

PRESIDENT GOES ON WARPATH FOR PEACE TREATY

Wilson Delivers Addresses at Columbus, Ohio, and Indianapolis, Ind., on First Day Out.

(Continued From Page One.) carry against the din and many persons on the outskirts, unable to hear, left the hall. After the president had proceeded for a few minutes he was forced to suspend while the police closed the doors. The president spoke in the Coliseum at the state fair grounds. The fair was in session, and the building, said by residents to hold more than 10,000 persons, was packed. The presidential train pulled into the station promptly at 7 o'clock and, escorted by a citizens' committee, President Wilson was driven five miles to the Coliseum. Along the entire route the streets were thronged with people who had turned out to greet him. When the fair grounds were reached thousands cheered as the president made his way into the hall. Many who had attended the state fair during the day remained to hear the president. President Wilson's special train left here shortly after 10 o'clock tonight for St. Louis. In a short talk at Richmond, Ind., Mr. Wilson declared the treaty was made for the protection of the weak peoples of the earth, and that he was making his appeal for ratification as an American and without partisan considerations. The president's next scheduled address is in St. Louis tomorrow night. Opens Campaign at Columbus Columbus, Sept. 4.—By The Associated Press.—In the first speech of his transcontinental tour President Wilson here today urged the American people to exert their influence for acceptance by the United States senate of the peace treaty signed with Germany and predicted that the senate would ratify the treaty. "When this treaty is accepted," he said, "the men in khaki will never have to cross the seas again, and I say when it is accepted because it will be accepted."

Will Demand Mayor Go Over Ringer's Head and Suspend Alleged Killers

Association Charges Murder Against Sutton and His Squad—Another Meeting Sunday Will Ask Straight Reply From City Executive—Say Ringer Is Expected to Protect "Pet" at All Hazards.

Incensed at the killing Monday morning of Eugene Scott, the negro bellboy who was shot to death in an alleged raid on the Plaza hotel by the Omaha police, and holding Paul Sutton, Elmer Thomas' chosen head of the morals squad, and the six men who were working under him, directly responsible, a committee representing the 5,000 members of the local branch of the National Association for the Advancement of Colored People will wait on Mayor Smith and demand that the policeman be discharged and punished. Ringer's taking any action in this matter," declared one member of the association. "Mr. Ringer in the past never has failed to ignore similar cases when political friends of his on the department have been concerned. In fact he has even gone to the most extreme length to defend them against the most serious charges, regardless of their guilt or innocence. Sutton's Convictions. "Every one knows Commissioner Ringer, is so advised by Elmer Thomas, would stand by Paul Sutton no matter how black his crimes. The court records will show Paul Sutton has been convicted on the gravest charges ever registered against an Omaha policeman. Sutton, who was discharged by a former city commission, not only is hired again, but he is assigned to the most responsible position in the department. "We shall not reckon with Thomas and Mr. Ringer. It seems to us that Mayor Smith should awaken to his responsibility. At least the matter will be placed before him with the demand for a straight forward reply. No evasive answers will be tolerated. Rev. John Albert Williams, president of the National Association for the Advancement of Colored People, attended the coroner's inquest Wednesday and took a keen interest in the testimony of every witness. Time to Take Action. "It is an outrage and a shame," he said. "The boy was murdered in cold blood. The matter certainly will not be dropped until those who are responsible for the crime have been brought to justice. The limit has been reached in Omaha. The time has come for action. If those who are in authority at the city hall remain indifferent to their duty, it is time an appeal is made to higher authorities. There is a legal manner in which the mayor can be held in check of this kind and we propose to adopt the right methods."

No Class Parties in American Legion

(Continued From Page One.) sen, widow of Capt. Soren Sorensen, who was a member of Colonel Roosevelt's regiment in France and who was killed in an automobile accident in Germany about two months ago. Mr. Roosevelt expressed his deep sympathy with her. "I knew your husband quite well, indeed," he said. "But I did not know that he had died."

