

NEBRASKA CODE BILL APPROVED BY GOVERNORS

Copies of Gov. McKelvie's Address on New Form of State Government Sent to Other States.

(By a Staff Correspondent.)
Lincoln, Sept. 12.—(Special).—Copies of Governor McKelvie's address on the code bill before the governors' conference at Salt Lake City will be mailed by the association to every governor in the United States.

Secretary M. C. Riley of Wisconsin has written Governor McKelvie two letters indicating the association's intention to see that each state is given an opportunity to pattern its government along the lines of the new order in Nebraska. The letters follow:

Madison, Wis., Aug. 26, 1919.—Mr. Philip F. Brass, Secretary to Governor, Lincoln, Neb.: Governor McKelvie sure added a whole lot to the governors' conference. His talk on the "Consolidation of Administrative Commissions" was mightily well received and created a very unusual interest. In fact, such an interest that the governors present deemed it highly important that a copy of the address be forwarded to all governors, members of the different state legislatures, the press, etc.

M. C. RILEY, Secretary.
Madison, Wis., Sept. 10, 1919.—Gov. S. McKelvie, Lincoln, Neb.: Is there anything I can do to help you get our address delivered at the recent conference before the Governors and others? Do you not think it well to send copies of the address to the American Political Science association and perhaps to the American Political Economy association?

I am anxious to be of service to you in getting before the people the good work accomplished by you, by way of changing the old order of things in Nebraska to a new and better order. With kindest personal regards, I am, sincerely and cordially yours,
M. C. RILEY, Sec.

To Compel Telephone Company to Adopt Uniform Accounting

Lincoln, Sept. 12.—(Special).—Assistant Attorney General Hugh Lamaster, in charge of railway commission affairs, was in Plattsmouth today filing a suit in the district court asking a mandatory injunction to compel Murdoch, Neb., Telephone company to install a uniform system of accounting.

This is the first case where the commission has appealed to the court to enforce the adoption of the new system, which some of the other smaller companies of the state are reluctant about installing on the ground of the cost of maintaining it.

The commission takes the view that the hit and miss bookkeeping of the average small company leaves it impossible to determine how company funds are disbursed, when the question of adequate rates comes up before the state body, and has ordered that all companies put in the uniform method.

The commission has also promised companies in poverty straits to see that they get rates adequate to meet the cost of the system.

Ask Street Railway to Extend South Side Line

Lincoln, Sept. 12.—(Special).—The state railway commission has asked the Omaha and Council Bluffs Street Railway company if it would be willing to extend its lines eight blocks without a formal order to make requests for service from the Giles Improvement club, in the southern part of South Omaha, where it is shown the neighborhood is thickly populated.

The commission points out that the company has a 2-cent increase in fares since the first request for an extension was turned down on the plea of poverty.

NATURALIZATION RESTRICTIONS ORDERED LIFTED

Former Subjects of Central Powers May Now Become Nationalized Residents of the U. S.

Washington, Sept. 12.—The commissioner of naturalization has issued instructions that the act of May 9, 1918, which placed restrictions on enemy aliens during the war, is no longer operative to prevent the naturalization of former subjects of the central powers. Cases suspended under this law now may be completed, unless there are specific objections to individuals and unless the applicant deferred taking steps toward naturalization within the two-year period preceding the war, such cases being subject to presidential exception.

Operations Resumed by American Potash Company at Antioch

Lincoln, Sept. 12.—(Special).—The plant of the American Potash company at Antioch, one of the largest in western Nebraska, after having been closed since last November, according to announcement made by President W. E. Sharp of this city.

Chemists have been working at the potash plants during the entire summer, devising a process whereby the cost of production could be reduced and the Nebraska plants enabled to compete with foreign shipments of potash. Recently Mr. Sharp, representing the Nebraska potash interests, disposed of the entire output of the plant which had been stored, with the stores held by the other plants.

Just as soon as men can be found, the force will be increased to the maximum of 200 employees, Mr. Sharp said. The Western Potash company of which Mr. Sharp is also the head, has completed preparations to reopen its plant and will resume work shortly, he said.

Railroad Says Pop Bottle Nearly Killed Employee

Lincoln, Sept. 12.—(Special).—The Northwestern railroad, complaining that one of its employees was nearly killed by the explosion of a "pop bottle," is asking the commission to order all cases of pop to be covered. If the prevailing practice is to ship them open the commission will not interfere, otherwise the closing order will be approved.

Trade Union Congress Severely Criticizes Churchhill for Stand

Glasgow, Sept. 12.—A slashing indictment of Winston Spencer Churchill, the secretary for war, for his declaration of yesterday regarding the delay in the evacuation of north Russia by British forces, was delivered by James Henry Thomas, labor member of Parliament, at the resumption of the sessions of the trades union congress here today. Mr. Thomas moved a resolution demanding that the troops be withdrawn from Russia.

