

PEAL JUDGE RAPS FOSTER AS DANGEROUS MAN

Leader of Striking Steel Workers Bitterly Denounced as "Dangerous Domestic Enemy."

Philadelphia, Sept. 30.—William Zebulon Foster, leader of the striking steel workers, was bitterly denounced as a "dangerous domestic enemy" by Judge Joseph Buffington of the United States circuit court of appeals.

Judge Buffington, with Circuit Judge Morris of Wilmington, Del., presided over a session of the naturalization court and he warned the prospective citizens to beware of such dangerous agitators as Foster.

Foreign-born Well Paid. "I have been all through the steel and other industrial establishments in the western part of the state," said Judge Buffington, "and I have found the foreign-born element well paid, contented and happy. But there is in my town (Pittsburgh), now a man, William Zebulon Foster, who is going among the foreign population teaching terrible doctrines of anarchy in his book; things that go to the destruction of the American government."

"The most dangerous man I know of is the parlor bolshevist, who doesn't work and who doesn't know anything about working people, but who preaches discord and creates unrest, and causes unhappiness in families by his preaching of un-American doctrines."

Foster Causing Unrest. "Foster is the type of man who is causing all this unrest amongst the foreign-born, not only of this state, but of the country. I have known the habits and the desires

Detail of Soldiers Leaving City Hall to Do Guard Duty In Downtown Section of City

of the foreign born of this state too long to be deluded to the belief that they are responsible for the present unrest. The danger to American institutions is not in the foreign born; it is in the native born.

"This man Foster is a native born citizen. He is a most dangerous leader and a dangerous domestic enemy. I say this right from the shoulder, because I feel it is my duty to do so.

should avoid him. If he doesn't like this country, or the way it is governed, he ought to get a passport and get out of it."

House Passes Law Governing Storage Food Washington, Sept. 30.—Additional legislation recommended by President Wilson as a means of reducing living costs was passed today by the house and sent to the senate.

New Escutcheon Without Arms Now Is Adopted

Berlin, Sept. 24.—(Correspondence of The Associated Press.)—Germany has a new escutcheon, from which the Hohenzollern arms have been eliminated. It consists of a black one-headed eagle on a golden yellow field.

The "new" eagle, which has shed its erstwhile imperial crown and collar, is not a rampant bird and would look sedate enough in its sitting posture but for the color of its beak, tongue and talons, which are red.

BEGIN TASK OF PUTTING COURT HOUSE IN SHAPE

Treasurer and Clerk Open Offices—Expert Locksmith Required to Open Doors of Vaults.

The first movement in the colossal work of starting up the county machinery in the court house after the holocaust of Sunday night was begun yesterday when the county treasurer's office started business in the criminal court on the fourth floor.

Expert Opens Vault. An expert locksmith yesterday succeeded in opening the door of the vaults in the offices of the county treasurer and county clerk.

The walls of these vaults are protected from heat by a nine-inch sheath of tile. But the great steel doors, exposed to the heat of the flames were somewhat damaged and opened only with great difficulty.

Most of the most valuable records of the county are in these vaults together with bonds, warrant records, etc. The \$1,000,000 of Douglas county highway improvement bonds recently issued were sent to the secretary of state's office in Lincoln for signature last Thursday.

Large forces of workmen began clearing the debris from the ruined office and hauling it in wheelbarrows to the street.

\$10,000 for Windows. It will cost \$10,000 just to restore the plate glass windows which were broken with stones and bricks and shot out by bullets.

Authorize Rebuilding. The county commissioners yesterday authorized John Latenser, architect of the court house, to proceed with rebuilding the burned portion of the building.

The register of deeds' office was placed temporarily in the juvenile court room and the county commissioners authorized Register Pearce to hire as many men as he can get to proceed with the great work of replacing the burned land indexes which are the key to the thousands of properties listed in the registry books.

Fourth Day of Miners' Confab on Wages Opens Buffalo, N. Y., Sept. 30.—The fourth day of the conference between operators and miners of the central soft coal field began with none of the vital questions solved and with the strike of 400,000 miners on November 1 still a possibility.

Both sides expressed hope that common ground would be found for an amicable adjustment of disputed questions, including the status of the wartime contract of 1916, which the operators claim is binding until April, 1920, and which the miners say ceased to be in force with the withdrawal of the United States army from Europe.

Says Swift & Co. Operating at Loss Since January 10 New York, Sept. 30.—The New York business of Swift & Co., has been operated at a loss since January 10, last, according to a statement by W. H. Noyes, vice-president of the New York branch of the company, during a conference here between packers, Oscar S. Straus, a member of the fair price committee, and Federal Food Administrator Williams.

The conference was called by Mr. Williams to determine the reasons for the lack of stability in meat prices. Statistical experts have been summoned to examine the books of packers here to determine the truth of statements made regarding losses.

Vote of Confidence Given to Clemenceau Paris, Sept. 30.—The Clemenceau government was sustained on a question of confidence in the Chamber of Deputies today.

Jellicoe Coming Over. San Francisco, Sept. 30.—Admiral Sir John R. Jellicoe, commander of the British grand fleet during the war, is expected to visit the Mare Island navy yard, November 5, according to an announcement by the headquarters of the Twelfth Naval District here.

Crucible Steel Head Quits. New York, Sept. 30.—The resignation of Herbert Dupuy, chairman of the Crucible Steel company of America, is announced. He will retire from office at once. Ill health was given as the reason for his resignation.

Post Commanders Can Order Troops Out to Prevent Riots

Washington, Sept. 30.—Authority has been given commanding generals of military departments to furnish troops necessary for the protection of lives and property in case of disorders in the limits of their departments. Such protection can be furnished only upon request from the proper state officials, the instructions from Secretary Baker said.

It was explained that the action was taken to obviate the necessity of departmental commanders referring such requests to the department with consequent danger of the disorders getting out of control before action could be taken.

DEMOBILIZATION IS ENDED SAYS WAR DEPARTMENT

Will Not End Wartime Prohibition, Which Must Await Treaty Acceptance, Says Palmer.

Washington, Sept. 30.—Although the War department declared in a statement today that "the accidents of war and the progress of demobilization are at an end," wartime prohibition cannot be lifted until after the ratification of the peace treaty.

in the opinion of Attorney General Palmer. The prohibition law provides that it shall remain in force until after the termination of the war and the demobilization of the army. Mr. Palmer has held that the state of war does not end until the peace treaty has been ratified. President Wilson took a similar position in asking congress early in the year, to repeal the wartime prohibition law insofar as it affected light wines and beer.

Thompson-Belden & Co. Established 1886 The Fashion Center for Women

Dainty frills in Neckwear
