

RED FEZ RULES GRAND ISLAND AT SHRINE MEET

Unique Figures Mixed in Parade With Staid Customs of the Shriners at Convention.

Grand Island, Sept. 22.—(Special Telegram.)—The red fez ruled Grand Island today. Mystic Shriners from all parts of Nebraska assembled to attend the joint ceremonial of initiating 250 candidates into the mysteries of the order. Omaha's delegation with two bands was the first to arrive early this morning. Lincoln's Sesostrius bunch arrived at 11 followed soon by the Hastings Tehama fellows, all in special trains.

Broken Bow sent over 100 in a special car attached to a regular train and all scheduled trains brought individual members from various parts of the state. The ladies of the Presbyterian church are serving a banquet to 2,000 visitors and local Masons tonight.

The main event of the afternoon was the grand parade. Immediately preceding it at the Liederkranz auditorium Tehama's recorder was registering 163 candidates, Sesostrius recorder 55 and Tangier 130. These bashful novices donned in their white robes, were features of the parade, towed by the older brothers of the several temples.

At 1.30 the various bands, each temple bringing one or two, and the third city band joining, gathered to lead and intersperse the parade. W. R. Harper of Alliance, as a large and robust lady "Huggett," the mascot of the Scottish delegation, a black bear; Governor McKelvie, florist; Ed Williams, local novice, pillar and unhappy, a float conveying a rough-looking box suggestive of the undertaker; Carl M. Green of Lincoln in a seagoing hulk, a horse shy of olden time, a makeup camel, etc., were caper features contrasting with the elegant uniforms of various drill teams or parades.

The parade was followed by various drills and at 6 o'clock the banquet took place following a short business session. The ceremonial assembly closed at 10 o'clock with a grand ball at the Elks' hall. Imperial Potentate W. Freeland Kendrick attended and out-of-the-state Shriners present were E. F. Gilbert of Galveston, Tex., and Dr. Latta of Oakland, Cal.

Red Cross Furnishing Aid to Storm Sufferers

Lincoln, Sept. 22.—(Special.)—Answering the communication of Governor McKelvie offering assistance to the people of Corpus Christi, the following message was received today at the governor's office from E. K. Hardy of Chicago, manager of the central division of the Red Cross:

"National headquarters, American Red Cross has asked me to convey your information that Red Cross has made appropriation for emergency relief in connection with gulf coast and Alfred Fairbanks, acting for headquarters, in full charge Red Cross relief administration. Two relief trains carrying government and Red Cross supplies have arrived at Corpus Christi. Third train on way. Government boat carrying Red Cross food and clothing from Galveston en route to coast points outside Corpus Christi which cannot be reached by railroad. Red Cross personnel on ground. Emergency relief appears to be well in hand. Informed mayor Corpus Christi has appealed to all governors for relief contribution. He has also asked Red Cross assistance, which is being promptly rendered and apparently meeting emergency needs. Expect to furnish you fuller information as to actual situation in stricken area, which information may be of value in determining extent of public appeal."

O. building quietly without disturbing the inmates, who had not been in the city long enough to bank their money. Richard Harshman lost a money order made out at the Miniature postoffice, which he had endorsed, but had not had time to cash. Two other fraternity houses were robbed last week, supposedly by the same parties, who appear to know pretty well when the students reach the city.

Cannot Find Man Who Wants Railroad Agent Job

Lincoln, Sept. 22.—(Special.)—Inability of the Burlington railroad to find a competent man to take charge of the railway station at Enders, where the pay is \$4,200 a day, has caused the State Railway commission to give the road permission to transfer the agent from Kesterson, a small way station near Fairbury, to Enders. Most of the business at Kesterson is passengers and the commission has given permission for passengers to buy tickets at Fairbury and from there they can drive to Kesterson and take the train. The only hitch in the proposition is that the agent at Kesterson, who makes his home in Fairbury, may not like to transfer to the small place.

Barnhart was found guilty by a jury after a hearing that lasted a week. His motion for a new trial was overruled by Judge Burton. Fisher said he was innocent and that he had been given a fair trial. Judge Burton said that he was convinced Barnhart is the man and would give him a still more severe penalty if he had the power.

AK-SAR-BEN TO OPEN HIGHWAY ON WEDNESDAY

Silver Anniversary of Big Fall Festival Promises to Surpass All Events of the Past.

Tomorrow afternoon at 1 o'clock the gates of the King's Highway, Fifteenth street and Capitol avenue, will swing open and the turnstiles will begin to click as the visitors pass through to begin the 25th annual fall festivities of the Knights of Ak-Sar-Ben.

