## URGES COUNCIL TO GIVE POLICE CHIEF HEARING

Commissioner Butler Declares City Should Act Before "Outside Interference" Is Used.

City Commissioner Butler, in regular meeting of the city council yesterday, insisted that Chief of Police Eberstein should be granted a hearing before his resignation is asked for.

A resolution by Mr. Butler was referred to the council committee of the whole meeting next Monday morning, after it had precipitated discussion among the city commissioners.

In defense of his resolution, Commissioner Butler asserted that the council should take hold of the police department situation before "outside interference" was used.

His reference to "outside interference" was understood to mean the threatened action of Governor McKelvie, who told the city commissioners that unless they acted he would exercise his prerogative, and the governor also indicated that the removal of Chief Eberstein was essential to the reorganization of the Omaha police department.

Mr. Butler also inquired why William Coulter, policeman, had been suspended for alleged cowardice on Sunday, September 28, at the court house, while other policemen whom he said had surrendered their badges and revolvers, were still on duty.

"I offer this resolution," said Mr. Butler, "because we could get a better idea as to what is going on in the reorganization of the police department. I, for one, don't intend to sit by and see 100 new men examined and not have anything to say as to their qualifications."

"I take it, that unless this council acts, the matter will be taken out of our hands. I think that the council should handle the situation without outside interference."

"Mr. Ringer has suspended an officer who has been on the force 18 years, and there are policemen who turned over their badges and revolvers at the court house still on duty. All of the policemen who surrendered their badges and revolvers should be suspended."

"In fairness to Chief Eberstein, I wish to state that he should have a hearing. I don't intend to sit here and see this thing die out. If this hearing is not granted, as asked for in my resolution, I intend to offer another resolution, asking for the resignation of the chief."

Police Commissioner Ringer replied: "It is within the province of this city government to investigate all matters of the departments. The grand jury investigation now is on, and I believe we should give this matter a little more time. We hear many rumors and it behooves us to be calm and judicial, that we may arrive at a constructive rather than a destructive conclusion. We

should wait for the grand jury investigation."

**Charges Against Coulter.**

"As for the charges against William Coulter, I will say that they are based on more than hearsay evidence. I will be glad to inform the council as to the facts of that case. I will be just as strong for disciplining guilty policemen, as Mr. Butler or any other city commissioner. I think that Chief Eberstein is entitled to as much consideration as anyone charged with a crime."

Commissioner Butler responded to the police commissioner: "The mayor won't be back for several months. I contend that you are not strengthening the morale of your department by allowing men who surrendered their badges and revolvers to remain on duty. The mayor's letter, in which he commended every member of the department for their work at the court house, is ridiculous. I don't believe that the mayor knows what happened at the court house. I don't believe that he understands the situation."

**Must Have Charges.**

Acting Mayor Ure remarked: "I don't see how you can have a hearing without charges being drawn. I think it would be a delightful thing for each city commissioner to know who are being appointed to the police department."

Commissioner Butler offered this rejoinder: "Members of the police department are never brought in here except when charges are filed against them. Promotions and demotions are made without any information

being given to this council. The council is sitting in the capacity of a fire and police board. Mr. Ringer or the chief has never asked us anything about promotions or demotions."

Commissioner Falconer supported the Butler resolution. Commissioners Ringer, Ure and Towl voted against it. Commissioner Zimman was absent. The final action was to refer the document to the committee of the whole next Monday morning for discussion.

## Sues for Divorce Again; Now Wants \$20,000 In Alimony

Twenty thousand dollars alimony is asked by Mrs. Ella Cammenzind in her second suit for divorce from Charles Cammenzind filed yesterday in district court. They were married July 23, 1917.

She says he owns 1,800 acres of land, 125 head of cattle, 16 horses and has several thousand dollars in cash. He is a farmer near Harrison, Neb.

She alleges that he has nagged, abused, cursed her, and has struck her in the face. She declares he has accused her publicly of kidnapping and has stated publicly that she had not secured a divorce from her first husband.

Mrs. Cammenzind came back to Omaha about six months ago and instituted divorce proceedings. Judge Troup dismissed her first suit.
