of a permanent "transport reserve" capable of carrying 142,000 troops, is proposed by the War department as a part of the army reorganization plan. This reserve, with the regular army transport fleet would make it possible to move an expeditionary force of nearly 200,000 men immediately on the outbreak of war.

The plan as outlined by Brig. Gen. Frank T. Hines, in charge of the army transport service, contemplates reserving title to 15 of the former German passenger ships and a number of cargo carriers, with their allocation to commercial lines on the conditions that the crews be enlisted in the transport reserve and that no structural changes in the vessels be made by the operators. All of the ships are now in perfect shape for army use and General Hines would have them subject to periodical inspection by army engineers.

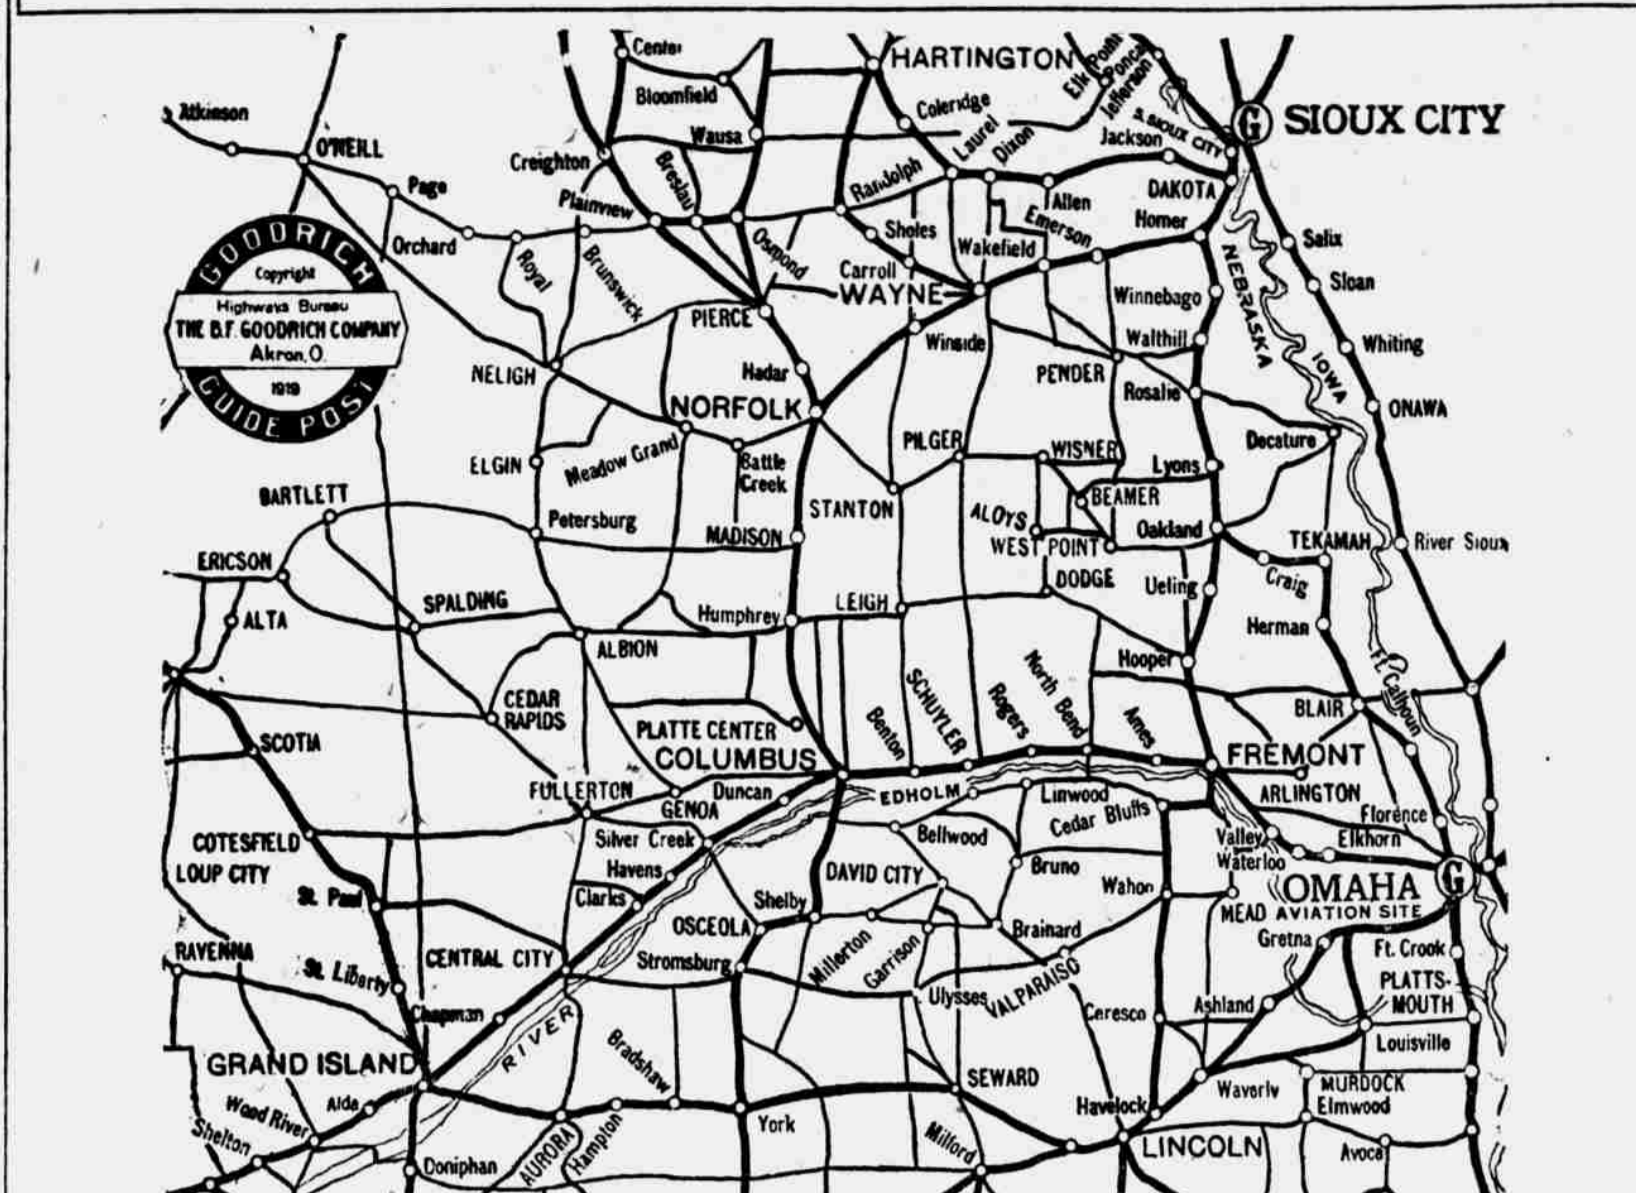

The Leviathan, George Washington, Mount Vernon and Savannah are among the ships listed to be retained if congress approves the plan.

159 Planes Are Available

For Use of Army On Border

Washington, Aug. 30.—Aerial forces available for border duty comprise 159 De Havilland 4 planes, the majority of which are equipped with Martin and Lewis machine guns, radio apparatus and bombing devices, it was said today at the War department. Two bombardment squadrons are based at El

All Roads Lead to the Nebraska Fair

The Nebraska state fair will this year attract thousands of autoists out onto the roads of Nebraska headed in the direction of Lincoln, and for the special convenience of

the autoist, the National Touring bureau of the B. F. Goodrich Rubber Co. has prepared the above map. Of special interest to all motorists will be the automobile and accessory

show which will display all the latest models of machines as well as some new and useful accessories. A great deal of attention is being paid this year to taking care of the

great number of autoists who will drive to the fair, and the comfort and convenience of all has been amply provided for, in the way of parking and camping.

The "Yellow Chassis" Trucks—that serve so well

The Shield of America's Greatest Motor Truck Service

More Than 1000 Farmers in Nebraska and Western Iowa Now Own Republic Trucks

The farmer's knowledge of machinery makes it easy for him to choose the truck suitable for his work. Republic trucks are his choice.

Be sure and stop at our tent—there will be plenty of rest room and a fine place to visit, rest and talk business. Our exhibit will be instructive to everybody. Don't miss this exhibit while at the Fair. Our Tent is located right across the street south from the Automobile building.

