HITCHCOCK AND LODGE GO TO MAT

Latter Disciplines Nebraska Senator Who Inquires if Peace Treaty Consideration Is to Be Expedited.

FORMAL READING FOR AMENDMENT IS BEGUN

Visitors in Senate Chamber During Debate Will Not Be Permitted to Give Vent to Partisan Feelings.

Washington, Sept. 16.—Formal reading of the German peace treaty for amendment was begun late today in the senate after a sharp parliamentary wrangle and demand by democrats for an avowal from Republican Leader Lodge that the pact be kept continually before the body.

It has not been the intention of opponents of the treaty to take it up this week, as was indicated by a motion of Senator Smoot, republican, Utah, to consider other legislation after a four-hour discussion.

Senator Hitchcock of Nebraska, leader of the administration forces, insisting the treaty was emergency business and pointing out not one line of the document had been read, drew fire from Senator Lodge by asking if in all good faith it was his purpose to expedite consideration.

"My good faith and what I intend to do is my business," Senator Lodge replied with feeling, and the crowds in the gallery leaned forward expecting the first real fight over the treaty.

Senator Hitchcock thereupon again asked Senator Lodge if he intended to carry out his promise and keep the treaty before the senate.

Raps Senator Hitchcock. "I certainly do and in my own way without advice from the senator or Nebraska," Senator Lodge declared.

The answer was hurled by the senator with so much emphasis and feeling that the galleries broke into applause, which led the discussion to the conduct of the crowds coming out daily to hear it.

President Pro Tempore Cummins declared that while visitors had been permitted to applaud at the end of an address, in violation of the standing rules of the senate, they would not be permitted to show partisan feeling by noisy demonstrations.

Senator Hitchcock said the galleries generally were not aware of the rule until it had been broken, and Senator Williams, democrat, Mississippi, insisted the rule ought to be abolished so that visitors could give expression to their feelings.

The democrats asked for the eyes and nays on the Smoot motion to take up other business, and this was met from the republican side by the claim that there was no quorum. Before the count was announced Senator Smoot withdrew from the senate and reading for the treaty was begun.

Struggles Through Preamble. The reading clerk struggled through the preamble with its list of all the signatories, difficult to pronounce. The clerk had read through Article 3 of the league covenant when he reached the amendment by Senator Johnson, republican, California, to equalize the vote of Great Britain and the United States.

Some Senators Absent. Senator Lodge, who as chairman of the foreign relations committee is in charge of the treaty, asked that the amendment be passed over, as senators who desired to be heard on it were absent.

Senator Hitchcock and Senator Lodge then engaged in another colloquy, the latter reiterating that he
