### American Legion Commander Urges Citizens to Uphold Law and Order in Omaha.

Platoon commanders of the American legion yesterday signed and issued the following communication to the people of Omaha giving their views of the Sunday disorders and policing of the city:

"The undersigned have been active the last few days in helping to organize and perfect a volunteer organization, composed largely of American legion members, for the purpose of furnishing the city assistance in tiding over the present emergency.

"The horror of Sunday night, unparalleled in the history of Omaha, has brought home to the people in this community, in a terrible manner, the necessity for prompt and effective realization of the assumption of the duties of citizenship by all members of society.

For Law and Order.

"Our present organization is perfected and stands squarely for the enforcement of law and order without fear or favor. It will remain in existence subject to the call of General Wood during his command of the city and for a reasonable time thereafter. The purpose of this statement is to correct an opinion prevalent among a large number of Omaha's citizens that members of the American Legion intend to constitute a permanent special police reserve and that the members of the American Legion can be depended upon on any and all occasions. This is not the purpose of this organization. The people of Omaha must thoroughly understand. We do not propose to underwrite their citizenship. The duty of maintaining order in Omaha is the duty of every citizen and the people of Omaha cannot

# DULL AND SHARP SHOOTING PAINS

Michigan Lady Suffered Such Pains in Back and Head, But Says Cardi Stopped These Bad Spells.

Patmyra, Mich.—Mrs. Chas. T. Fuller, of this place, writes: "In 1912 I got run-down, and I suffered great pain...with both dull and sharp shooting pains...also back and head. I was weak and could only drag around, and should have been in bed. I really wasn't able to be up. At times I would have spells that would be bad I'd have to go to bed, and suffer intensely...I decided to try Cardi, and saw a great improvement in less than a month's time. I used 7 or 8 bottles and was stronger...I got so much better that my strength returned and my work was easy for me. Cardi did me a world of good. It built me up in health and strength. I haven't had one of those bad spells since. I haven't had to take any more medicine since or have any doctors either and have been able to do my work right along...I recommend it to other women highly as the best medicine I know of for women who suffer from female trouble."

If you suffer from female troubles, follow this advice. Get a bottle of Cardi today and give it a thorough trial. It should help you, as it has helped thousands of other women in the past 40 years. At all druggists.

### Wrong Door.

A girl with strong romantic tendencies. With her father she visits his mines, and there meets a delightful young engineer, Bert Ratcliffe, and although she is frankly attracted by him, neither she nor he are conscious of more than passing friendship. It was first published as a serial story in Collier's. The story was by Jessie Lynch Williams, and later it was published as a novel.

### Strand—Earl Williams in "The Wolf."

The story begins when Jules Beaubien, the French-Canadian trapper, hears the howling of a wolf. In the next moment his foot stumbled upon the form of a dead girl with an infant on her breast. This girl was Jules' sister. The howl occurs again in "The Wolf" when Hilda MacFawish, the persecuted, frightened little creature whose charm has inspired a man to seek her ruin, hears the wolf howl. The grandmothers of rural districts get great store by the foreboding conveyed in the howling of a dog at night. They declare it is an unailing death sign if a dog sets up a mournful wail in the dark hours.

### Empress—The part taken by Theda Bara in "The Darling of Paris," at the Empress, is an unusual one, dominating the story from beginning to end. The story is founded upon Victor Hugo's famous tragic romance, "The Hunchback of Notre Dame," and is one of tremendous interest, appealing to everyone. There are some large and exciting scenes in the picture.Muse—Nazimova in "Revelation" will be seen at this theater tonight and tomorrow. The week has been a successful one. This actress is worthy of attention, as she is in a class by herself. This particular picture has been put at the top of all her productions. It is really difficult to put one before the other, as she is good in everything that she has attempted.

### Must Uphold Law.

"Intelligent and responsible citizens can be heard on every hand excusing or palliating some one phase or the other of the reign of lawlessness of Sunday night. We, representing a soldier organization, are of the opinion that there can be no half-way measures, when it comes to the question of upholding the law. You must either stand up against it. That principle is not subject to limited or divided allegiance. It is up to you, Mr. Citizen.

"It is further up to you, Mr. Citizen, by your individual aid, and moral support to the prosecuting authorities, to insure the successful prosecution and conviction of those guilty of the lawlessness and anarchy which engulfed Omaha Sunday night.

Allan A. Tukey, Anan Raymond, T. J. McGuire, L. Brinker, Clinton Brown, Amos Shamos, Charles F. McLaughlin, Hird Stryker, John Kilmartin, Arthur C. Stokes, Charles R. Glover, Jr.; E. E. Kiplinger, W. S. Byrne, Ralph G. Coad, F. C. Nygaard, platoon commanders.

### AT THE THEATERS

"THE Revelations of a Wife" will be the offering at the Boyd for one week starting with a matinee Sunday and playing matinees daily. The play has created quite a bit of discussion, due to the mysterious plot. The producer has spared nothing in the way of cast and production to make it a genuine success.

Nothing ever presented at the Orpheum has created heartier laughter than the two burlesque sketches presented by Harry Watson, jr., stellar attraction of the current show. The most novel offering is the Chinese jazz band. Recognized as one of the most spirited shows that has ever played at the Orpheum, the current bill is proving exceptionally popular.

Fiske O'Hara, the popular Irish actor-singer, who is playing at the Brandeis all this week with a matinee tomorrow afternoon, will remain and give an extra and last performance Sunday night. Mr. O'Hara is presenting "Down Limerick Way," by Anna Nichols, which has been judged by both critics and public as the brightest vehicle in which he has ever appeared.

"Tillie," the new comedy success that brings Miss Patricia Collinge to the Brandeis for three days beginning next Monday, is said to be quite different from the average comedy and in many ways unique. It is her overcoming of the many obstacles that her father has put into her way of gaining a much desired education, and her romance that bring the human interest to the four acts and it is the old doctor who wants Tillie to stay a Menomonee, who brings the laughter.

Omaha's visitors are satisfying themselves with the glitter, magnificence and fun contained in the performance of the "Roseland Girls," who conclude their week's engagement at the popular Gayety with today's two performances. Tomorrow matinee Lew Hilton, comedian in command of Joe Hurtig's blaze away musical burlesque, "Girls of the U. S. A." opens a week's engagement. Matinee daily, all week.

Sparkling humor with plenty of catchy musical and dancing numbers makes the Tag Day Girls, with Bert and Maybelle, a really meritorious little production. The act headlines the show at the Empress this last half. The Copper City Four, singing quartet, find favor with the audience. The comedy element is provided by Frankie Hall and Billy O'Brien.

### Three Army Officers Transferred to Omaha

# Encouraging Bolshevism

Everything that falsely encourages unrest also encourages bolshevism.

Misunderstanding of American industrial organization, and of its benefits to mankind, leads to unrest, dissatisfaction, and radicalism.

For example, the Federal Trade Commission tells the public that the large packers had an agreed price for lard substitute (made of cotton-seed oil)

It reproduces letters taken from the files of one of the packers, showing that such agreed price existed.

But it failed to mention that the agreed price was determined at the request of and in co-operation with the Food Administration!

Even the Department of Justice, in its unjust attempt to create prejudice against the packers, has made public these same letters, with no explanation.

How long must this kind of misrepresentation continue? In so far as it is believed, it not only breeds discontent, but results in injustice to our industry.