Drug Addicts Fearing Fate of Socrates Quit

New York, Aug. 30.—Fearing "the fate of Socrates" eight drug addicts at the riverside hospital went on "strike" today against continuation of hyoseyamine treatment. The revolt came after one of their number consulted a dictionary and found the hyoscins was the modern name for henbane, which he declared was the same drug with which Socrates was forced to end his life. The "strikers" were sent to the Blackwell island work house.

Squeaky Springs.

In cases of chronically squeaky springs, try jacking up the car so that the weight is removed from the springs and then soaking these latter with kerosene. Run the car for a day or so to let the kerosene soak in and then saturate the springs with some of the old oil that has been drained off from the crankcase. After a day's run wipe off any excess oil that shows to prevent the collection of unseemly dust.

HYMENEAL

Erickson-Axelsson.

Miss Signa Axelsson and Gunnar Erickson, both of Omaha, were married by Rev. Charles W. Savidge, Saturday afternoon. They were accompanied by Mrs. Christia Norden of Council Bluffs.

Burns-Strietweiser.

Victor V. Burke of Council Bluffs and Miss Tillie Strietweiser of Omaha were married by Rev. Charles W. Savidge, Saturday evening. They were accompanied by Miss Edna Burke and Charles M. Mynett of Council Bluffs.

Building Battery Posts.

It is possible to build up battery posts that have worn down by slipping a section of cast iron pipe, cut to the proper length over the old post and then melting new post metal in by means of an acetylene torch. The piece of pipe acts as a cup to hold the new metal as it is melted.

Moral:

Which shows us that even our misfortunes May sometimes be only blessings In disguise. —From July Film Fun.

The PENALTY OF LEADERSHIP

The acknowledged leadership of the 8-cylinder Cadillac motor car has caused such a shortage that we are unable to secure any cars for exhibition at the Nebraska State Fair.

We have, however, secured permission from a few of our recent purchasers to exhibit their cars on our salesroom floor at our Lincoln office, and we will be pleased to have you inspect these models.

To avoid disappointment this fall and winter, please let us have your order now.

J. H. Hansen Cadillac Co.

OMAHA LINCOLN

We thank our customers for their patience in waiting for delivery, and assure them that a Cadillac is well worth waiting for.
