Examinations for West Point Will Be Held in February

Washington, Oct. 13.—(Special Telegram.)—Congressman Jefferis was advised by the War department that there will be 700 vacancies in in 1920, and as the Omaha respresentative has one of these vacancies to fill, an excellent opportunity is presented to any ambitious boy in the Second district who desires to make soldiering a life profession. Entrance examination will-be held next February, the congressman being anxious to appoint residents of the district to take the examination.

Mr. Jefferis was also advised by the Civil Service commission that \$1,100 and is open to either man or

PROFITEERS TO BE UNDER FIRE IN LEGISLATURE

the military academy at West Point Strong Argument In Favor of Legislative Action Is Arbitrary Attitude of the

Landlords.

Rent profiteers, particularly Oma-ha landlords, will come in for a large share of attention at the special session of the Nebraska legislature, if plans of certain members, an examination for postmaster at who at the last special session Ralston will be held at Omah. on were thwarted in their efforts to November 19. The position pays obtain the passage of a measure regulating profiteering in both rents and foodstuffs, materialize,

Governor McKelvie opposed the proposition, because, he declared, it was unnecessary since the state laws already were sufficient and the proper authority had been vested in state officials to handle the situ-

Will Force Issue.

The governor made no mention of profiteering and rents in his call for the approaching session, but it is believed those who favor the issue will force it before the special sesion, one way or another.

Attention of the members of the legislature has been directed to the fact that the recent investigation of profiteering instituted by the attorney general failed in accomplishing anything in the way of relief

In the meantime, the clamor has increased, organizations of men and women are directing their attention to the members of the legislature in the hope that some action will be taken.

Landlords Are Arbitrary.

One of the strongest arguments that is being used in favor of legis-lative action in the matter of profiteering is the arbitrary attitude of Omaha landlords.

Numerous instances of actual suffering have been brought to light in this city. The Building Owners' and Managers' association of Omaha, together with the Omaha Real Estate board, are accused of combining to take unfair and unjust advantage of the situation afforded here by the limited number of apartment houses and dwellings for rent to oppress the thousands of persons who are completely at the mercy of

The officers of the Omaha Real Estate board are W. R. McFarland, president; I. Shuler, vice president; W. F. Williams, secretary, and L. D. Spalding, treasurer.

Still Boosting Rents.

Other business organizations are said to be in sympathy with the rent profiteering here. Despite the repeated demands made on those who are charged with the responsibility to explain, to date the only response has been silent contempt on the part of landlords, who steadily are boosting their rent rates out of all reason and with no apparent Six-Year-Old Boy Burned

Organized protests and individual complaints alike have met with the same treatment. One of the chief causes of complaints which is being made by the tenants is the fact that children are excluded from practically every apartment in Omaha.

Many Protests Made.

Women's organizations, labor unions and various other bodies have registered protests against this condition, and the point has been made that families with children are being forced to leave Omaha as a result of the oppression of landlords.

While Governor McKelvie has not yet con-mitted himself on the subject of bringing the matter to the attention of the legislature at a special session, those who appreciate the grave importance of the matter, believe he will agree some action should be taken immediately to check the operations of profiteers, chief among whom are the real esrate interests of Omaha.

Would Fix Blame.

"What is needed is not only an nvestigation which will fix the lame, but some arrangement by the profiteers will be made which to pay a penalty for the injustice they are inflicting upon the pub-lic," declared an Omaha business man vesterday.

"My rent rate has been doubled, he continued. "I have been looking for an apartment in which to move for the past four months. I have been unable to find a place principally because the Omaha landlords will not permit my 2-year-old child to live in their houses."

There are many Omaha landlords who would permit children in their apartments, it is said, but for the arbitrary rules of the combine. The rules have been subscribed to by the organization and if they are not observed in detail and in every particular, the member violating them is made to suffer. The combine rules with an iron hand, it is said, and will not break the slightest violations of the rules, which were formulated

by the rich real estate interests. Organizations Responsible,

Some of the leading members of the Real Estate Board and Rental Combine, which two organizations are doing all in their power to keep the matter of rent profiteering from being taken up by the legislature, are the following:

George & Co. D. V. Sholes company. Payne Investment company. Payne-Slater company. Traver Brothers. Hastings & Heyden. Glover & Spain. Harrison & Morton. C. G. Carlberg.

