

New York, Sept. 11.—The physicians are now organizing a union. The Bronx Physicians' Federation, which has just been formed, claims a membership of over 200 physicians, and Wednesday a meeting of the doctors of East New York was held to launch the physicians' union of Greater New York.

"The physicians are up against it just as much as the average worker," declared Dr. Gertrude Greenstein, who is one of the leading spirits of the movement. "The public has no idea of the many problems which we have to deal with in order to make a fair living, and the time has come for us to get together and organize."

WIFE BURNS HIM WITH
HOT IRON; DIVORCED.

Chicago, Sept. 11.—Dr. George C. Talladay, former army surgeon, told Superior Judge Sabath that his wife, Mrs. Helena B. Talladay, a former movie actress and later a Red Cross worker, became abusive soon after their marriage and burned him with a curling iron. Judge Sabath granted him a decree.

SAY OVERTIME WAGES
MAKE CLOTHES COSTLY.

Chicago, Sept. 11.—Clothing manufacturers in addresses before the National Association of Retail Clothiers insisted that extra wages for overtime work limited production and kept costs high and declared there was no profiteering in their industry. Ludwig Stein asserted that the present average cost of a suit of clothes is \$48.50, which he predicted would be increased to \$62 for 1920.

"It took 13 years after the civil war to bring down prices, so how can we expect a big break in prices in six months after the world's war?" said Mr. Stein. "In order to bring down prices production must be increased, extravagance stopped and labor prices fall."

WIFE IN HAKEM;
WANTS TO GET HER.

Chicago, Sept. 11.—Telling officials at the federal building that he wanted to go back to Turkey to find his wife, who was sold into a Turkish harem five years ago, Isadore Derr Boghos, an Armenian, applied for a passport here Thursday. He also said he wanted to find his two children held in bondage somewhere in the Ottoman empire.

Boghos said that he was condemned to death by the Turks, but escaped into Russia and was placed in a Russian Y. M. C. A., but coming in contact with British soldiers and learning English, he heard that his young son had been rescued from his home in Armenia by an American relief society and had been taken to Chicago.

Boghos made his way here and found his son. Now he wants to go back to Turkey and hunt for the other members of his family.

PREFERS HERO'S KISS
TO CROIX DE GUERRE.

New York, Sept. 11.—"I'd sooner have one good kiss from General Pershing than the croix de guerre," averred Kitty Dalton, the pretty daughter of a volunteer flower girl, who received the osculatory salute from the general after she had presented him with a bouquet in front of St. Patrick's cathedral during the parade Wednesday.

"No, he didn't kiss me on the cheeks, either," she added. "He gave me a real kiss on the cheek. Of course, I have been kissed many times before, but General Pershing was more expert at it than any of the others. The man I marry will have to show me that he can kiss as nicely as General Pershing."

PRESIDENT EXTENDS
MERCER GREETING.

Special President Wilson's Special Train, Livingston, Mont., Sept. 11.—A welcome to the United States was extended to Cardinal Mercier Thursday, by President Wilson, telegraphing to New York in response to a message of greeting sent him yesterday by the Belgian prelate.

"Remembering your kind visit to Malines," Cardinal Mercier telegraphed, "I beg to express to you my respectful and cordial greetings on landing on American soil."

Mr. Wilson replied:

"May I not bid you a most cordial welcome and extend to you my warm personal regards. I shall look forward with the greatest pleasure to greeting you in person."

GERMAN-AMERICAN
WISHED TO BE A DON.

Chicago, Sept. 11.—Charges that Count Oscar Bopp von Oberstadt, son-in-law of the late millionaire brewer, Peter Schoenhofen, had written a letter to King Alfonso of Spain, applying for Spanish citizenship because of the "black ingratitude of a number of German people toward their rulers shortly before and at the conclusion of the armistice," were filed Thursday by Francis P. Garvan, alien enemy property custodian.

The letter was written to the king November 2, 1918, prior to Von Oberstadt's filing application for citizenship in the United States, according to Mr. Garvan, and incidentally the request for Spanish citizenship was rejected. Von Oberstadt is waging a legal contest to prevent Mr. Garvan from disposing of more than \$1,000,000 of stocks from the Schoenhofen estate.

PERSHING STANDS TO
LOSE SOME "SALARY."

Washington, Sept. 11.—Somebody made a mistake in General Pershing's new commission, Chairman Kahn of the military committee told the house Thursday, which might cost the general some of the pay and allowances carried with the new title.

While congress made him a "general of the armies of the United States" the War department made him a "general in the regular army."

