

REAL AMERICANS GET APPEAL FOR ROOSEVELT FUND

Drive for Memorial Started in
Omaha Today—City Well
Organized—Schools Take
Part.

The "Americanization" drive of the Roosevelt Memorial association was formally started in Omaha yesterday afternoon, following a luncheon of nearly 100 workers at the Hotel Fontaine.

Final plans and instructions were given the workers, who are divided into 20 teams, each under a major. The downtown section of the city has been carefully divided into districts which will be thoroughly canvassed by the teams.

Although the drive was officially started Monday in all parts of the country, the teams in Omaha did not begin to work until yesterday. According to John W. Towle, chairman of the association in Douglas county, every real American in the county will be asked to join the association.

Schools have been organized for the drive under the supervision of Mrs. H. C. Sumney and Mrs. Arthur Mullen. Small contributions from each child of school age are stressed as a means of bringing home the lessons of Roosevelt's life.

Rotarians and members of the Advertising Selling League are assisting the drive. More than 200 people are working to get members for the association in the residence districts of the city.

Reports from all parts of the state are arriving at the association headquarters and indicate that the drive is a great success. Contributions are also being received at the headquarters in the Farnam building through the mail.

Industrial Conferees Up Against Dead Wall

(Continued From Page One.)

restates the purposes for which the conference was convened, emphasizes the urgency of the need for allaying industrial unrest and makes a plea for further work on the part of the conferees.

Session Very Short.

The morning session of the conference lasted only a few minutes and the afternoon meeting, during which quick action was obtained, was not convened until 5 o'clock. The entire day was devoted to group meetings in an attempt to devise another declaration on collective bargaining, satisfactory to all elements. After more than three days of almost continuous sessions, the employers were unable to agree upon another statement and fell back upon the Wheeler substitute.

Members of the public group attempted to effect a compromise by the substitution of the words "association of their own choosing" for "trade and labor unions" in the clause of the group resolution guaranteeing workers the right to organize, and the five labor representatives on the general committee of 15 spent two hours in joint meeting with the public explaining labor's objection to the change. This amendment was introduced by Mr. Chadbourne, but the public group alone voted favorably.

Gompers Explains.

When the original Russell-Endicott resolution came up for discussion in the conference, Samuel Gompers, president of the American Federation of Labor, declared that the withdrawal of the support of the public group was due to an interpretation of the words "trade and labor unions" by one member of the group who is allied with organized labor and that the phrase excludes all but American Federation of Labor organizations. It was said that the reference was to J. J. Forrester, alternate for B. M. Jewell, acting president of the railway employees' department of the federation.

COUNT TERAUCHI, FORMER PREMIER OF JAPAN, DIES

Field Marshal Accomplished
Many Notable Achievements
During Tenure In
Office.

Tokio, Oct. 21.—(By The Associated Press.)—Field Marshal Count Seiki Terauchi, former premier of Japan, died today.

One of the most famous warrior-statesmen of modern Japan, field marshal Seiki Terauchi's notable achievements included his solution of the problem of national defense for Japan and his success in annexing Korea and the assimilation of the Korean people into the Japanese empire during his administration as governor general of that colony. The results he attained in Korea had marked him as a commanding figure and one to be reckoned with in shaping the destinies of the Japanese empire.

Count Terauchi was a member of the famous Choshu clan, from which have sprung renowned leaders of the Japanese army. He was born on February 5, 1852, at Nagato, and was the son of a samurai. He distinguished himself as a young soldier of the Imperial Guard's regiment, in putting down Saigo's rebellion, in which service he was wounded in the right arm, as a result of which that arm thereafter was useless.

Although outdone by more brilliant soldiers, Count Terauchi won distinction as a military administrator and won promotion as major general and appointment as the president of the Japanese military staff college.

Women's Clubs Hold Banquet at Fairbury; Report 30 New Ones

Fairbury, Neb., Oct. 21.—(Special Telegram.)—Five hundred members of the Nebraska Federation of Women's clubs, in attendance on the 25th annual convention, were entertained at a supper party in Moose hall, Tuesday night. The Ladies' Service guild of the Christian church served with Mrs. H. Stutevoss, chairman of the committee; Mrs. W. P. Jones, S. R. Merrill and C. C. Buckner. Mrs. A. W. Field of Lincoln was mistress of ceremonies. Mrs. L. I. Hatfield of Fairbury presided. Mrs. A. E. Sheldon, state president, toasted the 30 new clubs of this year.

"Omaha was not to blame for the recent riots there. It is the general condition reflected," said Mrs. T. J. Gist, past president of the state federation. "When a child is in boiling, it is as likely to bubble up in one place as another."

