### Pre-Season Basket Ball League Opens Schedule Tonight

Everything is in shape for the inauguration ceremonies of the 1919 amateur basket ball season this evening at the Young Men's Christian association, when the opening game of the pre-season league starts.

Chairman Verne Moore of the "Y" basket ball committee, who is practically responsible for the formation of this league, announced last night that the teams are all in great form and plenty of snappy playing can be expected.

The opening game, starting at 7:30 o'clock, will be between the Montclair, under the leadership of Meritt Klepper, and the Bemis Parks, captained by Ralph Ross.

From present indications one of the largest crowds that has yet attended basket ball games at the "Y" is expected.

### One Edition of Paper Uses 30 Acres of Wood

## Itching, Scratching, Skin Diseases That Burn Like Flames of Fire

Here is a Sensible Treatment That Gets Prompt Results. For real, downright, harassing, discomfort, very few disorders can approach so-called skin diseases, such as Eczema, Tetter, Boils, eruptions, scaly irritation, and similar skin troubles, notwithstanding the lavish use of salves, lotions, washes and other treatments applied externally to the irritated parts.

### A CASE OF SUSPENDED ANIMATION.

THE country is dry for the bird with ossified eyelids. But if the hinges on your lamp shades are working you can wink yourself right into a souse that will exempt you from the next eight wars.

We don't know what kind of powders they are peddling over the bars, but one drink will make you weatherproof.

Two drinks will put the well known staggard tread on your liver.

Three sniffs and you rush out like an alcohol burning crusader to pick the feathers off a lion.

When the prohibitionists passed a Sullivan law on concealed cork-screws they figured the works would curl up like a haddock in the hot sun. They thought that noses would fade like Autumn leaves.

But the cash registers are still playing Sousa's Marches. The bar-keepers are still spinning their elbows to and fro and they ain't knitting sox. The stew boys are still utilizing the parking space between the brass rail and the gutta percha free lunch.

King Alcohol is dead, then the malogany is a polished Ouija board that transmits messages from the spiritual world. And the stuff they slip you would heat an apartment house in a bizzard. One swallow makes a Summer so far as the temperature is concerned. It ain't carbolic and it ain't turpentine, but the effect is the same when taken with suicidal intent. It's equivalent to stuff taken by mistake in the dark, except that the electric lights are on.

Human nature is a queer bundle. A guy will step into a high licensed headache garage. He will order sarsaparilla and then get sore if he gets it.

If the Kink is dead, then everybody believes in ghosts. Instead of a sheet he wears a label. And when a cuckoo applies at the hospital with a Number Six case of painter's colic the surgeons know that he has seen the spook. The extract they peddle now should be handled only with a brush.

Whatever the mysterious fluid it is that is being poured over the bar, the ambulance records show that the boys prefer it to punctuated beer.

### South High Tackles Lincoln School Grid Warriors This Friday

Coach Patton of the South Omaha foot ball squad is bending every effort to present a formidable team to battle against Lincoln High Friday afternoon when they will make their second trip of the gridiron season. Lincoln High is considered one of the best foot ball teams in Nebraska, not losing one game this season.

The Packers are not discouraged with three defeats against them, but are working to trim the Lincoln lads so they will be contenders for the state honors. The championship of Nebraska lies between Central of Omaha, Beatrice, Lincoln and South High.

The foot ball men are busy every day going through scrimmage practice with the second squad and special signal drill. All the weak spots on the team have been patched up, according to Coach Patton's men, and they expect to return home victorious.

The foot ball "dope" that reaches Omaha about the Lincoln foot ball squad is causing much gossip, between the pupils and faculty of the school as they believe that if all the reports are true that the Lincoln squad will consist of well drilled and experienced players. The dope will not affect Coach Patton and his warriors as they expect to give the Lincoln lads a good fight at any rate.

Coach Mead of Lincoln probably will not change his lineup and will play the same men he had in the Norfolk game, as he thinks more fighting spirit can be shown by the boys if they are not taken out of any game.