The experts are now looking for a way to unwind the tangle and still leave it technically correct.

SHIPS SEND OUT S. O. S. CALLS

WANTS U.S. ARMY OUT OF RUSSIA

Senator Johnson Tells Crowds in Indianapolis That American Boys Should Not Have to Fight Europe's Wars.

HIGH COST OF LIVING BLAMED ON WILSON

President Had Neither Time Nor Inclination to Treat With Problem at Acute Stage, Legislator Says.

Indianapolis, Sept. 11.—(By The Associated Press.)—Senator Hiram W. Johnson of California was enthusiastically received here tonight by a crowd which filled the largest hall in the downtown section of the city in the second address of his speaking tour through the middle west to oppose ratification of the league of nations covenant by the United States senate. The mass meeting was arranged by a non-partisan citizens' committee.

In introducing Senator Johnson, Henry Lane Wilson, former United States ambassador to Mexico, said: "Like the late Col. Theodore Roosevelt, Senator Johnson calls things by their right name."

You're Right Johnson. There were cries of "you are right; you are right" when Senator Johnson insisted that American troops should immediately be brought back from Russia. He was frequently interrupted in the course of his attack on the league of nations by the cheers of the crowd.

Senator Johnson began with this declaration:

"I am here and you are here because Americanism still lives."

"President Wilson has said the league was being opposed by little Americans," he said. "I confess I am a little American, but I am all American."

"Our soldiers, who won the war, fought for America, for you and for me and not for any league of nations. Friends of the league admit it is imperfect, but say we must try it because it is the only league of nations presented. Under that theory I suppose if we had but one egg and that egg was rotten, we ought to eat it because it was the only egg we had."

Poison Public Mind.

He referred to the official propaganda issued by the national administration at Washington and added:

"They pick the taxpayers' pockets to poison the public mind."

When he asked the crowd if it favored the league there were loud shouts of "no."

The audience laughed when the speaker referred to William H. Taft as "a distinguished ex-president whom many respect but none follow."

Senator Johnson left at midnight for St. Louis, where he delivers two addresses tomorrow.

"President Wilson adds to his fearsome harsh name appeals to our material interests and even taxes the two months that the league and treaty have been before the American people and senate with the high cost of living," said Senator Johnson.

He conveniently forgets the eight months he spent abroad, secretly pledging our resources and our manpower to European and Asiatic governments.

The two months of discussion by our people and our senate in the open of what he discussed secretly for eight months has had, of course, no bearing upon, and the reasonable discussion in the future cannot possibly affect, the high cost of living.

"If any single individual can be charged with responsibility for the high cost of living, that man is Woodrow Wilson. The living costs in December and January last were substantially what they are today. Mr. Wilson then had exactly the same laws he now invokes. He had

(Continued on Page Two, Column Three.)

Philippine Islands to Renew Efforts to Gain Independence

Manila, Sept. 11.—Renewed efforts to obtain independence for the Philippine islands will be made next year by a Filipino mission which will visit the United States and lay before the national conventions of the republican and democratic parties the matter of inserting independence planks in the party platforms. Announcement of the proposed action was made here Thursday. A Filipino mission recently returned home after unsuccessful efforts to have congress declare the independence of the islands.

The new mission, which will be headed by Manuel Quezon, territorial delegate to congress, will leave here next February. Quezon also was spokesman for the first mission.

AMERICAN LEGION EXTENDS WELCOME TO GEN. PERSHING

Ten Thousand Do Honor to American Commander-in-Chief at Reception.

New York, Sept. 11.—"The American legion welcomes you, General Pershing, on account of your potential usefulness for the present and the future."

With these words Col. Luke Lea, former United States senator from Tennessee, turned with outstretched arms toward General Pershing at the legion's mass meeting and reception to him in Madison Square Garden tonight and bade him welcome home in the name of the organization.

Ten thousand men and women, members and guests of the legion sprang to their feet and cheered as General Pershing arose to speak. The uproar continued for several minutes.

It was the culminating event of a full day for the general. He departs for Washington tomorrow morning.

Praises American Legion.

In his address General Pershing said he was "glad to encourage the American legion as long as it stands for true Americanism—as long as it keeps its skirts free and clear from petty politics."

"And with that understanding," he continued, "I shall be glad to encourage it in every way. The American Legion should cherish and foster the lessons in patriotism which have been brought home to the American people during the last two years."

"This organization possesses great advantages for the display and exercise of the same patriotism with which its members have been imbued in their service abroad and at home and it is the hope of all of us who are interested in the welfare of this organization that you enter it with the same integrity of purpose with which you conducted yourselves in the war."

