VERSITY OF OMAHA

A Special Appeal to Fathers and Mothers

Your children are growing up. Perhaps they are in high school today. Where will you complete their educations? Doesn't it mean something to you to know that, right here in Omaha, they are going to be able to find a liberal, broad, non-sectarian institution of advanced learning? That is, they will be able to find such an institution-if YOU help in raising this \$500,000 Endowment Fund, NOW! The University of Omaha has reached the place where it must have a fund of this size to place its work and plans and growth on a sound, permanent foundation. In ten short years the University has grown from nothing to a recognized importance in educational affairs. Will you help us save the work of those ten years? Will you do it for your growing children?
