

# WORLD'S SERIES OPENS OCT. 1, AT CINCINNATI

### First Two at Reds' Home and Next Three at Chicago and Sixth and Seventh Games in Ohio.

Cincinnati, Sept. 22.—Cincinnati for the first time in its history as a National league city will, on Wednesday, October 1, witness the opening game of the series to decide the championship of the world between the Cincinnati Reds, winners of the National league pennant, and the Chicago White Sox, prospective winners of the American league pennant. Chicago has not yet clinched the flag in the junior organization, but the National commission made its arrangements on the theory that it was almost impossible for Cleveland, the runner-up, to nose out Comiskey's club. All games are scheduled to start at 2:30 p. m.

### Decided by Toss of Coin.

The decision to open the base ball classic in Cincinnati was decided on the toss of a coin by Louis Comiskey, son of the owner of the Chicago club. August Herrmann, president of the Reds, called "heads" and won. The game will play the first two games in this city, and the next three will be played in Chicago. The clubs then jump back to Cincinnati for games six and seven. If this is necessary before the eighth game, which will be played in Chicago, it will be decided by lot where the ninth game should be contested, should the series stretch out to this length. The schedule as drawn calls for continuous playing on each day, weather permitting.

### Umpires Selected.

The umpires who will officiate in the series are William Evans and R. F. Nalin of the American league and Charles Rigler and E. C. Quigley of the National league. J. G. Taylor Spinks of St. Louis will represent the national commission as official scorer, while Joseph M. McCready, secretary of the Base Ball Writers' Association of America, will represent that organization. These two officials will work in both cities, and will be assisted by one member of the local chapter of the writers' association in each of the contesting cities.

The commission voted itself 1,500 tickets for distribution between the major and minor league clubs of the country. After Presidents Johnson and Heydler drew the first 100 envelopes containing requests for tickets for the games here from a large box the meeting adjourned.

### Eligible Players.

It was announced that 23 players on each club are eligible for the series. They follow:

Chicago: Eddie Cicotte, Eddie Collins, John Collins, Urban Faber, Oscar Felsch, Charles A. Gandil, Joseph Jennings, Joseph Jackson, William James, Richard Kerr, Harry Leibold, Grover Lowdermilk, Byrd Lynn, Harvey McClellan, Fred Mullin, J. E. Mayer, Eddie Murphy, Charles A. Rishberg, Ray Schalk, J. J. Sullivan, George Weaver, R. H. Wilkinson and Claude Williams.

Cincinnati: Nick Allen, R. N. Bressler, Jacob Daubert, L. B. Duncan, Ray Fisher, H. O. Eller, Edward F. Gerner, Henry Groh, William L. Kopf, A. Luque, S. W. Magee, A. R. Mitchell, A. Earle Neale, William A. Rariden, Morris Rath, James Ring, Ed Roush, W. H. Ruether, H. F. Allee, Charles H. See, Henry Schreiber, James L. Smith and Ivy B. Wingo.

The attacks on Mr. Herrmann at this time are inopportune," Mr. Johnson said after the meeting in speaking of the statement by Mr. Baker of the Philadelphia Nationals that Herrmann should resign from the chairmanship of the commission.

### Integrity Insulted.

"He has given something like 17 years to base ball and to attack him at this time, when his club has won a championship is an insult to his integrity."

Mr. Johnson had no comment to make in regard to the action taken

### Creighton High Grid Warriors Get Stiff Scrimmage Practice

Coach Anderson of the Creighton High foot ball squad put his warriors through a stiff practice Monday afternoon. He had his men scrimmage with the reserves. From all appearance the team looked like they will give the Central High squad a good fight when they meet on September 27 at Creighton field.

The fullback appeared to be mightiest strong with Harold Eaton, former Central High star, playing quarterback and big Murphy at full. Kelly and De Bore are playing at half. This completes the backfield machine.

Morgan and Kennedy are bright prospects for the guard positions. The ends are not slow. Tommy Rowland, brother of Manager Rowland of the White Sox championship team of 1917, and Finnigan will endeavor to show the hill boys a hard fight for their game.

Other men who are trying out for positions are Russell Smith and Gines Smith.

### Former Base Ball Statistician Opposes Lengthening Series

Ex-Major League Record Keeper, Bozeman Bulger, Recently Returned From Overseas, Declares in Favor of Old System Rather Than Commercialism of the New Plan.

New York, Sept. 22.—Lieutenant Bozeman Bulger is opposed to the plan of the National commission to make the world's series games a commercial proposition. He says:

"If club owners in the American and National leagues adopt the recommendation of the National commission to stretch the world's series to nine games instead of the usual seven the charge of greed so often leveled at directors of the sport will be well established. It will only go to prove that it takes a lot to kill the good old game."

"According to the decision reached by the commission in Cincinnati, one club will have to win five games to become world's champions and the players will be allowed to participate in the receipts of the first five games instead of the first four."