"Our country is founded on laws and not men and it should be the purpose of this organization to stand on government by law based upon the principles of the constitution. I should deplore it if there were any chance of the American Legion becoming a political tool in the hands of political aspirants."

Visits Mrs. Roosevelt.

Oyster Bay, N. Y., Sept. 11.—General Pershing paid a brief visit to Mrs. Theodore Roosevelt at Sagamore Hill Thursday morning. He expressed his deep sympathy with Mrs. Roosevelt, not only in the loss of her husband, but in that of her son, Quentin, during the war.

WILSON SCORES
BOSTON POLICE
FOR WALKOUT

Deprecates Their Quitting Posts and Leaving City to Lawless Element.

Helena, Mont., Sept. 11.—President Wilson in his address here Thursday evening scored Boston police for striking and leaving the community at the mercy of thugs. He said:

"I want to say this, that a strike of the policemen of a great city, leaving that city at the mercy of an army of thugs, is a crime against civilization. In my judgment the obligation of a policeman is as sacred and direct as the obligation of a soldier. He is a public servant, not a private employee, and the whole honor and safety of the community is in his hands. He has no right to prefer any private advantage to the public safety."

"I hope that that lesson will be burned in so that it will never again be forgotten, because the pride of America is that it can exercise self-control."

Two Days Amnesty
Is Granted Mexican
Political Refugees

El Paso, Tex., Sept. 11.—For the first time since the outbreak of the revolution in 1911, Mexicans of all shades of political belief will have opportunity safely of visiting their native land on independence day, September 16.

The invitation to the political exiles came through Camilo L. Argueta, president of the Patriotic Society of Juarez, who has prevailed on the higher authorities to grant a two-day amnesty to his banished countrymen to enable them to participate in the celebration at Juarez. Americans also are invited and the United States immigration authorities have been asked to modify the passport regulations so as to permit free intercourse across the Rio Grande on Monday and Tuesday.

"We want more fraternalism and less friction on the border," said Argueta today, "and Independence day is a glorious opportunity for a grand get-together. Americans and Mexicans on both sides of the river should fraternize. Our own factions should forget their differences and live in peace. There is no sense in the strikes and banditry that is wrecking our country."

GUARDS ON PATROL IN WAR GARB

Twenty-Year-Old Youth Shot and Killed When State Soldiers Raid Dice Game in City of Boston.

MACHINE GUNS MOUNTED AT POLICE HEADQUARTERS

Shopkeepers Supplement Police and Military Protection by Barricading Windows as if to Withstand a Siege.

Boston, Sept. 11.—(By The Associated Press.)—The death toll in lawlessness following the calling of Boston's police strike Tuesday reached five tonight when Henry Groat, 20 years old, was shot and killed during a raid by state guardsmen on a dice game in the Jamaica Plain section. Two other men were wounded in the raid.

The sixth and seventh deaths occurred late tonight when Richard D. Reents, a striking policeman, who was shot this morning, succumbed to his wounds, and Robert Lallie, who was shot last night, died at a hospital.

About 50 persons are being treated in hospitals for injuries received in riots.

The shooting occurred after some of the players and spectators had refused to leave the place. They were ordered to move on and when they failed to budge, the guardsmen fired.

With Governor Coolidge as commander-in-chief of the state's forces, in complete charge of the situation, the city tonight took on a warlike appearance. Six machine guns were mounted at police headquarters and troopers wearing "tin hats" by order of Adjutant General Stevens, patrolled the streets. The order followed injury of several soldiers by flying missiles.

Meanwhile shopkeepers, supplementing police and military protection by means of their own, barricaded the windows of their places of business, as if to withstand a siege. Boards were nailed in front of the glass to protect it from the assault of bands of hoodlums who have been roaming the streets.

Fight to Finish.

A fight to the finish between the constituted authorities of state and city and the labor unions was indicated by developments in the strike today. While Governor Coolidge was exercising his authority Mayor Peters was making it plain to labor leaders who visited city hall that the policemen's union would not be recognized.

The labor men were firm in their insistence that the police be permitted to affiliate with the American Federation of Labor and offered to guarantee that the police never would be called out on a sympathetic strike.

Fear Further Strikes.

The possibility of a strike of carmen, telephone and electrical workers and industrial employees was serious. What gave the authorities the greatest cause for anxiety, however, was the danger that the firemen might join in the movement.

It was recognized that this would place the city in the gravest peril. A ray of hope was seen in the declaration of the president of the firemen's union that he would not take the responsibility for a strike unless authorized by the American Federation of Labor.

