"Gets-It" Peels Your Corns Right Off

Two Drops Will Do It Without Fuss or Trouble. Never Fails. There's only one way to get rid of a corn, and that is to peel it off as you would a banana skin.

There's No Corn "Gets-It" Will Not Get. It is because of this fact that "Gets-It" is today the biggest seller among corn-removers on the planet. It means the end of "corn-fiddling".

Advice to the Lovelorn

Love Comes Unbidden and, "To Love or Not We Are No More Free Than the Ripple to Rise and Leave the Sea."

By BEATRICE FAIRFAX

A Man's Opinion. Dear Miss Fairfax, Omaha Bee: Just a few words in regard to the self-designated "Innocent," whose letter recently appeared in your column.

As far as "Innocent" himself is concerned, he is evidently a cad, and if his escapade has not resulted in the girl's getting in trouble, he probably is in the back end of some pool hall boasting of his conquest.

The letter signed "Just a Girl" seems to contain the views of a clean, broad-minded girl, willing to face the ugly things of life without prudishness, but she does not understand that there must always be a double standard of morals, for the reason that nature has imposed a penalty upon women, to wit: That when a woman goes wrong and gets into trouble she bears visible evidence of her wrongdoing.

The matter of upholding the morals of the world is now and always has been up to the women. If a woman has to put up a double fight—against herself and against the man (as your correspondent says), then she should be very careful not to allow liberties at the start, as the most hardened libertine will desert when informed that his conduct is offensive.

Another thing, the majority of girls are crazy over the life "Innocent" who probably has pretty manners, nice clothes, can lie to a girl and make her think she is the prettiest girl in the world.

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any drugstore can supply you with Zemo, which generally overcomes all skin diseases. Eczema, itch, pimples, rashes, blackheads in most cases give way to Zemo.

No Bird for the Cage. Dear Miss Fairfax, Omaha Bee: I thought I'd be foolish to get married as long as I did not have a home. I thought—get the cage first and then the bird.

But now I have a house and home of my own and find that all the girls of my age are married around here. So the question is, how will I find a wife? Put an ad in the Bee for one?

Are you man or woman, oh, mysterious one? From your physique I should judge the sterner sex, but from your handwriting I should imagine the feminine persuasion.

Keep Him Guessing. Dear Miss Fairfax, Omaha Bee: I am 16 years old and have been going with a young man, 21 years old, for about six months.

OF INTEREST TO WOMEN. In some parts of Switzerland shepherd girls wear men's clothes. In Siam, where old maids are unknown, as all girls marry, the recognized length of an engagement is one month.

It is the popular belief that, because of the celebration of Queen Alexandra's Rose day, the rose is Her Majesty's favorite flower. This is not so, however.

Milady's Vogueish Fan

By ELEANOR GUNN.

Dancing has become such an every day business instead of an event to be planned for long before and dreamed of long afterward, that it has come to be treated with the scant ceremony we reserve for the people and things of our every day existence.

Fans and gloves in the serious recent years, were relegated to the past. Nobody dreamed of carrying fans, probably because in between the occasional dances one knitted busily instead of flirting with a fan.

Little by little, as the war clouds have rolled away, the coquetry and charm of the fan has been restored to our lives.

It is rather difficult to reconcile the typically busy modern woman with the picturesque clothes worn by the favorites of the court of Louis XVI. It is this period of French history which is being given as the fountain head of inspiration.

Keep Him Guessing. Dear Miss Fairfax, Omaha Bee: I am 16 years old and have been going with a young man, 21 years old, for about six months.

pervaded the atmosphere. The \$3,200 went in various and sundry directions away from the pockets of the faithful clerks who had the right naturally of recognition.

Young fellows from the district who had never pushed a pencil, even female relatives who hitherto had done nothing in the way of clerical work developed an intense desire for office life.