### Des Moines High Will Meet Council Bluffs Saturday

For the first time in foot ball history at the Council Bluffs High school, a Des Moines High school eleven will be seen in action against the Bluffs team, next Saturday on the Sixteenth avenue field. The team will represent the East Des Moines school and will be accompanied by an enviable gridiron record. They opened the season in their home city by defeating the strong Waterloo eleven, 3 to 0, and accomplished a wonderful feat last Saturday, when they overwhelmed St. Joseph Central High school by the score of 42 to 0. The capital city lads have always been strong contenders for the state title and are not lacking this season.

The outcome of the contest will clearly show whether Council Bluffs has an opportunity to secure state honors on the gridiron. The Bluffs lads have taken on a new form in the past week, despite the fact that several star players are out with injuries. They are practicing hard daily and are confident they can defeat the fast Des Moines combination. Council Bluffs is hoping to present a stronger lineup against Des Moines than downed the Shenandoah lads and will attempt to open up with a bundle of trick plays that will outwit the capital city squad. The game is expected to be the hardest that will be played on the Bluffs field this season.

### Umpire Charges Ex-Boxer Assaulted Him After Game

Los Angeles, Oct. 20.—"Jimmy" Murray, American association base ball umpire, swore here to a complaint charging Tom Kennedy, former heavyweight boxer, and now a motion picture actor, with having assaulted him just after the game in which the Vernon club of the Pacific Coast league won the minor league championship from the St. Paul club of the American association.

### Central High Eleven To Meet Des Moines High Saturday P. M.

Coach Mulligan of Central High is putting his warriors through some strenuous practice and signal drill for the game which will be played Saturday with North Des Moines High, their ancient rivals, at Des Moines. The Iowans defeated the local lads by a large score last year, but both Coach Mulligan and his men are confident that they will bring home the bacon this year.

The Central High foot ball mentor is drilling his men on the defensive, so as to keep his goal line untouched in this game. With Wilmarth and Robertson out with injuries they have received, Coach Mulligan is shifting players around considerably. Wilmarth hurt his collarbone in the game with South High and has not been in a game since. Robertson has a "charley horse" which will keep him out of practice this week and probably out of the game Saturday.

The North High foot ball squad, which has defeated every high school in Iowa, is planning on having an easy time with the local lads because of the heavy and experienced men they have. In a contest to decide which team will be in the lead for state honors, North High defeated Mason City by the score of 32 to 0.

Besides being vanquished by 30 to 0 they lost the services of two of their best players. Fred Radler suffered a broken leg and Frank Oliverus came out of the fray with a broken collarbone. Among the Columbus players was one Reuben Nelson, a former West Pointer, against whom a protest was lodged by the West Point boys. This will be adjudicated by the state athletic board. Nelson's home is in Omaha, where he is a member of one of the crack teams of the city.

### HOPPE ECLIPSES CONTESTANTS IN BALK LINE PLAY

At all stages he played close billiards, his success in controlling the sphere being unusually good. The victories of Ora Morningstar and George B. Sutton were not so brilliant as that of Hoppe, although they played well and made a fine showing.

Alfonso wore citizens clothes. In spite of his strict incognito, the crowds gathered outside the station and cheered Alfonso. The king paid visits to President Poincare, Premier Clemenceau and Foreign Minister Pinchon, and received at the home of Ambassador De Leon delegations of widows and orphans and wounded soldiers who visited the embassy to thank him for what he did for them during the war.

### Creighton High to Meet Missouri Valley Friday

Creighton High will be represented at Missouri Valley, Ia., next Friday afternoon by one of the best teams that has ever played under the local high school's banners.

Coach Anderson has developed into excellent working order a backfield of last season's stars that bewildered Commerce High last week when those two teams met on Creighton campus.

Around George Murphy, Frank Russell, Bill Kelly and Harold Eaton, Creighton High's backfield, Anderson has woven a series of trick formations that is calculated to sweep the Iowans off their feet.

Captain Bill Flynn of the Catholic squad injured his neck and shoulder last week in scrimmage against the varsity team, but Dr. T. MacMahon, team doctor, says Flynn will be in condition to play Friday afternoon.

Team Manager Tom Russell has arranged a game with Glenwood, Ia., for October 31 and one with Cathedral High of Lincoln for November 6. On November 14 Creighton High will tangle with South High in the closing game of the season.
