Paris, Oct. 4 .- Premier Clemen

member of the American peace dele-

sation, urging that's meeting of the

league of nations be held in Wash-

President Wilson early in Novem-

lines his reason for the calling of such a meeting, was officially pub-

lished today. It was written September 4, 1919, and follows in part:

meeting of the society of nations in

Washington under the presidency of

Mr. Wilson should be urgently called at the earliest possible mom-

ent. Owing to the hopes this society

has caused to be born and to facili-

ate the solution of international

problems facing all nations, I would suggest the meeting be held the first

week of the coming November and

would propose the invitation of the

greatest possible number of states-

men whose names were associated

with the creation of the society of

nations. Undoubtedly there would

be only a small amount of current

business to transact, but the pro-

vantage: It would put in action the

society, which still exists only on

paper.
"Finally, don't you think it would be a great advantage for the

ex-officio members of the society

of nations to be enabled to exchange

views on the general direction of

opening of the first assembly that

the society of nations will have prese

tige and influence in times of peace

only if it succeeds in maintaining