Governor Coolidge in taking personal charge of the policing of the city pointed out that his obligation under the constitution compelled him to take this step, in view of the fact that the entire state guard has been called out for police duty. He directed Police Commissioner Curtis to obey only such orders as came from him and asked for the co-operation of the public.

The central labor union, which met tonight to consider the advisability of calling a general strike in sympathy with the Boston police adjourned without taking definite action. A secret poll was taken and those affiliated unions which have not yet voted separately on the question of going out in sympathy were ordered to vote as soon as possible and report to the central labor union committee, which was empowered to take any action deemed necessary.

Shayler Consecrated
Bishop of Nebraska;
Takes Office Sept. 21

Seattle, Sept. 11.—Dr. Ernest Vincent Shayler, Seattle, was consecrated bishop of Nebraska here Thursday. Episcopal churchmen from many northwest cities were present.

Bishop Shayler expects to be inducted into his new office in Omaha September 24.

The Traveller—"Just renewing acquaintances"
The West—"Oh, I remember you. It was you who 'kept us out of war'—until after election"

COMPLETE PLAN FOR DRIVE TO AID STARVING JEWS

Omaha Quota of \$35,000,000

Fund is \$175,000—Hebrew

People of City Guarantee \$75,000.

More than 30 of the most prominent Jews and Gentiles of the city forgot racial and religious differences when they met last night in the council chamber of the city hall to perfect plans for raising \$175,000 in Omaha to relieve suffering and starvation among 6,000,000 Jews in Poland, Russia, Galicia and Roumania.

The nation-wide campaign for \$35,000,000, of which the Omaha quota is \$175,000, begins Monday and will continue throughout the week.

According to the plans of the committee, of which William Holzman is acting chairman and George Brandeis secretary, the Jewish residents of the city are expected to aid their suffering brethren in the war-torn nations of Europe to the extent of \$75,000. Gentiles of the city are expected to contribute the remaining \$100,000. The quota for the state is \$400,000.

A meeting of all Jews of the city is planned for next week. The date will be announced by the executive committee.

For the first time in the history of the city, according to H. A. Wolf, prominent realtor, Jews are seeking the aid of other creeds and races in raising the money. Jews raised more than \$10,000,000 annually in the four years prior to 1919. This year the amount was found to be insufficient and was raised to \$35,000,000. As Jews alone are unable to raise this vast sum, they are requesting the co-operation of others.

Congress to Present
Pershing With Sword
at Joint Session

Washington, Sept. 11.—The house passed a special resolution late Thursday setting 2 p. m. September 18 as the time for the joint session of congress to receive General Pershing. A sword of honor will be presented.

VALLEY STATION RAIDED BY THREE MASKED BANDITS

Robbers Escape in Auto—Thought to Have Headed for Omaha.

Three masked bandits held up the operators in the Union Pacific station at Valley about midnight last night, looted the cash drawer of \$37.35 and escaped in a high-powered automobile. They are thought to have headed for Omaha.

A sheriff's posse was immediately organized and Omaha police notified. Detectives were sent from Omaha in an endeavor to intercept the car.

Three strange young men were noticed loitering about the station during the evening, but did not arouse the suspicion of the employees. When the telegraph operators changed tricks two men entered the station and at the point of guns ordered the operators to turn over the money in the cash drawer. The operators, R. C. Smith and A. A. Stoddard, complied and the bandits backed out of the building.

A third bandit was stationed outside of the building, and when Conductor McKenna of a freight train in the yards approached the building he drew the money in the cash drawer. "Beat it, and beat it fast," the conductor hurried to spread the alarm, but the bandits were gone when he returned with assistance.

The bandits were recognized as the same men who were around the building during the evening.

Report Favorably on
Alaska Railway Bill

Washington, Sept. 11.—Favorable report without amendments Thursday was ordered by the senate territories committee on the house bill appropriating \$17,000,000 additional for the completion of the Alaskan railroad.

The committee also acted favorably upon a bill authorizing the city of St. Petersburg, Alaska, to sell bonds for the construction of a light plant and school building.

Plebiscite Will Be Used to
Settle Pole-Czech Dispute

Paris, Sept. 11.—A plan for the settlement of the question of the Teschen mining district, in dispute between Poland and Czechoslovakia, was adopted by the supreme council at today's session. It was agreed that a plebiscite be taken in the district.

BIG WELCOME IN OMAHA PLANNED FOR SEN. BORAH

Interest in Visit of Idaho

Statesman Today Increasing—Huge Crowd Expected at Auditorium.

