

SUTTON A KEY HOLE 'PEEPER' SAYS WITNESS

Hotel Carlton Proprietor and Alleged Inmates of Disorderly House Are Discharged by Court.

Louis Renfrow, proprietor of the Hotel Carlton, arrested Sunday night, charged with the alleged keeping of an ill-governed house, was discharged in police court yesterday. Evidence brought against him by Detectives Paul Sutton, Herdina, Armstrong and Crawford was held to be insufficient.

The case of Miss Myrtle Connor and Bert Schroeder, charged with being inmates of a disorderly house, was continued.

Testimony at the hearing showed that the detectives raided the Hotel Carlton without a search warrant and only upon an alleged complaint that "gambling was going on." No evidence was found.

The detectives arrested Myrtle Connor and a companion, Axel Frodin, Stanton, Neb., whom they said they found in a room together. Frodin forfeited his bonds.

Testimony introduced at the hearing showed that the practice of peeping through keyholes into the rooms of hotels is commonly practiced by Detective Paul Sutton and his squad.

Famous Actress Tells How She Uses Derwillo to Beautify Her Complexion

New York—Miss Ethel Clayton, the clever young actress now successfully starring under the Paramount banner, is famous for her beautiful complexion. When her friends inquired about it she said: "It's all due to a toilet preparation called derwillo which I use twice daily. The experience I have had prompts me to make my secret public. This wonderful derwillo instantly beautified my skin and its continued use has made the results permanent." When Mae Edna Wilder, the well known beauty specialist, was interviewed in reference to Miss Clayton's remarkable complexion stated, "Anyone can have a beautiful complexion when they know how. It's a very simple process. I use the same article in my work and until you try it you have no idea of the marvelous results. The very first application will astonish you. Go to the toilet counter of any drug or department store and get a bottle of derwillo, then make the following test: Examine your skin critically before your mirror, note carefully its appearance, then apply derwillo as directed. After you have made the first application look in your mirror again and note the surprising change. A peach-like color mounts the cheeks; a baby softness comes to the skin; it makes the skin rosy-white, velvety and radiantly beautiful. It is wonderful for a dark, sallow skin, shiny nose, freckles, tan, oily skin, sun spots, coarse pores, pimples, blackheads, chapped, rough skin, ruddiness, wrinkles and many other facial blemishes. Derwillo method is absolutely harmless and will not produce or stimulate a growth of hair. It is superior to face powder, as perspiration does not affect it, therefore it stays on better. Thousands who have used it have had the same results as Miss Clayton, and I am sure if you will give it a fair trial you will become just as enthusiastic as I am and always use it in preference to any other powder or beautifier."

NOTE—When asked about Derwillo one of our leading druggists said, "It is truly a wonderful beautifier, away ahead of anything we have ever sold before. We are authorized by the manufacturers to refund the money to anyone who is dissatisfied, and we would not permit the use of our name unless the product possesses unusual merit." It is sold in this city under an iron-clad money back guarantee by all department stores and up-to-date druggists, including Sherman & McConnell, the Beaton and the Merritt Drug Co.—Adv.
