The Third Kiss
Empires have tottered—wars have been precipitated, lifelong friendships severed—because of a kiss.

"The Third Kiss" is the story of three kisses that moulded the lives of four people.

The man ever confident, kissed the girl—she resented it. Then he drew her passionately to him and kissed her a second time. Throbbing with rage, she sees him coming toward her—for Third Kiss.

MEET
and Registered
Say Scale Adopted
Three Years Ago Does
Not Meet Needs.

One hundred and fifty graduate and registered nurses of Omaha, who are on private duty, signed a resolution yesterday afternoon that they be allowed to charge \$5 a day for regular cases and \$40 a week for contagious diseases.

Mrs. Walter E. Child introduced the resolution and it will be presented before the district meeting of the state association of nurses, which meets in Omaha next Tuesday at the Young Women's Christian association.

Work Eight Months.
The present scale for nurses is \$30 a week for ordinary cases, \$35 for obstetrics, \$35 for nervous and contagious diseases and \$5 a day for days less than a week. This scale was decreed by the state association of nurses three years ago.

Miss Ruby Maxfield said, "People have an erroneous idea concerning the amount of money that graduate nurses make. I was out of school over two years before I made near \$1,000. The majority of nurses cannot stand the strain over eight months a year. Some very strong ones can work nine months. The rest of the time is a dead loss. After nearly four years in school I believe we are entitled to \$40 a week. A nurse cannot live on \$30 a week and save enough to last her the time she is unable to work.

Superintendents Attend.
The meeting yesterday afternoon was intended to be for nurses only, but some of the superintendents of the Omaha hospitals were also present. The nurses claim that it is the superintendents who are keeping the wages down. One nurse remarked, "They raise the price of the rooms from \$10 to \$15, but as soon as a private nurse enters the hospital they are told they are not to charge over \$30 a week, the price that was set three years ago."

Dr. Jennie Collins, one of the speakers of the afternoon, said that she had heard of profiteering of nurses during the influenza epidemic last winter, but that she believed it was the nonprofessional, practical nurses who overcharged.

Defends Professional Nurse.
Miss Florence McCabe, superintendent of the Visiting Nurse association in Omaha, said that during last winter she received calls from people offering any price for a nurse, but that she also believed it was the nonprofessional nurse who overcharged.

Mrs. H. C. Sumney, wife of Dr. Sumney, spoke on the relative rank of the nurse in the United States army.

Married in Omaha.
Miss Jennie LeRoux of Philadelphia, and Thomas Smith of Cushing, Neb., were married by Rev. Charles Savidge, at his residence Wednesday afternoon. They were accompanied by Mr. and Mrs. Paul S. Penny of Lincoln, Neb.

Police Judge Orders Detectives to Return Beer Illegally Taken From Omaha Man.

Again the defunct morals squad under the sway of Elmer Thomas, mouthpiece for Police Commissioner Ringer and Detective Paul Sutton, was reprimanded by Police Judge Fitzgerald for the insidious raid on the home of Bert Fox, 1903 Emmet street, on the night of September 7.

The arresting officers charged Mr. Fox with illegal possession of liquor when 202 quarts of home made beer were found in the basement of his home. In police court yesterday, Mr. Fox was discharged. The police judge ordered the detectives to return the beer to Mr. Fox.

These uncalculated raids on people's property will have to be stopped," the police judge declared. "You fellows are taking too much into your hands."

It will be remembered that Sutton was ordered to make the raid on Mr. Fox's home because of the latter's activities in the recent recall campaign.

Union Church Pastor Has Young Woman Assistant
Miss Louise Henderson has arrived in Omaha to become church assistant to Rev. Robert F. Leavens,

who has the honor of being the first pastor of the church since its organization following a Chamber of Commerce "army" was fed. Harvey Milliken announced yesterday that the first 29 workers report secured \$15,200. The total amount raised will be made public today.

Half of the money raised will go into display advertising, one quarter to the handling of conventions, and the balance will be used in the mailing of printed matter and for statistics, salaries, postage and office expenses.
