This Student membership also is open. does not mean that we would not have enjoyed Mme. Alma Gluck, whose illness has caused the change for she has been heard in Omaha several times in recital, and she has large circle of admirers. But Madame Destinn's great reputation with the Metropolitan Opera and elsewhere makes us rejoice that as long as a change was necessary, that it was just this change which appened. This also necessitates a change of opera, and instead of "La Boheme," by Puccini, the "Masked Ball," or as it is known by its Italian name, "Il Ballo in Maschera." Verdi, will be given. Unless I am mistaken, this is the first time this opera has ever been presented

It is by the same Verdi whose "Aida," "Il Trovatore," and other operas are favorites with the musical and general public alike, and it is said to contain a great deal of beautiful Mme. This novelty to Omaha opera goers, "The Masked Ball," is seldom presented by operas on tour, it is said, as it requires such a strong cast and so many competent principals. This is promised by the Chicago company, and undoubtedly a fine production of the opera will be

Reduce Wrinkles

Remember that wrinkles and bagginess of cheek or chin are due to the muscular tissue losing its strength and shrinking. The skin is then too large in area to fit such tissue smoothly. It wrinkles or sags. To remedy this condition, there's nothing so effective, so quick-acting, as a simple wash lotion easily made at home. Just got an ounce of pure powdered saxolite at your druggist's, and a half pint of witch hazel, mix the two and bathe your face in the liquid. This at once tightens the skin and solidifies the underlying tissues—which, of course, smooths out the lines and draws in the sagging skin. It also stimulates capillary circulation, bringing natural color to faded cheeks.

For those whose hair is straight and lank nothing better could be recommended than the silmerine method. This insures a beautiful curliness which is perfectly natural in appearance, and the heated iron is used. A few ounces of liquid silmerine—which can of course be had at any drug store—lasts a long time, so it is quite economical to use. It is pleasant to use, too, being neither sticky nor greasy, and is easily applied with a clean tooth brush. The hair should be moistened the full length before retiring.

The pretty wavy effect in evidence in the morning is surprising to those who try this simple method the first time The liquid also serves as an excellent dressing, giving the hair a delightful gloss.

For those whose hair is straight and lank nothing better could be recommended than the silmerine method. This insures and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a fine appetite for breakfast. A quarter pound of limestone phosphate costs very little at the drug store, but is enough to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism an enthusiast on internal sanitation.