When Senator William E. Borah steps on the stage of the Auditorium this evening to deliver an address on "The League of Nations," he will face one of the largest gatherings ever assembled in this building, according to predictions of the promoters of the event.

According to information received yesterday, Senator Borah left Chicago, where he formally opened his tour of the country in opposition to the adoption of the peace treaty containing the league of nations, late yesterday afternoon. E. A. Benson received a telegram last night announcing that Mr. Borah would arrive in Omaha at 3 o'clock this afternoon.

Does Not Mince Words.

The reputation of the senator as a leader in the United States senate is known in Omaha, and his manner of expressing his convictions without mincing words, is likewise a matter of general knowledge.

The filing of the majority report of the foreign relations committee in the senate Wednesday, adds considerable zest to the Borah meeting here. It is expected that Senator

(Continued on Page Two, Column Six.)

Thousands Pay Tribute
to Dead Labor Leader

New York, Sept. 11.—The body of John Mitchell, formerly president of the United Mine Workers of America and chairman of the New York state industrial commission, who died here Tuesday, was taken to Scranton, Pa., in a special car Thursday over the Lackawanna railroad, where the funeral will be held Friday.

Thousands of men and women interested in the man whom Theodore Roosevelt once characterized as "pre-eminent in the field of union labor" and who helped settle the anthracite strike of 1902, paid silent tribute to his memory at a Broadway funeral church, where the body lay in state Wednesday night and Thursday.

SURVIVORS OF 1 WRECK PICKED UP

Ship's Boat Containing 45 Persons Rescued Off Florida Coast, According to Wireless Report.

EFFECTS OF HURRICANE BEING MADE KNOWN

Communication Ceases Suddenly With Third Vessel That Sends Out Distress Signals Off Cuba.

Havana, Sept. 11.—A ship's boat containing 45 persons was picked up today off the Florida coast, according to the wireless operator on board the steamer Dade County, which arrived here from Progresso. He reported having received a wireless message to this effect from the steamer Lake Ledaner, bound for New York. The name and nationality of the vessel from which the people came was not stated.

The Dade County's operator received distress signals from the steamers A. E. Bedford and Kempa off the Cuban coast and also from an unknown bark saying it was badly damaged and with which communication suddenly ceased.

The whereabouts of the Spanish liner Valherna is still unknown.

Sweeping Northwestward.

New Orleans, Sept. 11.—With its center about 200 miles south of Pensacola, Fla., the gulf hurricane which swept the Florida Keys with considerable damage to property in the vicinity of Key West and great loss to shipping, was sweeping northwestward late tonight toward the Texas coast. The weather bureau tonight issued storm warnings for the eastern coast of Texas, from Port Arthur to Velasco.

Interruption of all communication in the vicinity of the hurricane's path made it impossible for weather bureau officials to locate the storm center exactly, or to estimate the speed at which it was moving.

Barometer Drops.

Barometer readings at New Orleans and Mobile showed a decided drop during the 12 hours ending at 7 o'clock tonight. Notwithstanding the warnings, 10 vessels bound from New Orleans for other ports entered the gulf tonight.

A number of persons from exposed places along the Mississippi sound reached Mobile late today to escape the storm.

Dispatches from Tampa said the highest tides recorded along that section of the gulf coast since 1884, overflowed a number of low lying islands today.

Key West Guarded.

Key West, Sept. 11.—Key West was placed virtually under military rule today when sailors and soldiers were detailed to assist the police in guarding the city's storm devastated areas. Forces of men were put at work today clearing away the debris strewn in the streets by Tuesday's hurricane.

The government has opened a commissary where necessities may be purchased. Street car service has not yet been restored.

The cigar factories alone were damaged to the extent of more than \$1,000,000 and great numbers will be thrown out of employment for three or four weeks.

Only two persons were reported to have been lost in the storm.

Officer and Robbers
Killed and Wounded
in Holdup of Bank

Tulsa, Okl., Sept. 11.—Deputy Sheriff W. T. Beasley was killed and two unidentified bank robbers were mortally wounded at Red Fork, three miles south of here, Thursday afternoon, when they attempted to rob the Red Fork State bank.

Denies Change in Policy
to Evacuate North Russia

London, Sept. 11.—Winston Spencer Churchill, secretary for war, in a statement denies that there has been any change in the British policy to evacuate north Russia.

Evacuation, however, had been retarded, owing to the necessity of bringing away many Russians who are in danger of their lives, as well as women and children.

Mr. Churchill admits that it will be impossible to effect a junction with Admiral Kolchak before winter. He denies that British troops are employed or that the British government has accepted any responsibility in operations against Petrograd.
