

### HINES SAYS IT IS NONSENSE TO DEAL WITH UNION

Director General Declares Men Will Not Obey Superior Officers in Letter to Labor Chief.

Washington, Oct. 13.—Strikes of railroad employes such as that in the Altoona, Pa., yards of the Pennsylvania railroad, were declared today by Director General Hines as "creating the basis for the argument that it is nonsense to deal with labor organizations because they will not obey their own rulers and therefore make the orderly handling of business impossible."

The statement by the director general was made in a letter to B. M. Jewell, acting president of the railway employes' department of the American Federation of Labor, in regard to the Altoona strike. Mr. Hines reiterated that the railroad administration's policy was that no grievance of railroad employes could be considered while the workers involved remained on strike.

The Altoona strikers returned to work today.

### Negro Husband of White Woman Held for Beating Her

Ada Weatherley, white, was brought to the police station from her home, 1920 South Tenth street, with her left arm broken, and her face and body badly bruised. According to her story, her negro husband, George, attacked her at 3:30 a. m.

Police were called to the scene, where they arrested the negro, who is awaiting trial on charge of assault and battery. The woman was returned to her home.

### Leave for National Meeting.

John T. Buchanan and Frank Manchester, president and secretary of the Omaha grain exchange left last night to attend the meeting of the National Grain dealer's association which opened in St. Louis, Mo., yesterday.

C. T. Neal of the United States Grain corporation, George Powell, chief inspector of the Omaha exchange, and several other Omaha dealers will also attend the meeting, which will last three days.

### WIFE IN DIVORCE COURT ADMITS BEING UNTRUE

Judge Refuses Decree to Either One of Couple.

Admissions of infidelity by Daisy Helvey on the witness stand in divorce court yesterday caused Judge Troup to deny her a divorce from Ira S. Helvey. And the admission by Mr. Helvey that he had condoned her mistake caused the judge to deny him a divorce.

Helvey, an employe of the Union stock yards, testified that he went to the home of a "pal" on the afternoon of September 19, at 2518 Capitol avenue, and that while he was there a telephone call came from a woman friend of his "pal's" roommate. The woman said she was coming over to see him.

**Finds It Was Wife.**

Helvey and his friend watched through a crack between the double doors of their room and saw the other man receive the woman at the door and escort her through the hall to an adjoining room.

Helvey said he was amazed to see that the woman was his wife. After a few moments he went into the adjoining room where he found his wife in the arms of the other man. Mrs. Helvey admitted these allegations.

Following this encounter, however, the Helveys lived together. Mr. Helvey's suit for divorce and his wife's counter suit were pending in court.

**Attorney Expresses Surprise.**

Rudolph Bremers, attorney for Mrs. Helvey, was astonished at the calm admissions she made on the witness stand.

"She told me she had never done anything out of the way and said her husband 'beat her up,'" he said.

According to the testimony, the worst beating occurred when the couple returned home after the incident at the Capitol avenue house.

Judge Troup stated that the child of the Helveys should be placed in the custody of some one other than its parents.

**Drive Is Continued.**

Owing to the fact that the drive for funds to aid Lithuanian war sufferers fell far short of the amount desired, the drive will be continued for four more days, beginning tomorrow. Permission for the continuation of the drive was granted yesterday by Acting Mayor Ure.

### AMERICANIZING OF FOREIGNERS SENATORS' PLAN

Labor Committee Strongly in Favor of Legislation, Says Kenyon on Return From Pittsburgh.

Washington, Oct. 13.—Americanization of foreigners should be an immediate effort of congress through legislation, declared Senator Kenyon of Iowa, chairman of the senate labor committee, which returned from an investigation of the steel strike in the Pittsburgh district. Asserting that about half of the steel workers are of foreign birth and cannot read, write or speak English, Senator Kenyon said one of the first aims of congress as a result of the committee's inquiry should be Americanization legislation.

In a formal statement Senator Kenyon said:

"I do not desire to discuss the steel strike nor the reasons or causes thereof at this time. The committee has not as yet completed its investigation. I think it permissible to say, however, that the committee returned from the Pittsburgh district strongly in favor of some Americanization bill.

**Should Be Americanized.**

"I have thought for a long while that congress must do what it could to help stimulate Americanism. That is a common ground upon which we can stand and is a rallying point for all. When you find that in some of these mills over 50 per cent of the workmen cannot read, write nor speak the American language; when it is necessary in these mill districts to publish orders in all kinds of languages, it is time for the American people, represented by the American congress, to give determined consideration to some plan of affording these foreign citizens an opportunity to learn what the institutions of America stand for and to become Americanized. We saw some young fellows who had only a smattering of our tongue who impressed us as splendid material out of which to make American citizens.

**Two Bills Now Pending.**

"Two bills are now pending before the committee, of which I have the honor to be chairman, dealing with this question. The committee meets this week to take them up, and I

### Public Night Schools' Opened Last Night For Winter Season

Public night schools were opened last night for the season. Sessions will be held Monday, Wednesday and Thursday evening of each week, from 7:30 to 9:30. Americanization will be stressed. The school officials ask employes to interest their employes in these schools.

The following schools will be used: Central High, High School of Commerce, South High, Farnam, Kellom, Comenius, Pacific, Train, West Side, Jungmann, South Franklin, Edward Rosewater, Cass, Mason and Dupont.

### Billy, the Bear, Veteran Cow Herder, Visiting In Omaha

L. J. F. Jaeger of Chadron, Neb., known throughout the west as "Billy, the Bear," is a guest at the Hotel Conant. He came to the metropolis from Valentine, Neb., where he attended the annual session of "The Northwestern Roundup," of which he is secretary.

This organization is a fraternal society of the old guard of cattle men of the United States. The present membership is 385, including J. C. Dahlman, former mayor of Omaha.

"Billy, the Bear," lost his feet and legs and parts of both hands in a blizzard nearly 40 years ago. He is having a new set of artificial limbs made in Omaha.

earnestly hope that one or both of them may be reported out of the committee and may be passed by congress before adjournment. There is no greater question than that of Americanizing this nation of ours.

"Many of those who cannot speak our language are yearning to know it and want the opportunity to learn about our institutions. Most of them have subscribed for Liberty bonds, but how can they know anything about American institutions when they cannot speak America's language. We cannot reach a one-language nation over night, but that eventually should be our goal. It will take some time, but the result will be worth while, for there is national solidarity for all people in a nation speaking the same language. Eight and a half million people in this country over 10 years of age cannot speak, read or write the American language. To the correction of that condition every citizen should resolve to do his part."
