A thief Stole into the recess Of my brain And looted Its treasury Of hidden stores— Those precious And priceless relics Which experience Had brought me— (Confidence and Trust)— And I believed in "Me"— Believed that strength And courage Whipped and spurred Dull sluggish Lazy minds Into perpetual action. The wizen thief Broke through the walls I'd meant to bar such ghoul— And robbed Every storeroom. In my mental vaults. Too short a time It took to ruin All my plans— And muddle every Well-intentioned scheme— For in his wake The pirate has Left barren soil Without sufficient strength To battle through The ever-growing world. Bereft of courage— Confidence and pluck— Was I— (All was gone) The brigand left no smiles Along his barren track. My brain knew but disorder— Bewilderment— Confusion And unrest— Indecision marked the turn Of every plan— This highwayman Was fiendish "Worry" Who's wrecked A million homes And ruined as many Honest men— Worry brings chaos And chaos Is death to Victory. BEWARE!

HAIR SOON TOO SHORT TO DO UP. A little "Danderine" stops your hair coming out and doubles its beauty.

To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of delightful "Danderine" at any drug or toilet counter for a few cents, pour a little in your hand and rub it into the scalp.

After several applications the hair usually stops coming out and you can't find any dandruff. Help your hair to grow strong, thick and long and become soft, glossy and twice as beautiful and abundant.

Without the "doctored" dye of ordinary use, the silk wears longer. Our method of modeling the hose, in knitting, rather than stretching them, gives infinitely greater elasticity. The grade of silk used adds to these things, and creates beauty of appearance impossible to surpass.

The Business Woman's club also sees the need for interest in art. That is why they are bringing Mr. Nutting to Omaha, to speak at 8:15 Saturday evening, October 11, in the ball room of the Fontenelle hotel.

It is very clear to industrial leaders that every moment of our day is an association with art, the homes we live in, the clothes we wear, the streets of our city, all being an expression of some form of art.

Big business sees that foreign artisans are not immigrating to our shores as they were before the war. It sees that America is now thrown on its own resources for workers in this field, it sees that our own people must design our silks and gingham, our wall paper and draperies, our houses and our furniture.

It is a business proposition, Secretary Lane of the Department of the Interior, tells us that he sees it. That
