SUIT TO OUST JUDGE HOLMES IS NOT REGULAR

So Declares the Attorney General in His Report to Governor McKelvie.

Lincoln, Sept. 16.—(Special.)—It was purely a case of certain city officials at Omaha trying to pass the buck up to the state authorities when Assistant City Prosecutor T. B. Murray asked to have proceedings started for the removal of Municipal Judge Holmes, because the latter, it was charged, had dismissed a complaint against Frank Maloney, charged with bootlegging, when, it was claimed, the proof of his guilt was clear.

So says Attorney General Davis in his report to Governor McKelvie regarding the case. Mr. Davis recommends that no action be taken to oust Judge Holmes and that if Murray has the proof he claimed he has the proper thing for him to do is to start another prosecution in any court of Douglas county where he thinks he will get a fair show.

Girl Wants Father; Says Mother Locks Her Up in Closet

When Fulvia's father, Antonio, met her at 7 o'clock last night she linked arms with him and refused to be separated. Together they walked away while Mrs. Damonio called the police.

Emergency Officer Sinclair retrieved the father and daughter and brought them before Captain Heitfeld. Fulvia said her mother locked her in a closet every day for fear that she would run away with her father. Juvenile Officer Vosburgh is trying to settle the affair.

New Independence League Is Formed At Lincoln Meeting

Lincoln, Neb., Sept. 16.—(Special Telegram.)—Men from all sections of the state gathered at the Auditorium here today to form a state branch of the League for the Preservation of American Independence.

W. M. Cain of Fremont was made temporary chairman, and J. Barton Green of Lincoln secretary. Resolutions were passed affirming belief in and allegiance to American institutions, and addresses making well-stated points against the ratification of the peace treaty were heartily applauded.

Former Lieut. Gov. Edgard Howard, democrat, branded the league of nations covenant "as an attempt to make America into a tail for the European kite." The declaration of principles adopted in substance declares opposition to all attempts to find the United States to guard the boundaries of European and Asiatic nations, and protests against the United States "entering into any contract which will compel it to take part in future controversies and wars of the world."

The following were elected permanent officers:
President, L. D. Richards, Fremont; vice presidents, Col. John G. Maher, Lincoln; Hon. Charles H. Sloan, Geneva, and J. E. Finch, Ashland; treasurer, Martin W. Dimmery, Omaha; secretary, W. M. Cain, Fremont; directors, First district, E. C. Yount, Brock; E. A. Benson, Omaha; Edgar Howard, Columbus; A. H. Kidd, Beatrice; H. G. Thomas, Harvard, and Col. J. D. Gage, Deming.

In the Douglas county district court the validity of the act was upheld.

Who says Friday is an unlucky number? We don't. Next Friday, the nineteenth day of the ninth month in Nineteen Hundred and Nineteen, we start a sale to last for nine days, and we are going to save you at least 9 cents on every dollar you spend with Flynn's. Some will win a lot more than that. Why do we pick the nineteenth? Well, you are all curious. Let us tell you we are doing many things from time to time to get that great majority that go to the center stores to look near home for the strayed calf or the best values, that we feel called on this time to use some kind of camouflage, and, honestly, we don't think that city stuff would suit with our \$15 threadbare and never had but a shimmer for a shirt. We want South Omaha people to get the sale on their brains. It would be suicide for us to ask you to do this unless we tried to make it an object for you. We'll make it an object for every customer, for every buyer within 20 miles or traveling distance of Omaha, to be here often between September, the nineteenth and twenty-ninth. Shop and save at Flynn's.

Unions Continue to Picket Restaurants Not Signing Scale
No sign of a cessation of hostilities between striking cooks, waiters and waitresses and members of the Restaurant Men's association was visible yesterday.

The co-operative restaurant started by the strikers is still drawing large crowds, and "unfair" restaurants are being picketed by men in cook's uniforms. The strikers also claim that 22 eating places and cafes have met their demands and may now be rated as "fair."

On the other hand, Sidney Swanson, president of the Restaurant Men's association, and manager of the Calumet restaurant, declared today that no restaurants, of which the owners are members of the association, have signed the demands of the strikers.

There may be a few small places which have verbally agreed to the strikers' terms," said Mr. Swanson, "but no large ones." Most of the cafes and restaurants have been allowing their help one day off a week, which is their principal demand, he said.

"The Hotel Fontenelle signed a year's agreement with its help last February. This still stands, but this strike had nothing to do with its signing. All of the restaurants seem to have plenty of help now."

Harley G. Conant, of the Conant hotel, which is on the strikers' "fair" list, stated today that he had signed no agreement with the union.
