

AMERICAN LIFE MEETING ENDS WITH ELECTION

Illinois Insurance Man Elected President of Organization—Convention Most Successful Ever Held.

The 14th annual meeting of the American Life convention closed at noon yesterday at the Hotel Fontenelle.

Just before adjournment an election of officers was held, which resulted in the election of H. W. Johnson, Ottawa, Ill., as president, and E. G. Simmons, New Orleans, Gulfport A. Deitch, Indianapolis, Ind., and Lee Dougherty, Davenport, Ia., as members of the executive committee.

The meeting of the American Life convention in Omaha during the past three days, is unanimously declared by members to have been the largest and most successful ever held by that organization. Many of the biggest men in the insurance world, from all parts of the country, attended. The two-day meeting of the legal section of the convention, two days prior to the main meeting, was also a complete success.

An automobile ride which will take in all parts of the city was planned for the delegates yesterday afternoon, and many insurance visitors and expected to remain in Omaha during a part of Ak-Sar-Ben week.

Although the next annual meeting of the American Life convention will be held in Kansas City, Mo., Omaha stands high in the minds of the insurance officials, judging from the hearty vote of thanks to Omaha people for the reception which was accorded them.

T. W. Blackburn, secretary, treasurer and general counsel for the convention, was presented with a silver table set at a banquet at the Hotel Fontenelle Thursday night, in recognition of his service.

Over Million Dollars Already Subscribed For Stevens Balloons

Leo Stevens, chief instructor at Fort Omaha, yesterday received a telegram from E. B. Weston of Dayton, O., stating that he had \$1,200,000 subscribed for the factory which is to be built at Dayton to manufacture the Stevens dirigible balloon.

"I believe it will be the largest dirigible factory in the world," says Mr. Stevens. "Many former high officers of the United States aviation corps, aeroplane manufacturers and wealthy business men of the country are to be connected with the plant."

"Complete plans of the factory have not as yet been completed, but I believe arrangements have already been completely made for the site of the factory."

Mr. Stevens intends to meet with Mr. Weston and other men who will be associated in the factory as soon as possible.

Children See Tige and Buster Brown as Guests of Store

Fifteen hundred children saw Buster Brown and Tige at the Brandeis theater yesterday afternoon, guests of the Brandeis stores.

Tige smoked cigarettes, "just to show little boys how bad they looked when they smoked them," as Buster said, played dead, and did other amusing things. Buster looked just like the Buster in the "funnies."

"Monkey Stuff," a laughable film farce in two reels, and a special picture of Buster Brown himself completed the program.

To Start Sale of Ak-Sar-Ben's Stock Issue Next Month
Ak-Sar-Ben's million dollar stock issue to equip the exposition grounds at Sixtieth and Center streets, will be sold during the week of October 27, the executive committee decided today.

There will be 250 salesmen to put the drive over. The plan is to have the grounds ready for use by next year, so the fall festival will be held there.
