

### MURRAY UNDER FIRE FOR MOVE AGAINST HOLMES

#### Removal of City Prosecutor Urged in Council — Action Will Await Return of Mayor.

Acting Mayor Ure yesterday quizzed the city commissioners on the proposition of removing City Prosecutor T. B. Murray on account of the latter's recent move in connection with charges against George Holmes, judge of the municipal court.

Mr. Ure's action followed receipt by the city council of Governor McElvie's exoneration of the judge and censure of the city prosecutor.

Some of the city commissioners are for removal of the prosecutor, and the prevailing sentiment is that the matter should be held in abeyance until the return of Mayor Smith, who appointed Murray.

Commissioner Butler believes that Murray should apologize to Holmes.

As outlined in detail by The Bee two weeks ago, the governor found that Judge Holmes acted clearly within his duty and rights while serving as acting police judge.

Not a scintilla of evidence was found to support the attacks made on the judge by City Prosecutor T. B. Murray. The governor found that the city prosecutor had been lax in his duty, in that he possessed sufficient evidence to prosecute a man referred to in the complaint against the judge.

The matter was brought to the governor's attention through a resolution adopted by four members of the city council, July 8, at the behest of the city prosecutor.

The governor based his finding upon an investigation held by the attorney general of the state.

### Bishop Shayler Says Bad Motion Picture Show School of Crime

The Rt. Rev. Ernest V. Shayler, Episcopal bishop of Nebraska, declared the bad motion picture show was a school of crime, during an address before several hundred members of the Chamber of Commerce yesterday.

"The unrestricted movie has taught the boys and girls of our country how to place bombs under railroad bridges," he said. "Can you see any connection between the lad on horseback who is said to have ridden up the court house steps during the riot and certain films which you have seen?"

Rev. Mr. Shayler's topic was the need of higher education. He declared that without higher education there could be no real city.

"Eighty-four per cent of the college graduates make a success in life," he said, "while only 42 per cent of the high school graduates succeed, and only 18 per cent of the grade school graduates attain success in the present day."

"Success is going after the thing you ought to have and not after the thing you want," he said.

### Mayor Smith Will Be Taken From Hospital Sometime This Week

Members of Mayor Smith's family yesterday stated that it is proposed to take the mayor direct from Ford hospital this week to a place where he may enjoy absolute quiet for several weeks. He will be taken to a rest resort, where there are curative springs. The exact date of his departure was not decided yesterday.

The mayor's condition yesterday showed marked improvement. The scar on his head has healed, and the outward evidence of the attack upon him has nearly disappeared.

O. M. Olson, his secretary, called at the hospital yesterday afternoon and had a brief chat, during which the mayor asked about conditions of the city. The mayor has been told gradually of the extent of the recent disturbances. Not until yesterday did he know that the negro had been lynched.

The color in the mayor's face is resuming its natural appearance.

### Fourteen New Officers are Appointed on the Omaha Department

### Midwest Tire Corporation Makes Sensational Offer

The Midwest Tire corporation expects to break all records in this city for the sale of automobile tires on October 8, 9, 10 and 11, when it will hold a sale, the special feature of which will be the offer of an extra tire for \$1.

To every purchaser of tires at the regular list price of the days mentioned, the corporation will give another tire for \$1 each, but in order to participate in the offer, a tire must be purchased at the list price.

### Army Officer Who Will Drill Police Into Military Body

Maj. C. M. White is the Fort Omaha officer who has been selected to drill Omaha policemen. It is also rumored he will be appointed inspector of police when he is discharged from the army.

### STOMACH TORN UP

Indiana Lady Describes Condition, Which She Says Was Due To Constipation and Tells of Relief Obtained From Black-Draught.

Scottsburg, Ind.—Mrs. Annie Johnson, of this place, writes: "I well remember I suffered for a long time with constipation, which would get me down. I took doctors' medicines and any number of purgatives. They would leave me in a worse condition than I was before taking, and my stomach so upset... I know once I suffered... from constipation, I was so ill we had to have the doctor, just so nervous and feverish. The doctor said I would have to quit medicines, my stomach was so bad..."

My husband was reading and found something about Theodor's Black-Draught and brought me a package to try. I used it regularly at first until I began to feel better, then I used just a dose occasionally. I was cured of this constipation and am sure the Black-Draught did it. If your stomach is out of order, you will suffer from such disagreeable symptoms as headache, biliousness, indigestion, etc., and unless something is done, serious trouble may result. Theodor's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, helping to regulate the liver and to cleanse the bowels of impurities. Try Black-Draught. EB-15

# \$500,000 For UNIVERSITY OF OMAHA

## Why Omaha's University MUST Have \$500,000

Educational institutions are NOT money-making. Their work is for the common good of Humanity. The University of Omaha is no exception. Starting on its educational work in 1909, it has made remarkable progress. Today it is face to face with the immediate need for funds with which to perpetuate its past good work, and to extend that work. It is necessary, NOW, to have a sound financial basis, so that the good work already done can go forward in a permanent way. These things make the \$500,000 endowment fund an imperative need. Either the past growth is to be neglected and lost—NOW—or cultivated and encouraged. There can be no question as to Omaha's decision. For great as is the University's need for this \$500,000 endowment fund, Omaha's need for the University is GREATER!

## What Omaha's University MEANS TO Omaha---

THE UNIVERSITY OF OMAHA is an example of the educational movement toward giving the great centers of population their own institutions for training and educating their Youth. The problems of the city must be solved within the city, through more efficient training and education for the city's future men and women. Omaha University is co-educational—extending its benefits to young men and women, alike. Aside from the incalculable worth of the University to Omaha in the highly-trained young folks entering from its halls into the city's activities, there is an actual "dollars-and-cents" value which is not negligible. Careful and conservative estimates show that the University has brought, or saved to Omaha—since its establishment—the sum of \$1,300,000. Omaha University is non-sectarian. It is a broad, liberal institution. It is Opportunity, materialized, for the Youth of Omaha to grasp. It is the visible expression of Omaha's cultural development. It is a vital, living part of Omaha.

## YOUR Help Is Needed--NOW

No man or woman reading this can evade the call. YOUR help is needed; needed NOW. You can BELIEVE in this great non-sectarian, co-educational University for Omaha. You can talk to others, enthusiastically, about it. You can urge others to help. You can GIVE toward it. This money must be raised promptly. Whatever you do, do NOW! Whatever you can GIVE—of thought, of energy, of money—will HELP! The decision is before you, to be made NOW.
