## Fine Arts Society Plans Lectures for Season

J. M. Beck and Coningsby Dawson Two of the Speakers—Three Art Exhibits.

The Omaha Society of Fine Arts has an alluring program prepared for the coming season. With numerous lectures by brilliant speakers at least three art lectures, and three art exhibits already planned and one or two other interesting features still in prospect, the members of this society will have as comprehensive a program of events as any one society could possibly desire.

The first lecture will be given on November 8, when James M. Beck, lawyer and writer, will be heard in an address in after-war policies, and international problems. Mr. Beck wrote "The Evidence in the Case," and other books which pertained to the intervention of America in the great world war. He has been district attorney of the United States for Pennsylvania, and assistant attorney general of the United States.

The second lecture will be by Coningsby Dawson, the novelist, on November 21. He served during the war, and spent the summer in Germany and the Balkans. Since coming from England to this country in October, he has been speaking at the Columbia Institute of Arts and Sciences and at Carnegie.

Three art exhibits are the Voss exhibit, which will be held in Omaha November 10 to November 22, a children's exhibit in December and the Redfield Tarbell exhibit in January. The Voss exhibit comes to Omaha from Denver, and from Omaha goes to Minneapolis. This is said to contain the finest paintings of this exhibitor. The children's exhibit will contain paintings and prints of special interest to the younger generation, also statues and other works of art. This will be held in the South Side library, which the committee on exhibits finds admirably adapted to the purpose.

The Redfield-Tarbell exhibit contains 24 paintings. An exhibit of 20 small bronzes from Gorham, N. Y., will be held in Omaha at the same time. This will be held in the Omaha public library.

Members of the society who have not yet paid their dues are asked to send them at once to Mrs. E. L. Durke, chairman of the membership committee, 403 North Fortieth street. There are many women in Omaha who are not members of the society who are interested in its programs, and these are also requested to send their names to Mrs. Durke if they desire to join.

## WAR CAMP

Mr. C. B. Root, community organizer of the War Camp Community service, and Mr. E. C. Thomas, assistant organizer, are returning tonight from Denver, where they have been in attendance at a conference of National Community service workers.

The Papillion Liberty and Lafayette Units, War Camp Community service, were hostesses at the dance given for the men in service and ex-service men Thursday evening, October 10, at the Army and Navy club. They were entertained during the evening by Miss Edna Barnes of Columbia University of Expression, with several readings.

In spite of the pouring rain Wednesday evening, October 8, the Girls' Community house presented a picture of hospitality and gaiety, when 60 girls assembled at 6 p. m. for dinner. The occasion was the regular meeting of two War Camp Community service clubs who were extending a welcome to young women wishing to become members of the Community Service league.

Two business sessions were held. The B. B. club was organized after which all retired to the gymnasium, where the class in esthetic dancing, under the direction of Valaska Sterba, was in progress.

## Better Service Better Values

A SHAMPOO WORTH TRYING

It is not necessary to shampoo your hair so frequently if it is entirely and properly cleaned each time by the use of a really good shampoo. The easiest to use and quickest drying shampoo that we can recommend to our readers is one that brings out all the natural beauty of the hair and may be enjoyed at very little expense, by dissolving a teaspoonful of canthox, which can be obtained from any druggist's, in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply to all the hair instead of just to the top of the head. This, when rubbed into the scalp and onto every strand of hair, chemically dissolves all impurities. It is very soothing and cooling in its action, as well as beneficial to both scalp and hair. After rinsing out the lather so created, you will find the scalp is fresh, clean and free from dandruff, while the hair dries quickly and evenly, developing a bright luster and a soft fluffiness that makes it seem very heavy.

## Miss Montgomery to Leave

Miss Beatrice Montgomery, daughter of Mr. and Mrs. S. S. Montgomery, is an attractive Omaha girl who will spend the winter in travel. With her mother she will leave November 1 for Medicine Hat, Canada, where they will visit Mr. Edward Bennett, brother of Mrs. Montgomery, who was formerly of Omaha. In early December they plan to join Mr. Montgomery in San Francisco. While in California this trio will make several short journeys through the state. However, it is the Hawaii which will claim them for the winter months as they sail for those beautiful islands December 21. It is undecided as to when the Montgomery family may return, but Omahans hope that our own city will lure them back to Nebraska in the near future.