Board Decides to Install

Transformer at State House Lincoln, Oct. 13.—(Special.)—The state house was in darkness nearly the whole forenoon Monday and in most of the offices little work could be done. The transformer connected with the electric lighting plant at the penitentiary, which fur-nishes the light for the capitol and other state buildings, failed to work, a thing that has hap-pened quite frequently during the past two years, so the state board, which has in charge the building, met and resolved to install a 2,300 volt transformer in the heating plant where it will not go out of commission whenever a rain drop falls Bontlind upon the wires.

INTERVENTION IN STEEL STRIKE TO **BE ARGUED TODAY**

National Industrial Conference Will Discuss Labor's Resolution as First Order Business.

Washington, Oct. 13 .- Labor's resolution proposing intervention in the steel strike will come before the National Industrial conference, without recommendation from the tentral committee, as the first order of business Tuesday.

The committee devoted only a small portion of an all-day session obtained and the resolution will follow the only other possible course open-back to the main body of the

Expect Same Fate.

Members of the conference expressed the opinion that the prorepresentatives will vote for the resolution, but pointed out that in the employers group only the agricultural representatives look with favor ernor that it is probable that he will

on the arb tration plan. Out of deference to their fellow member Judge Elbert H. Gary, chairman of the board of the United States Steel corporation, representatives of the public have never discussed the steel strike in their group meetings and it probably will be necessary for the group to take advantage of the 20-minute recess allowed under the rules to caucus prior to casting the unit vote on the arbtitration resolution.

Substantial Progress.

The central committee is reportd to have made substantial progress in devising a method of procedure for "putting all the members of the conference to work." A number of subcommittees for consideration of specific problems, together with a policy for the assignment of resolutions to those committees, will be recommended to the conference.

Under this arrangement it appears probable that conflicting views on fundamental issues, such as the open shop, collective bargaining and the eight-hour day, will be threshed out and a basis for agreement reached in these select committees.

Magnus W. Alexander, managing director of the national industrial conference board, which has five representatives in the employers' group of the conference, issued a statement opposing intervention by the conference in existing strikes and disputes.

Sensational Shooting in Omaha Ends in Divorce

Mrs. Viva Ijams, victim of Mrs. Blanche Vanausdal's revolver, and center of one of Omaha's recent sensations, obtained a divorce in the district court at Council Bluffs yesterday. She accused her husband, by "Live" Electric Wire did not appear, and the decree was

It was one of the shortest and simplest divorce actions in the recent history of the court. Mrs. Ijams' attorney concealed the filing of the petition on August 14 by filing it after hours and immediately withdrawing it. The petition was short, comprising two paragraphs and occupying less than half a page.

Injured in Accident.

Miss Caroline Lowr, 584 South Twenty-eighth street, was run down by an automobile driven by F. S. Hanna, Colonial hotel, at 8 o'clock last night at Twenty-eighth and Farnam screets. Miss Lowr suffered bruises about her head and shoul-ders. She was taken to her home in Hanna's car.

Anemic People Need **Blood-Iron Phosphate**

Blood-Iron Phosphate
Anemic people are usually thin, pale, weak, discouraged, nervous wrecks; showing that lack of fron in the blood is all too frequently accompanied by a run-down nervous system due to lack of phosphorous.

Frength, health, vitm, vigor and energy depend almost entirely on making up this deficiency in iron and phosphorous.

Unquestionably one of the best things for this purpose is the great French discovery known among our druggists as Blood-Iron Phosphate. Folks who have tried it say that one five-grain tablet with each meal quickly restores depleted nervous energy, enriches the blood, increases strength, vitality and endurance, and those who are thin usually put on pounds of solid staythere flesh in a short time.

Inasmuch as the five Sherman & McConnell drug stores and all other druggists are authorized to sell Blood-Iron Phosphate under a guarantee of satisfaction or money back, every thin, weak, nervous or anemic man or woman should give it a trial without delay.

Important—Blood-Iron Phosphate is sold inly in original packages, containing enough for three weeks' treatment, at \$1.50 per package—only 50c a week.