Elect State Delegates Preceding Mr. Roosevelt's arrival at the Auditorium, a business meeting of the Douglas county branch of the American Legion was held, at which 124 delegates to the state convention of the legion were elected. The convention will meet in Omaha, October 11. A resolution endorsing the Salvation army campaign was passed. Yesterday was a strenuous one for Mr. Roosevelt. He arrived in Omaha from Minneapolis at 12:40 o'clock in the afternoon.

He was greeted as he stepped from the train by Allan Tukey and Ralph Coak, president and vice-president of the Douglas county branch of the legion; John G. Maher, president of the American Legion of Nebraska; H. L. Williams and Ed. Westerstel of Lincoln; Dr. E. C. Henry, Frank Henry, Leo Bozell and other members of the Legion. A. A. Jackson, a colored man, who knew the elder Roosevelt in New York, was also among those who welcomed the younger man.

Leaves for Lincoln. Luncheon was hurried at the Athletic club and at 1:20 o'clock the party came from the club house and entered the automobile of Colonel Maher for the trip to Lincoln. Those who went were Colonel Maher, Edward Westerstel and H. L. Williams of Lincoln; Dr. E. C. Henry, Allan T. Tukey and Mr. Roosevelt. Mr. Roosevelt was accompanied to Omaha by Ed. Westerstel of Lincoln, who was sent to Minneapolis by Mr. Maher to escort Mr. Roosevelt to Nebraska. Knew Roosevelt in France. Colonel Maher knew Roosevelt well in France. He visited him while he was in a hospital in Paris and paid him off. Allan Tukey of Omaha served for a while in Colonel Roosevelt's "outfit" in France and knows him well also. Mr. Roosevelt left at 1:15 o'clock this morning for Des Moines where this evening he will address the first Iowa state convention of the American Legion, which opened in Des Moines yesterday. More than 1,000 world war veterans from Iowa reached the Hawkeye capital to attend the convention. A contest is on between Dubuque and Muscatine for next year's state convention. Matt Tinley of Council Bluffs is state chairman of the legion. Capt. James Norman Hall, Iowa's famous aviator, is attending the convention as a delegate from Colfax.

Luncheon at O. A. C. The party was hurried by automobile to the Athletic club, where

"Scott was murdered in cold blood," declared Rev. Thomas A. Taggart, pastor of the Bethlehem Baptist church. "I am at a loss to understand why the police commissioner does not do the right thing and suspend and investigate their unlawful and savage operations. This is the only course which would be followed in any other civilized community. "These detectives, who are guilty of numerous other assaults and depredations, are permitted to walk the streets of Omaha with deadly weapons in their pockets, ready to would take innocent human life. It is time to call a stop. Something simply must be done."

Another Meet Sunday. C. C. Galloway is chairman of the committee which is looking after the matter. A meeting of the association will be held Sunday, and is expected to pass resolutions denouncing Scott's murder, condemning the heads of the Omaha police department and demanding that immediate justice be meted out to those responsible for the bellboy's death. Copies of the resolutions will be taken to Mayor Smith and a direct demand will be made on the city's chief executive to exercise his authority, it was said, since Police Commissioner Ringer has seen fit to remain apparently unaffected by the affair. "We have little hope of Mr. republican, Idaho, and Smith, democrat, Arizona, were not present, but gave proxies. On the withdrawal reservation the vote was: For Adoption—Senators Lodge, Borah, Brandegee, Fall, Knox, Harding, Johnson, New and Moses, republicans, and Shields, democrat, against Senators McCumber, republican, and Hitchcock, Williams, Swanson, Pomerene, Smith and Pittman, democrats. Clause Allowing Withdrawal. A clause in the original reservation presented by Senator Lodge providing the United States may withdraw from the league unconditionally within six months, instead of at the end of two years, as provided in the treaty, was eliminated, 9 to 8, with the republican majority and Senator Shields voting to strike out the time limit amendment and Senators McCumber and Johnson joining six democrats in opposing its elimination. On the reservation concerning territorial guarantees and mandates all 10 republicans, except Senator McCumber, voted for its adoption and Senator Shields withheld his vote. Senator McCumber and the six democrats voted in the negative. All ten republicans including Mr. McCumber and Senator Shields voted for the reservations as to domestic affairs and the Monroe doctrine with the six democrats again in opposition. No vote was taken on the provision requiring acceptance of the reservations of Great Britain, France, Italy and Japan. Following the committee's action, democratic leaders reiterated predictions that all of the amendments would be rejected by the senate, but refrained from predictions of probable disposition of the reservations. Chairman Lodge said tonight that he would require several days to draft the majority report and that probably he would be unable to actually submit the treaty to the senate before the middle of latter part of next week. After the majority report is filed the committee provided that the democratic minority shall have three days to file their report. Actual senate deliberations on the constitution are not expected to begin therefore, before about ten days.