"Women are less effeminate but more feminine than they used to be," Mayor John Hartigan said in an address of welcome.

Mrs. Warren Perry, Fairbury, president of the fourth district, also extended words of greeting.

The following members responded to toasts: Harriett McMurphy, Omaha; H. L. Keese, Walthill; B. F. Farrell, Schuyler, and F. A. Long, Madison.

No Yank Executed "for Purely Military Reasons"

New York, Oct. 21.—No American soldier was ever executed "for purely military reasons" during the war with Germany, Maj. S. W. Brewster of the United States marine corps, retired, and former judge advocate of the Third Naval district, declared in an address before the American Prison association. He said those executed had been found guilty of offenses recognized as capital crimes in civil courts.

The association opened a five-day convention here, with 250 delegates.

NEW HOME RULE BILL PROMISED FOR THE IRISH

British Government Outlines
Program Contemplated
for Opening Session
by Parliament.

London, Oct. 21.—Finance will be the dominating subject at the opening session of parliament which meets Wednesday. Premier Lloyd George is expected to make a statement as soon as the house gets to work. Notice has been given of a bombardment of more than 100 questions Wednesday, most of them dealing with matters of expenditures.

The government's program, already announced, includes the following measures:

A joint industrial council of capital and labor, with extensive powers. A maximum working week of 48 hours and a minimum wage for manual workers.

The purchase of mining royalties. Prohibition of dumping and the protection of key industries.

The development and control of a nation-wide electric and water power supply.

The appointment of a commission to succeed the wartime liquor control board.

Last, but not least, a new home rule bill.

Episcopalians Want
Uniform Marriage
And Divorce Laws

Detroit, Mich., Oct. 21.—National legislation for the regulation of moving pictures and revision of the national constitution to provide a way for the passage of uniform marriage and divorce laws is demanded in resolutions adopted in the house of bishops of the Protestant Episcopal church, meeting in triennial general convention here. These resolutions will be presented also in the house of deputies.

Bishop E. V. Shaylor of Nebraska presented a resolution asking that a special committee of congress be named to consider the relation between filmed plays and the growth of crime among the youths of the nation and to recommend legislation. In this connection Bishop Shaylor made the assertion that the recent race troubles in Omaha, which resulted in the lynching of a negro, the killing and wounding of others and an attempt to hang the mayor of the city, was due, in part, to the influence of improper moving pictures.

Drys Win Ontario
By Large Majority;
Conservatives Beaten

Toronto, Ont., Oct. 21.—Incomplete returns from yesterday's election, in which Sir William Hearst, premier of the province, and the conservative government, have been swamped, indicate that Ontario has gone "dry" by an overwhelming majority.

Throughout the province, especially in the rural districts, the prohibition wave has rolled high. The voting was 3 to 1 in favor of it in some districts.

The defeat of the Hearst conservative was, according to the Mail and Empire, due mainly to the large vote polled by the united farmers and labor candidates, who took 43 and 12 seats, respectively. The liberals, notwithstanding their winning of five seats in Toronto, will stand apparently as they were before in the last legislature.

The largest single party in the new house will be the farmers. By alliance with either of the old parties and the labor party it should command a good working majority.

Capt. Smith Completes
Round Trip Air Derby;
Is Given a Reception

San Francisco, Cal., Oct. 21.—Capt. Lowell H. Smith, first of the Pacific coast entries to complete the round trip army test flight across the continent, arrived at the Presidio flying field Tuesday at 9:44:53 a. m. His flying time was not computed by local air service officials, so no comparison could be made with the speed of Lieut. B. W. Maynard, the first Atlantic coast entrant to finish the journey.

Captain Smith was tendered a reception in the city hall after his arrival by Mayor Ralph, Lieut. Gen. Hunter Liggett and Col. H. H. Arnold, chief of the western department air service.

Deficiency Appropriation
Bill Passed by Senate

Washington, Oct. 21.—Laying aside the peace treaty, the senate took up and passed with only a few changes a deficiency appropriation bill carrying approximately \$42,000,000, an increase of \$28,000,000 over the house bill. The measure now goes to conference.

Among the most important provisions in the bill are appropriations of \$150,000,000 for the army air service, \$17,000,000 for the completion of the Alaskan railroad, \$5,000,000 for the federal board for vocational education to be used in the rehabilitation of soldiers, \$200,000 with which to pay the expenses of the American peace commission and \$108,212 to be used in defraying the expenses of the present industrial conference and the international labor conference.

