HONOR PAID TO ROOSEVELT BY GOV. M'KELVIE

October 27, Birthday of Great Patriot, Appointed Americanization Day by Proclamation.

Lincoln, Oct. 11.—(Special.)—Governor McKelvie has appointed Monday, October 27, the 61st anniversary of the birth of President Theodore Roosevelt, Americanization day by the following proclamation:

The progress that our country has made as a nation has been greatest during those periods when the people made the least departure from the true principles of Americanism. And today I think the greatest danger lies in a tendency on the part of some to confuse the principles of the republic with those of other less desirable forms of government. So in these times of confusion and uncertainty and unrest it is important that we should seek to restore normal conditions through a full understanding and a conscientious application of the principles of the republic.

The republic has produced many great statesmen. It could not be otherwise, for the requirement of this form of government are such that success can only be wrought through the development of virile, sane, clear thinking, honest men, who are able to comprehend the great problems of the times. Among these, Theodore Roosevelt stands out most prominently. He was the type of true American who, with a clear vision of the purposes of the republic, repeatedly called the people back to an understanding of the dangers that lurk in departures from the purposes of the fundamental law that was written by the fathers. Unfortunately it is that we have not the benefits of his wise counsel today, but we have in its stead the memory of his unflinching courage and his determination of American purposes, to guide us and stimulate our patriotic impulses and efforts.

Therefore, in order that we may properly respect the name of this great American, and, through a study of his life, instill in the minds of the people a new appreciation of the meaning of true Americanism, I hereby designate October 27, which is the birthday of Theodore Roosevelt, Americanization Day, to be observed throughout this state and by all the people.

Expert to Receive \$2,200 for Services Under New Code Law

Lincoln, Oct. 11.—(Special.)—J. L. Jacobs of the firm of J. L. Jacobs & Co., Chicago, who was here for some time and went over the business of the state in an effort to get the new code law in working order, has sent in his bill for \$2,200.05 to the finance department. The total amount of \$2,220.05.

The cost of having the efficiency expert will be proportioned to the different departments under the code, according to the amount of work required to get the department started under the new law, and has been apportioned as follows:

| | |
|--------------------|------------|
| Public works | \$1,332.25 |

NEW CALL ISSUED BY GOVERNOR FOR SPECIAL SESSION

Asks Legislature to Authorize Omaha to Raise Police and Have Outsider for Chief.

Lincoln, Oct. 11.—(Special Telegram.)—Governor McKelvie Saturday issued a new call for a special session to open next Tuesday. The proclamation, in addition to giving authority to Douglas county commissioners to issue bonds to cover rebuilding the court house and to cover expense of new records destroyed by the mob two weeks ago, calls for an amendment to present laws enabling the city of Omaha to pay larger salaries to policemen and borrow money sufficient to increase the force and to remove restrictions as to the chief of police being a citizen of Omaha.

This was agreed upon after a conference with representatives of the city and county who called upon the governor.

May Drop Eberstein.

A bill to make it possible to hire a chief of police for Omaha from outside of the city will be included in the legislation which the special session of the legislature, called to meet next Thursday, will be asked to pass.

This statement was given out yesterday by Acting Mayor Ure, who was one of a conference in County Attorney Shotwell's office. Friday afternoon Governor McKelvie, the county commissioners, John P. Breen, Ben S. Baker and John Latenser were also present.

"Does this mean that Chief Eberstein is to be ousted?" Mr. Ure was asked today.

"It will simply give us the power to get a chief from outside the city if we find one," he said.

"Have you any special plan in mind for the place?"

"Not at present," he replied.

The law at present provides that a chief of police of Omaha must be a qualified elector of the city.

To Increase Pay.

The special session will be asked also to grant the city of Omaha authority to increase the pay of policemen. The initial pay will be increased from \$100 per month to \$115 or \$120, the maximum pay increase not being named yet.

This is to attract a higher class of men to the department, and is in line with the reorganization plans already under way.

Another bill will give Omaha power to raise funds to meet any increase in the police department funds, which will be increased next year not less than \$150,000.

Anthracite Coal \$10.65...

For Hard Coal Stoves

PER TON (delivered)

This is the Base Burner size of FERNWOOD ANTHRACITE (HARD) COAL. It is screened at the mine, rescreened in Omaha, feeds easily to the fire and burns as Hard Coal should.

A temporary surplus of this coal at the mines is due to unusual demand for the furnace size (which sells now in Omaha at \$16.25 per ton). The mines cut the price to move the smaller coal. As a result this Base Burner Coal is offered at a figure unheard of for years, a price that will save you money for other vital needs.

Samples are ready for your inspection. A train load is on the way to Omaha now. Orders placed at once will insure early delivery.
