

VALUABLE LOOT TAKEN BY THIEVES IN SEVERAL 'JOBS'

Plunder Includes Everything From Furs to Bags of Cement.

Thieves of all kind held a carnival of their own Friday afternoon and night, according to the reports of police headquarters. A side window of the Dresher Bros. establishment, 2217 Farnam street, was broken by intruders who forced heavy wooden doors leading to vaults from which they stole

women's waists, automobile robes and other articles valued at \$1,000. They were discriminating in their selections. An American mink cape valued at \$600 was reported stolen from the Parisian Cloak company, 1519 Douglas street, during shopping time Friday afternoon. The police believe this was done by a professional shop lifter. One hundred sacks of cement were taken from the Hanighen Construction company, Fourteenth and Jones streets. The downtown garage, Fifteenth and Howard streets, reported the loss of an electric fan taken during the night by someone who eluded the night watchman. A child's savings bank containing \$3 was stolen from an upstairs room at the home of Mrs. D. Anderson,

2503 Capitol avenue. It is believed that a porch-climber was guilty of this crime. The home of Mrs. D. Bunch, 2502 Poppleton avenue, was ransacked during her absence Friday afternoon. Nothing of value was missed. R. C. Hopp, Glenwood, Ia., reported that while he was attending the army sale in the Auditorium his pocket was picked of a purse containing \$49.50. **Judge Landis Restrains Steel Pickets in Chicago** Chicago, Sept. 26.—Federal Judge Landis today issued a temporary injunction restraining union steel men from picketing the plant of the Polak Steel company, an independent concern in South Chicago.

BABY BANDITS IN ATTEMPT TO HOLD UP LONE WOMAN

Foiled, However, As She Takes Other Side of the Street.

The "baby burglar," 10 years old, who, in juvenile court a week ago told of robbing a grocery store at 2 in the morning, was no more remarkable for juvenile crime than two more "baby bandits" in court yesterday, who confessed to lying in wait in the weeds with loaded revolvers to hold up a woman. The boys are Arthur Madison, 11, 3024 South Eleventh street, and Harry Simon, 10, 3006 South Tenth street. Both confessed that Arthur's revolver, a .38 calibre was loaded. Harry said his wasn't loaded, but that Arthur threatened to shoot him if he didn't jump out of the weeds when the woman came along and hold her up. The two explained that they were under the influence of a "master mind" in the person of John Carnett, 16 years old, a high school boy, who also was in court. They said Carnett overawed them by stating that he "had police protection" and would keep them from going to jail if caught. John, the boys said, put Jessie James' ideas in their heads, playing cowboy and telling tales about shooting Indians in Montana. The two younger boys hid in the weeds on South Eleventh street, waiting for a woman to pass. She passed there every day, but this day she was on the opposite of the street. The unlooked for development disconcerted the boys, and the "master mind" not being present they didn't know how to act. They were discovered later with their revolvers and taken in hand by the juvenile authorities. The three were paroled to their parents and relatives upon promises to quit the bandit business. All three were said to be exceptionally bright at school.

State Committee of Roosevelt Memorial Named By Director

John W. Towle, secretary and campaign director for Nebraska of the Roosevelt Memorial association, has named the personnel of state committee of this organization, one of the committee being Victor Roosevelt.

One of the first duties of the new committee will be to select county chairmen, who will be requested to meet October 7, in the ball room of Hotel Fontenelle, when Col. Raymond Robins will speak. A fund is to be raised for the establishment of a Roosevelt memorial. William Boyce Thompson is president of the national organization, and William Loeb, jr., is vice president.

YOUTHS WHO SHOT GROCERYMAN ARE GIVEN 10 YEARS

Murders of Nathan Shapiro Plead Guilty to Charge.

Willie Collins, 17; Governor Hall, 15, and Luther Hall, 14, negroes, yesterday pleaded guilty to the charge of murdering Nathan Shapiro and were sentenced by District Judge Redick to 10 years each in the state penitentiary. The charge was murder in the second degree. They are the youngest boys ever sentenced by the Douglas county district court on the charge of murder. Special provision will be made at the state penitentiary for the two boys who are under 16 years old. The three boys on the night of August 27, returning from a moving picture show, entered the grocery store of Nathan Shapiro, Twenty-sixth and Hamilton streets, and, after an altercation, shot him to death. When they were arrested they

all denied their guilt. Later they confessed but the Hall boys held the actual shooting to Collins. Collins said he and the Hall boys followed a man near Twenty-eighth and Hamilton streets with the intention of "sticking him up," but that, just as they were ready to do this he turned into his home. Then they passed the Shapiro store where Mr. Shapiro was still at work. One of the Hall boys suggested to "get that fellow," Collins said in his statement following his arrest. The three boys entered the store. Two of them had revolvers. When they tried to hold up Mr. Shapiro he resisted. A struggle ensued

which continued out into the street where he was shot to death. The youths had little to say to Judge Redick. Governor Hall merely remarked that "two of us done the shooting." **Man Says He Was Held Up And Robbed by Negro Trio** Samuel Circo, 1412 South Fourth street, reported to the police that while he was walking near Third and William streets at midnight, he was stopped by two negroes and a negro. He related that the men held revolvers over him while the woman searched his pockets and took \$8.

The Weight of Evidence

The supremacy of the Pianola over all other Players was positively settled when the great Steinway Piano Company decided that none other but the genuine DUO ART Pianola would be allowed installed in a STEINWAY Piano. Everybody who makes a Player will claim his product is the best, but can any other manufacturer corroborate it? When, however, STEINWAY & SONS puts its seal of supremacy upon the DUO ART Pianola it should convince not only the unbiased, but also the most skeptical. We are sole distributors for the DUO ART Pianolas. Our prices are positively the lowest in the United States—our terms the easiest. Remember, the DUO ART Pianola is installed in the STEINWAY, WEBER, GEO. STECK, WHEELOCK and STROUD pianos. We have them on display as well as many other types—

Union Waiters and Cooks Not to Call General Strike A closed meeting of the striking cooks and waiters was held last night to determine whether union cooks and waiters should be called out to aid in bringing "unfair" restaurants and cafes to terms. After a lengthy discussion such action was voted against by a majority of the strikers. Approximately 25 restaurants, including cafes in the Hotel Fontenelle and Conant hotel, would have been effected by such an action. **Negro Bound Over** Charles Martin, negro, was arraigned before United States Commissioner McLaughlin yesterday on a charge of selling dope and was bound over to the grand jury. USERS of Friesland Farms "Certified" Milk PLEASE NOTE!!

There is an acute shortage in our supply of "Friesland Farms Certified Milk"—and the management of the Friesland Farms offer no promise of immediate relief in the way of additional thoroughbred, tuberculin tested cows. As the Alamito Dairy is the sole distributor for the Friesland Farms offers no promise of immediate relief for "non-delivery" falls on us and again we find it necessary to publicly announce the above facts and earnestly request the consideration of those of our customers who are using this product for purposes other than the feeding of babies and invalids under the advisement of a physician. The use of Alamito's Extra Rich Guernsey Milk, also from tuberculin tested herds on nearby farms—a milk not only of high standard in production, but which is brought daily into our modern and "milk-white" Dairy, where it is scientifically clarified—automatically bottled and capped in sterile bottles—and finally perfectly safeguarded by our newly installed "In-the-Bottle" Pasteurized—will prove a most satisfactory milk for the use of any of our present users of "Friesland Farms Certified Milk" who is not included in the aforementioned class—(babies and invalids under advisement of a physician).