Secretary Churchill, said Mr. Thomas, had not answered the recent indictment by Lieut.-Col. Sherwood Kelly, a volunteer officer in the north Russian relief force, that British lives were being thrown away in the Archangel region, but, on the contrary, the secretary had threatened to punish the colonel.

The congress enthusiastically adopted the Thomas resolution, which, besides demanding the immediate withdrawal of the troops from Russia, demanded the repeal of the conscription act. It provided for the taking of decided action if necessary should the demands not be satisfactorily met.

Canada and South Africa Ratify German Peace Treaty

Ottawa, Sept. 12.—The House of Commons assented without reservation today to the treaty of peace with Germany. Both houses of parliament and notification to this effect was forwarded immediately to the British government.

Capetown, Sept. 11.—The House of Assembly of the union of South Africa has ratified the peace treaty. Premier J. C. Smuts said he did not ask the house to approve, but merely to ratify the peace treaty. The Germans had been told that if there were parts of the treaty which could not be carried out they had the means of obtaining modification in the league of nations. General Smuts defended President Wilson's signature of the treaty, but said regarding his 14 points. He said President Wilson had done most of all towards restoring peace.

Police Say Man Swindled Farmer by Blackmail

UNION CAFE PUTS LIGHT ON PRICES OF OTHER PLACES

Serves High Quality of Meals and Makes Reasonable Profit at Cut Rates.

White food prices in the various Omaha restaurants and hotels continue to advance, the newly established co-operative restaurant, 1415 Harney street, which is being conducted by the striking cooks, waiters and waitresses, is feeding hundreds of Omahans at prices which are approximately 50 per cent lower than those of its competitors.

The average meal in the union cafe costs from 25 to 40 cents. The cost of the best meal served at this restaurant Thursday afternoon was but 45 cents. With each meal an order of potatoes, vegetables, coffee, bread and butter is served. All employees of this place receive the union scale of wages, which range from \$15 to \$35 a week, much in excess of the salaries received by employees of other restaurants.

Open Night and Day.
According to William Sweeney, business agent and secretary of the union, a legitimate profit is being realized by the union from the operation of this cafe. More than 1,200 people were served Thursday afternoon and evening. About \$300 was realized.

Comparison of Prices.
Because of the success with which the project is meeting, it has been decided by union officials to continue the operation of the restaurant night and day.

A permanent force of waiters, waitresses and cooks has been appointed from the ranks of the strikers. Charles McKee has been appointed manager of the restaurant.

Some Prices Extortionate.
When asked how it was possible to realize a profit while selling food at such low cost when other restaurants and hotel proprietors were protesting that no profits existed in the business, Mr. McKee stated that prices for meals at other restaurants were no doubt extortionate.

"I know one man personally," he declared, "who started into business with practically nothing. He conducted a small restaurant in one year he had realized \$35,000 profits and now he is operating many restaurants."

In many instances the profit realized from the operation of restaurants has been far greater. "We could sell our meals at a still lower cost were we able to purchase in as large quantities as do many other restaurant men and pay the same low wages," he concluded.

Superior Quality Meals.
All strikers are being fed without charge at this restaurant. According to many Omahans who have dined in the new cafe the food is of a superior quality and well cooked.

More restaurants conceded the demands of the union Thursday, making a total of 18 restaurants which have settled up since the beginning of the strike nine days ago.

Hog Prices Here Advance From 25 to 50 Cents

Hogs recovered Friday morning from the steep decline of the last two days and advanced from 25 to 50 cents per 100 pounds. Activity among eastern buyers and shippers and small receipts, are given as the cause.

An advance of 50 cents was also recorded on the Chicago market.

"BEAT TIME" Until Saturday, Then Come to the Greater Bowen Store and BUY YOUR MATTRESS

If you do, you will be "beating" the average high cost of living by several dollars on your purchase, and receive in return a Value-Giving Mattress that will give you years of service and satisfaction.

Some 800 Mattresses will be offered on the above day, and the prices at which they are marked are much less than you would be paying were it not for the fact the Bowen store is ever offering quality merchandise for the home at prices within the reach of one's buying power and judgment.

If you have the least use for a new mattress don't let anything keep you from coming to the Bowen store and buying. It's economy now and in the long run, too, to shop where values are always to be had. Let us say if you need a new mattress, have one.

Ten Thousand Cigaretts Stolen From Drug Store

Burglars Thursday night entered the Drexel pharmacy, Sixteenth and Webster streets, through a cellar window and stole 10,000 cigarettes and 60 boxes of cigars. They failed to take anything else and did not even open the cash register, which contained considerable money. An arc light is situated right in front of the store.

File Insanity Charge

A charge of insanity was filed yesterday against Arthur W. Campbell, negro, Twenty-seventh and Douglas streets, who was arrested last night at Fourteenth and Farnam streets. Campbell is alleged to have shouted: "To hell with the white people, and if I had had a gun I would have shot President Wilson."