This is to be the silver anniversary of Omaha's famous fall frolic and all indications point toward a grand and glorious time for 10 days, closing Saturday night, October 4. Classy Show Promised. Harold Bushea, advance representative of the Con T. Kennedy shows, arrived yesterday, and during the afternoon he visited the carnival grounds with J. D. Weaver, secretary of Ak-Sar-Ben. Mr. Bushea stated that the shows will be assigned their spaces today and that everything will be in readiness for the opening tomorrow.

"The show of class and fashion" is the promise held out by the Kennedy management and also the Ak-Sar-Ben officials, referring to the carnival attractions. "The Frolic," the latest thrill in riding devices,

will make a strong bid for public favor at the carnival grounds. There will be Polish entertainers, Hawaiian village, "Mickey," overseas minstrels, museum of curios, "The Follies," wild west show, Olympic athletic stadium and a lot more of interesting and entertaining features. Pageant Nearly Complete.

The Kennedy shows are traveling this season in 38 railroad cars and have been winning favorable comment in other places where they have appeared. The carnival grounds will be open every day, except next Sunday, from 1 to 11 p. m.

The electrical pageant of "Famous Love Stories" is nearing completion at the Den on North Twentieth street, and many fair maids and matrons of the realm are busy preparing for the grand ball which will be held Friday evening, October 3. Omahans having rooms to rent and outsiders who are seeking lodging during the Ak-Sar-Ben season are again invited to take advantage of the information bureau which has been established at 1410 Douglas street, telephone Tyler 5125 and 5126.

Floral Parade Tuesday. A staff of electricians yesterday tested thousands of electric lights which have been strung across the streets of the business district. Wednesday night Omaha will be transformed into a great white way in honor of the Ak-Sar-Ben season. The carnival grounds will likewise be bathed in a flood of light.

CROWNED HEADS GAVE PRESIDENT \$1,000,000 GIFTS

Senator Penrose Says He Got His Information From Customs Authorities.

Washington, Sept. 22.—Senator Penrose, republican, Pennsylvania, declared in the senate today that President Wilson and his party brought back from the Paris peace conference jewels and other gifts from "crowned heads" which he had been told were worth more than \$1,000,000 by customs authorities. Interrupting a speech by Senator Ashurst, democrat, Arizona, who said that in 1810 it had been proposed to prohibit acceptance of gifts from foreign rulers by the president, Senator Penrose asked if the Arizona senator had in mind gifts made to President Wilson while in Europe. "I know nothing of that," Senator Ashurst replied, "but if any democrat accepted such gifts he would receive my condemnation as quickly as if he were a republican." Invented in Great Britain, London may install an underground railway on the switchback principle, gravity accelerating the speed of trains to as much as 60 miles an hour.

Repatriation of the Czecho-Slovaks In Siberia Decided On

Paris, Sept. 22.—The supreme council today decided upon the repatriation of the Czecho-Slovak troops remaining in Siberia, about 50,000 in number. The necessary tonnage will be furnished by the United States, Great Britain and France. Other action taken by the council was to fix the scale of salaries of the officers on the inter-allied mission to Germany.

Admiral Rodman Grooms British Hair Apparent

Vancouver, B. C., Sept. 22.—Guns boomed royal salutes and thousands of cheering spectators lined the streets here when the prince of Wales, on tour of Canada, reached Vancouver and the Pacific coast today. Admiral Hugh Rodman, commander of the Pacific fleet, was the first to greet the prince as he stepped from the train. "How do you do, your royal highness?" Admiral Rodman said as he grasped the left hand of the future king. The prince's right hand is still sore from the thousands of handshakes received in eastern Canada. The prince, speaking at the welcome exercises held at Stanley park, expressed his pleasure for the presence in port of Admiral Rodman's flagship, the New Mexico.

Show Their Best Where the Grind Is Hardest

The three and one-half ton truck of the Omaha City Ice Company, of Omaha, is a hard taskmaster—for tires.

It is frequently overloaded—and with dead-weight loads. Those loads that add a second jolt to the tires wherever the slightest street depression is encountered.

Until the Omaha Ice applied Goodrich De Luxe Truck Tires to the wheels of this truck they had virtually despaired of getting over 6,000 miles in tire service. So many had failed.

To date on this truck De Luxe Tires have run 9,000 miles and are so little worn that the owners confidently expect to double that figure.

Class tells in the hard grinds—and here is where De Luxe quality gets in its best licks.

If you have serious transportation problems, tire troubles or seek lower maintenance—then put Goodrich De Luxe Tires on your wheels. For greater mileage—less vibration—and greater economy.
