Enthusiastic Followers of Scotch Game Threaten to Withdraw When Improvements Are Refused.

At a meeting of the board of directors of the Omaha Country club. which followed a dinner served at the club house last night, considerable dissension was evidenced regarding a program of extensive improvements to the club golf course. The set comprising the more enthus-astic advocates of the honored game, champion the cause of changes that would materially benefit the course, and involve the expenditure of a considerable sum of

The older and more conservative element could see no excuse for the expenditure, and opposed it strongy. The program involves the movng of several greens, bunkers and hazards, and the changing of the course of a small stream which ows, with varying volume, through the grounds.

In the event of disapproval by the board, certain members threatened vill subscribe \$5,000 each toward e establishment of a new club, the ield for which would be some 30 eres now held by Charley Peters in tract north of Florence. The creafon of this club might materially ffect the standing of the older oranization, though it is not thought hat it would cause abandonment of he present location, The past season has been an un-

sually successful one. The activiies of the club have been increased id the number of persistent golfers, he kind who play early in the mornng and late at night and who rail at he weather when it does not permit of a game, has been much larger han ever before. The exceedingly ot weather brought large crowds to he club house and the facilities for entertaining were taxed as never be-

The proposition for improvement of the course was voted down by a harrow margin, but due to other ressing business no definite action was taken at the meeting towards organization of the second faction,

Mercier and Gibbons Arrive in Capital

Washington, Sept. 22,—Cardinal Mercier, the distinguished Belgian prelate, has arrived in Washington, coming by trolley from Annapolis, here he spoke at the United States academy. He was accomanied by Cardinal Gibbons.

Proceeding immediately by automobile to the Catholic university. where he was the guest of Dr. Ed-

Later, in company with Cardinal bbons, he motored through the residential and outlying sections of the city.

The cardinal's first visit to Washington will be brief, its chief obect being the conference here Wednesday of Catholic prelates. He will return for his official visit when the president and Mrs. Wilson are in the White House to receive

Dedication exercises for the new Sulpician seminary of the Catholic university will be attended by the cardinal and he will be the guest of the Belgian minister later.

One-Way Alleys Established by Commissioner Ringer

One-way alleys have been estab-lished as follows by Police Comaissioner Ringer, under a provision of the traffic ordinance: Between Harney and Farnam treets, and between Farnam and

ouglas streets, from Fourteenth to eventeenth-streets; between Dougas and Dodge streets, Seventeenth Sixteenth streets. Traffic through thse alleys will

enter from the west and move only loward the east. It is explained that traffic moving

Waiters and Owners Both Claim Gaining

Omaha cooks and waiters, out on strike for the past two or three weeks, held a demonstration on the downtown streets last night. Two hundred or more of them, some dressed in their working clothes, marched through the streets, carrying banners and posters announcing their purpose. Various forms of noise were employed to attract the

attention of pedestrians.

Picketing of the various unfair restaurants and eating houses has been increased, and every evidence is made of a fight to the finish. Union officials claim results for their cause, but the managers of cafes insist that they are operating as usual, with no more difficulty to obtain help than under normal conditions. In spite of these statements, an inquirer after Rome Miller at noon Monday was inforemd that Mr. Miller was working in the kitchen William L. WAS FLAT ON HIS BACK; FAMILY HAD LOST ALL HOPE

Telegraph Operator Gains 25 Pounds and Is Back at Work Since Taking Tanlac.

"When I took my first dose of Tanlac I was flat on my back in bed and my wife and friends had lost all hope. Five days afterwards was out of the bed, and now, since taking six bottles, I'm back at work, feeling as well as I ever felt in my life and I've gained twenty-five pounds," was the truly remarkable statement made a few days ago by A. W. Ruggles, a well known telegraph operator, living at South Spring street, Springfield,

"I know it's hard for people to believe this," he continued, t's the honest truth. My wife and all my neighbors as well as a host of friends will testify to what I say and I am willing to go before notary and make an affidavit to this effect.

"About ten years ago I began to suffer with indigestion and stomach trouble. My appetite began to fail me and no matter how many tempting dishes my wife would fix up, I just had to force myself to eat. This, of course, weakened me terribly and before long I realized I was breaking down under the strain of my trying work at the telegraph key. My nerves were all torn to pieces and it was only by main force that I stuck to my key in the afternoons when the work be-

gan to pile up.

"Nobody will ever know how I suffered unless they have been through the same thing. Every time I ate anything I would have terrible pains and cramps around my stomach afterwards. Gas would form and press against my heart until I would get right dizzy and several times I actually fainted. My work was simply torment to me. I would break out with cold perspiration at the least little excitement, and in a few moments would be so weak I could hardly sit up. I couldn't sleep to do me any good and kept going down until I had lost twenty-five pounds. "Finally, I just had to quit work altogether and went home to be a nervous wreck. I had lain there helpless for six weeks and everybody who saw me thought I'd never get up again, when my wife got some Tanlac and I took it, and, as I said before, in five days I was out of that bed. "Well, sir, I'll admit I was sur-

prised, but my friends who had not een allowed to see me a few days before were dumbfounded to see me up and looking so fine. I kept on taking Tanlac until now I am back at work and feel as well as I ever did in my life. I eat anything I want, enjoy every mouthful, and nothing hurts me at all. The pains have all disappeared and sleep sound all night long. I enjoy my work just like I used to years ago and I feel so thankful for what Tanlac has done for me that I would like every person in the world who is suffering like I

was to know about it."
Tanlac is sold in Omaha at all Sherman & McConnell Drug Company's stores, Harvard Pharmacy and West End Pharmacy. Also For-rest and Meany Drug Company in South Omaha and the leading druggist in each city and town through-out the state of Nebraska.

Bee Want Ads Produce Results

Products that Packers Sell Their Number Grossly Exaggerated

The Federal Trade Commission has published a list of some 640 articles said to be sold by the packers.

This list is ridiculously padded in order to scare people into the belief that the packers are getting control of the food supply of the nation.

For example, the list includes not only "beef sides" and "beef cuts," but also over 60 other items of beef products and by-products.

Over 90 articles listed are not sold to the outside trade but are raw materials and supplies, such as brick, cement, etc., used by Swift & Company in carrying on its business.

Glaring duplications appear, such as "sardines" and "canned sardines"; "butterine" and "oleomargarine"; "dried sausages" and "dry sausage," etc. The list includes 37 kinds of sausage; 4 dif-

ferent kinds or preparations of beef tongue, etc., etc. Simmered down, Swift & Company handles in addition to meats and meat by-products, only butter, eggs, cheese, poultry, canned goods, lard substitutes, and to a very small extent, dried and salt fish. And

the proportion which we handle of the total supply

of any one of these is absurdly small.

Do you want to be fooled by such misleading and ridiculous statements of the Trade Commission? Do you want radical legislation based on such absurd evidence?
