A FTER a most delightful three months' South American trip Mr. and Mrs. Howard Baldrige and Mrs. Ronald Patterson arrived in Omaha Thursday morning. The Omahans were the guests of Col. and Mrs. William Garland of New York City and their route included a course from New Orleans to Cen-tral America, spending several days in Panama and coasting down the west side of South America, stop-ping for visits at all the large cities. A more delightful summer has never been experienced by the Omaha matrons and they are most enthusiastic about their unusual experiences. They did not come west mmediately upon their arrival on home shores, but spent a month in New York and Atlantic City. Mr. Skinner's the Best and Mrs. Baldrige are at the Fon-

Famous Actress Tells How She Uses Derwillo to Beautify Her Complexion

MISS ETHEL CLAYTON.

New York—Miss Ethel Clayton, the aver young actress now successfully tharring under the Paramount banner, is famous for her beautiful complexion. When her friends inquired about it she said: "It's all due to a toilet preparation called derwillo which I use twice daily. The experience I have had prompts me to make my secret public. This wonderful derwillo instantly beautified my skin and its continued use has made the results permanent." When Mae Edna Wilder, the well known beauty specialist, was interviewed in reference to Miss Clayton's remarkable complexion stated, "Anyone can have a beautiful complexion when they know how. It's a very simple process. I use the same article in my work and until you try it you have no idea of the marvelous results. The very first application will astonish you. Go to the toilet counter of any drug or department store and get a bottle of derwillo, than make the following test: Examine your skin critically beautifier, away ahead of anyeling test: Examine your skin critically beautifier, away ahead of anyeling test: Examine your skin critically beautifier, away ahead of anyeling test: Examine your skin critically before your mirror, note carefully its appearance, then apply derwillo as directed. After you have made the first application look in your mirror again and note the surprising changs. A peach-like color mannts the checks: a baby softness comes to the skin; it makes the skin rosy-white,

Heart Beats By A. K.

This world

Is a miserable Mess of a place-Or a Garden of Eden Or Paradise. It's a Hell Or a Heaven According to moods And wild notions-Caprices uncivilized May turn us Frem loving to hating-Or hating to loving All in a day. The shell pink Of morning At noon May be flaming With rage and destruction Who knows-Civilization! What is it, pray— There is no such thing— Just allies and enemies. In social clubs And politics-The golf links And the parlor tricks Alike have their small Opposites to play Upon this savage stage-Capital And labor Are fighting madly-Each convinced That the other's at fault-

While love flies 'round The flowers of passion-Sipping sweets From the lotus blooms Or flirting with poppies-Oh dangerous blossoms! Love would be safe Were it not for sin-Sin would be dull Were it not for Love-And all would be sane Were it not For temptation-But Life would be stupid Without the savage Tinge to the game. Civilization is coming The optimists tell us-When a man's word Will suffice for his bond

They do teach us reason And system for thinking But spirit vibration None can control-It scatters and ruins Our best rounded intentions For a more neutral life And a saner belief. Civilization's superior To our half-caveman system And it may be coming-But not in this era When chaos is king-When emotions are stilled Perhaps-And love is no longer-When hatred and enthusiasm

Are blend d together-When sin loses its flavor And battles are over-When enemies and allies Embrace The Fair Goddess Neutrality-

And when cold old Reason Is ruling the world. SELAH!

For so early in the season there are a great number of fall clothes worn, the tendency seeming to be toward getting into new frocks and hats rather earlier than usual.

Velvet evening gowns are much worn, the orchid seeming to be the favored shade.

Anyone Now Can Have Pretty Curls and Waves

Here's a hair curling secret that is decidedly "worth while." At bedtime apply a little liquid silmerine with a clean tooth brush, drawing this down the hair from root to tip. In the morning when you look in your mirror you will be astonished and delighted to find your hair has dried in as beautiful curls as you've ever worn. The waviness will look so natural no one will guess it was artificially acquired.

natural no one will guess it was artificially acquired.
You can obtain liquid silmerine at any drug store and a few ounces will last a long time. It is neither sticky nor greasy and is pleasant to use. It is doubly useful because of also serving as a beneficial dressing, keeping the hair soft and lustrous. After one trial you will never go back to the barbarous curling iron.—Adv.