To meet these rumors the food ministry today issued a denial that any such intention existed.

Beautifully Curly, Fluffy Hair—In Three Days! Girls, have you tried the siltmerne method of curling your hair? It's simply grand! Gives you the most beautiful, natural-looking curls and makes the hair soft, fluff and glossy—and nothing harmful or bothersome about it. The curls will last the longest time in spite of heat, wind or dampness. You won't have to be continually fixing and fussing with your hair, it's foolish to singe and blister and deaden your tresses with a hot curling iron—and altogether unnecessary now. Liquid siltmerne is pleasant to use, being neither sticky nor greasy. Get a bottle from your druggist today, follow the simple directions—the first trial will make it your steadfast friend. The wavy effect appears within three hours after the application, though many prefer applying the liquid just before retiring. You will appreciate siltmerne equally as a dressing and hair preservative.—Ady.

Americans' Territory In The Rhineland Extended Coblenz, Sept. 4.—(By The Associated Press.)—Marshal Foch, the allied commander-in-chief, has decided upon the extent of the territory in the Rhineland to be held permanently by American forces. Its area will be twice as large as that which has been under American jurisdiction since the last combat division left for home.

1,000 PERSONS EXECUTED BY RUSSIAN REDS

Refugee Tells of Wholesale Massacres in Yekaterinoslav.

Constantinople (Via London), Sept. 4.—More than 1,000 persons were executed by the bolsheviks here after they evacuated the city of Yekaterinoslav in southern Russia, according to a dispatch received here from that city, giving a physician's account of the massacres. The physician was present at the opening of the pits into which the bodies of these victims had been thrown after their execution. This physician, a Dr. Robin, declares the victims heads had been crushed with hammers and their bodies badly mutilated. Many of them were found with broken legs and ribs, caused by blows with sledge hammers. The physician tells of the case of one officer who missed being struck by the firing squad's bullets and simulating death, escaped the bolshevik, who came along bayonetting the wounded. The bolshevik organizations in the city had been headed by a workman named Valiavka and various Chinese, the report adds and the principal posts of the soviet administration under them were in the hands of young men and women. Wholesale pillaging is declared to have occurred in the town before its evacuation.

... and at the New Willard and the Shoreham, Washington, D. C.

A fact: At these, the two leading hotels in the nation's capital, Army and Navy men, statesmen, leaders of industry and prominent men from all sections of the United States may be found in greater numbers, perhaps, than at any other hotels in the country. At the Willard, Fatima is by far the biggest-selling cigarette—which bears out, once again, what we have been saying all along about the nation-wide preference for this brand. This is even further borne out by the fact that at the exclusive Shoreham only one cigarette (a 25c brand) outsells Fatima. Lightly Tipped Tobacco. FATIMA A Sensible Cigarette. In spite of the fact that it is not a high-priced cigarette, Fatimas are smoked by more men who can afford what they like than any other cigarette in the United States—smoked for their pleasant taste and because they never disturb even though a man may smoke more than usual.
