

GARY TO ATTEND CONFERENCE AT WASHINGTON, D.C.

Railroad Brotherhoods In Dispute Over Selecting Delegates to President's Industrial Meeting Oct. 6.

Washington, Sept. 26.—Dispute has arisen between the four railroad brotherhoods and the 14 other unions of railroad employees as to representation in the industrial conference called by President Wilson for October 6.

The president instructed Director General Hines to have the railroad unions represented by four men, and Mr. Hines transmitted the instructions to all the unions. The four brotherhoods appointed the four men without regard to the other employees. Protest soon was forthcoming from the shop, maintenance of way, clerk and other unions that they should be allowed to participate in the selection of the representatives, but the question has not been settled.

The four brotherhoods were said today to have based their action on the fact of the appointment of other delegates to the conference of the American Federation of Labor, with which the 14 railroad unions are affiliated.

STRIKERS PLAN TO FORCE OTHERS TO JOIN WALKOUT

5,000 Men Reported Ready to March on Steel Plants.

Columbus, O., Sept. 26.—Upon receipt of a telegram today from Governor Cornwell of West Virginia to the effect that 5,000 men from Steubenville and other Ohio towns nearby are reported to be planning to cross the Ohio line into Hancock county, West Virginia, for the purpose of compelling workers to quit their places, Governor Cox today wired W. G. Baker, sheriff of Jefferson county, to use his best offices in order to prevent any possibility of conflict between citizens of Ohio and West Virginia.

In his telegram to Governor Cox, Governor Cornwell said such an invasion of West Virginia by Ohio strikers "will be regarded as an attack upon the sovereignty of West Virginia."

Black Crows Invade Ireland, Causing a Big Loss to Country

New York, Sept. 26.—Ireland is suffering from an invasion of millions of black crows, which have destroyed half of the harvest of the Irish farmers, according to Peter A. Clune, a Knight of Columbus secretary, who has just returned from Europe.

The Emerald Isle, freed of the snakes, is praying for another St. Patrick to save their country from the plague of the crows. Mr. Clune found the farmers of Ireland almost heartbroken because they have no means of destroying the winged invaders. The Irishmen claim the birds which have been coming over in large droves, have been driven out of the forests of France and Belgium by the heavy cannonading during the war.

The farmers cannot shoot the birds, Mr. Clune said, because they have been deprived of their fowling pieces by the British troops. Some of the farmers have tried Paris green without effect.

Chinese Involve New Laws Governing All Imports

Washington, Sept. 26.—After October 30 the Chinese maritime customs will not pass a cargo unless it is accompanied by invoices and other documents. The American chamber of commerce in China has asked that this information be given exporters who are urged to mail their invoices so that they may arrive with cargo, and voiced criticism of American trade methods at this time.