To Forestall Players' Kick. "This is so obviously a plan to forestall a threatened kick by the players, like that of last year, and at the same time give the clubs more money that it rather tends to sicken lovers of a fast, snappy series."

"The old system has been a good one. It has worked well since 1905. The rules and customs of the annual event are so well grounded in the minds of the fans that to change it now would be like teaching a new kind of arithmetic."

"But, unfortunately, same persons in base ball will not consent to let well enough alone. Interest in the receipts, very likely, has overshadowed interest in the sport. Above all things the world's series is and should be America's annual climax to a national sport. Nothing else should matter. Why spoil it by trying to drag a few more dollars into

## May Star in World Series

Claude Williams, International. Claude Williams is the White Sox box man who probably will be called upon for the brunt of the work against the Reds.

If Hoover required 375,897 cows to feed the world, how can Woody expect to do it with a little bull?

Seems if Boston didn't have a police force they wouldn't need a police force.

Jake Daubert is playing like he never played before. That's the trouble with the Washington team.

World series was first three, five, seven and is now nine games. May soon have to cut out base ball if it interferes with the series.

And the jury always discovers that he wore silk shirts but he was good to his mother.

Revenue officers raided Broadway cabaret and grabbed a vat of all-weather cocktails composed of wood alcohol, roof paint, benzine and petroleum. After one drink of that riot chowder a gent would think he has a valuable piece of suburban property. That's a good mixture for anything roofed with shingles but not for a bird who wears a hat.

The Red fans will pardon the venerable Chief Bender if three strikes slide over while he is leaning slightly on his bat.

Out in Chicago they know it's autumn when the leaves fall and the series is on. In St. Looney they know it's autumn when the leaves fall.

Fred Fulton rises to the top hole of patriotism when he tries to prove that the worst man in America can beat the best man in Europe.

Cornell will have a team this year as usual. The students want a team, all right, but they don't want it as usual.

Milliners' strike won't affect married women much unless it lasts four or five years.

The Braves seem to have gone through the season with the idea of proving that somebody can lose to the Phils.

## Art Logan Re-Elected Captain of Central High Foot Ball Squad

Arthur Logan, captain of the 1918 foot ball squad and basket ball quintet, was re-elected captain of the Central High foot ball squad yesterday afternoon.

Arthur Logan was mentioned for this position ever since the captain-elect, Arno Happer, left Central for another school. "Art" is the brother of "Turk" Logan, former star for Central in the year of 1917. "Turk" is now attending the Creighton university.

This will be the third time that Logan has held the position of captain of the Central High school squads.

Coach Mulligan put his prospects through a hard signal practice Monday afternoon at the high school campus. Many men from last year's reserves appeared in the lineup.

Oliver Maxwell, brother of Eugene Maxwell of the 1917 machine and all-star quarterback of last year's team, appeared in the limelight. He is playing for quarterback. Pete Campbell and Clemmons are trying to land the position of signal caller.

The "dark horse," Ivan Robertson, practiced at fullback. Dave Chesno and Horner are playing the guard positions. Captain-elect Logan will probably be shifted to a tackle position. The wing positions lie between Clemmon and Campbell.

The lineup appeared to be considerably stronger and heavier than the 1918 squad. Moser will probably play center.

Today Coach Mulligan expects to put his men through a light scrimmage.

### Meets Finished Product.

In Jim Londos Pesek meets the finished product. Londos is a wrestler who knows every trick of the mat game. His one shortcoming is lack of weight. Give him the weight and he would be a world's champion, many believe.

But Londos will not have to concede weight when he meets Pesek, for the Nebraska lad weighs no more than the Greek champion.

So if Pesek beats Londos even

## JIM LONDOS AND JOHN PESEK WILL DRAW BIG HOUSE

Auditorium Should Be Packed When Shelton Farmer Meets the Greek Champion.

Wrestlers, their managers, sport writers and fans alike will watch with interest the wrestling match between John Pesek of Shelton and Jim Londos, the Greek champion, which will take place at the Omaha Auditorium October 2.

For the last year John Pesek has been forging rapidly to the front in the wrestling game. Two years ago Pesek was regarded as a fairly promising prospect, a youth who might some day become a first-class wrestler.

Didn't Have Weight. But nobody really expected Pesek to become a star. He was fast and he seemed to be fairly strong. But he didn't have the weight.

Since then, however, Pesek has been displaying such remarkable skill that those who gave him little more than a passing glance a year ago are watching his achievements with keen interest now.

For Pesek is proving that weight means nothing to him. His remarkable speed and his great strength, coupled with his skill and knowledge of the game, have made him a most dangerous opponent. He never has lost a fall and some of his victories have been over men who outweighed him 40 and 50 pounds.

Meets Finished Product. In Jim Londos Pesek meets the finished product. Londos is a wrestler who knows every trick of the mat game. His one shortcoming is lack of weight. Give him the weight and he would be a world's champion, many believe.

But Londos will not have to concede weight when he meets Pesek, for the Nebraska lad weighs no more than the Greek champion.
