# PUT EBERSTEIN RESOLUTION OFF **UNTIL THURSDAY**

Absence of Acting Mayor Ure Delays Consideration of Commissioner Butler's Demands.

City Commissioner Butler's resoption, which was submitted to the city council last week, and which provides that Chief of Police Eberstein shall be given a hearing before the city council before resignation is asked for, was today laid over until Thursday morning on account of the absence of Acting

Mayor Ure, who is in Lincoln.
"I believe that Mr. Ure should be present when the resolution is con-sidered," said Mr. Butler.

The point which will be in issue Thursday morning will be whether the resolution shall be adopted or

Commissioner Butler has explained to the council that he be-lieves it would be a wise action for the council to direct the chief of police to appear and explain various matters of police department ad ministration, particularly with ref erence to the riots September 28 Mr. Butler's contention is that the council has not been informed as i should have been on matters pertaining to the police department.

We have seen the policemen KILLED AS AUTO charges, but we have not seen them when they were appointed, promo-ted or demoted," said the commissioner, in defense of his resolution

Mr. Butler further explained that one of the purposes of his resolutnon is to preclude, if possible prospective "outside interference," which is generally understood to refer to Governor McKelvie's expressed intention to exercise his prerogative in Omaha police department affairs unless the city council provides the city with a police ordle a real emergency.

Mr. Butler also announced that if city council refuses to adopt his resolution he will offer a reso-lution which will call for the resig-nation of Chief Eberstein.

Chief Eberstein has expressed a rillingness, and even desire, to be heard upon any phase of police department affairs. He announced that he will refuse to be made a "goat."

### Council Will Take Up Garbage Contract Next Monday Morning

A five-year garbage contract sought by Henry Pollock has been put over by the city council com-mittee of the whole to next Monday morning for further considera-

The proposition is that the city shall pay Mr. Pollock \$45,000 per year for five years, he to collect and dispose of garbage in accordance with such regulation as may be pre-scribed by the city.

It is nearly three months since the city council opened bids and awarded a contract to Mr. Pollock. The matter now rests upon the approval of Mr. Pollock's contract.
