County commissioners have refused the request of Mr. Zimman cident occurred, and the veteran, for space in the court house for this at the last session passed a law which puts the municipal court in the court house.
"I have talked to the county com-

Besides, the city hall is crowded to suffication, while the court house has a large amount of space that could be occupied to much better advantage."

City commissioners declared that the Douglas county chapter of the Red Cross, has at present no adequate reason for occupying quarters n the court house.

The National League for Woman's Service also occupies commodious rooms in the court house. The municipal courts in the city nall occupy four rooms.

The free dental clinic for school children has recently taken up quarters in the city hall, further crowding that building.