Cabinet Holds Its Regular
Weekly Business Meeting

Washington, Oct. 21.—President Wilson's cabinet held its usual weekly meeting at the White House today with Secretary Lansing of the State department, presiding. Owing to the absence of Secretary Wilson who was conferring with representatives of the coal miners and operators, the threatened strike of bituminous coal miners November 1 was not taken up.

Majority Agrees on Treaty Reservations

(Continued From Page One.)

general prediction tonight was that committee action would be fought off tomorrow to give the administration forces a day or two to think the matter over.

Had No Actual Wording.

In their conference today the democratic leaders did not have before them the actual wording of the reservations, as agreed on by the majority, but they had been told that the four generally regarded as most important, relating to withdrawal, domestic questions, the Monroe doctrine and article 10 followed "almost word for word" the language of those put into the senate record by Senator McCumber. Most of the argument therefore, was over these four as presented by the North Dakota senator.

In all, seven reservations were in the McCumber series, the other three relating to Shantung and equal votes in the league. Mr. McCumber was one of the seven original "mild reservationists," who, under the leadership of Senator McCall, republican, Oregon, agreed last July to a definite program. He said the plan he presented was the outgrowth of conferences between this group and republicans who favored "stronger reservations."

Taft's Reservations.

It was revealed that the McCumber draft of the article 10 reservation, which has been the troublesome point in all negotiations for an agreement, follows very closely a draft which former President Taft recently suggested to Senators McCumber, Kellogg, republican, Minnesota; McNary and Colt, Rhode Island, republicans, and which they submitted to Republican Leader Lodge. The text of the new Taft reservation, together with one drawn by him regarding voting powers in the league, became public tonight for the first time.

Former President Taft's suggested reservations are as follows:

"The United States assumes no obligation under the provisions of article 10 to preserve the territorial integrity or political independence of any other country or to interfere in controversies between other nations, whether members of the league or not, or under any article of the treaty for any purpose to employ the military and naval forces of the United States except as in any particular case, the congress, which, under the constitution, has the sole power to declare war and to authorize the employment of the military and naval forces of the United States, shall by act or joint resolution so specifically determine."

Can't Have Representative.

"The senate advises and consents to the treaty with the understanding and reservation as part of the instrument of ratification that under article one of the covenant of the league of nations no self-governing dominion or colony of the British empire, France, of Italy, of Japan, of the United States or of any other nation, whose representative is always a member of the council, can have a representative on the council; and with the further understanding and reservation that the exclusion of the parties to the dispute in article 15 from the council or assembly when hearing such dispute, includes both the mother country and her self-governing dominions or colonies, members of the league, when either such mother country or dominion or colony is a party to the dispute."

Lost Aviators Return to
San Diego Tired and Weary

San Diego, Cal., Oct. 21.—Weary and footsore, four Rockwell field aviators, Lieut. Clarence J. McCann, D. F. Duke and W. R. Sweeley and Cpl. J. Riley, who were lost for nearly a week in the mountains of Lower California, reached here on a lobster boat revealing for the first time another air scouting party being added to the list of those missing. The men started in two airplanes on October 14 for Phoenix, but failed to reach their destination.

British Aviator Starts
Air Flight to Australia

London, Oct. 21.—Capt. George Matthews set off from the suburb of Hounslow today for an airplane flight to Australia, in an effort to win the prize of £10,000 offered by the commonwealth government for the feat. The start was made at 11:44 a. m.

Business Organization Limited to League of Nations Members Voted

Atlantic City, N. J., Oct. 21.—Creation of a permanent international organization of business men whose membership shall be limited to countries represented in the league of nations was unanimously voted by 350 delegates, representing 46 subcommittees of the international trade conference now in session here. This plan will be put

after the general conference of 2,000 delegates, probably Friday, and its acceptance by that body was considered by the leaders of all allied missions as a foregone conclusion. The purpose of the new organization "is to promote international commerce to facilitate the commercial intercourse of nations, to secure harmony of action on all international questions involving commerce and industry and to promote peace, progress and cordial relations between the countries and their citizens by the co-operation of business and their associations devoted to the development of commerce and industry."

Thompson-Belden & Co. Established 1886 The Fashion Center for Women

The tailored grace of woolen frocks

When tricotine, or poiret twill, or fine English serge is fashioned into a garment correct in every point of style by a clever designer and a master tailor, the result is a dress altogether perfect.

The wool dresses we are now showing, both the more elaborate styles and the plainly tailored costumes for business women, are the result of just such careful forethought, both on the part of the makers and of the Eastern buyers who selected them.

Dresses from
\$35 to \$195
