MEETS HER SON ON
BRIDGE OF SIGNS.

New York, Oct. 22.—"Sammie, what are you doing here?" exclaimed Mrs. Lottie Scott, as she met her son while crossing the Bridge of Signs leading to the Tombs prison after being sentenced to from five to 10 years for manslaughter by Judge Crain in general sessions court.

"Oh, I got pinched for a little job up town. What you doing here, mother?"

"Just got 10 years for killing your father," answered Mrs. Scott, as the guide led her away.

Mrs. Scott had pleaded guilty to manslaughter in the first degree. She had stabbed her husband to death last August in Harlem. He had been a heavy drinker and had frequently beaten her and threatened to kill her.

Her son, Sam, was arrested for hiding up and robbing Pinkus Margolies, an insurance man. He confessed his guilt and is to be sentenced later in the week. He may get a 10-year term.

"DO YOUR DAMNEDST"
BYNG TAKES TITLE.

London, Oct. 22.—Gen. Sir Julian Byng on his elevation to the peerage takes the title of Baron Byng of Vimy. Vice Admiral Sir David Beatty becomes Baron Beatty of the North Sea and of Brokeby.

It was General Byng who at Vimy Ridge broke the German lines with a sudden attack of many tanks. His words at the time of going into action were, "Let every tank do its damnedest."

Admiral Beatty, in charge of the British North Sea fleet during the war, kept those waters clear of enemy craft.

COLLECTING SPOONS
IS LATEST FAD IN PARIS.

Paris, Oct. 22.—Collecting spoons from the various hotels here is the latest fad of Paris society. In the last few days this craze has become so marked that the Ritz-Carlton was actually without spoons yesterday. A fashionable crowd at the hostelry was astonished at getting table-spoons with the dainty cups of coffee. The manager explained that the regular coffee spoons have been disappearing at the rate of 300 a day during the last fortnight and that the factories are unable to supply the demand.

KILLING CARIBOU
TO REDUCE H. C. L.

Dawson, Y. T., Oct. 22.—Caribou, hundreds of thousands of them, according to estimates, are ranging the hills within five miles of here on their annual exodus to the north. All the hills and valleys are covered with the herds. Game wardens and hunters are joining in the hunt. The caribou affords relief from the high cost of living, as beef and mutton are selling from 60 to 80 cents a pound.

NEW SOCIETY TO
GLORIFY PATCHES.

Chicago, Oct. 22.—The Chicago Old Clothes society was organized by clerks in the city hall here with "patches" in each of the principal departments of the municipal government. The object is to glorify the wearing of patches, frayed or shiny suits, and to resolve that shoes and reified neckties as a means of combating the high cost of living.

"Wear your old clothes" was one of the obligations of membership included in the by-laws.

The new organization was said to be especially popular among clerks in the marriage license bureau, where prospective brides and grooms goggled as they waited for their permits.

"The high cost of living hasn't hit them yet," growled one clerk as he penned names, ages and addresses on the proper blanks.

The society is said to have had its inception in a dispatch from London relating the perturbation of fashionable English tailors over the growth of "old clothes leagues" in the British metropolises.

WOMEN AIR POLICE
FOR NEW YORK'S FINEST.

New York, Oct. 22.—Women air police, 30 of them between 18 and 25 years old, are to be added to "New York's finest." Police headquarters announced they would be trained at the aviation corps school here.

WILL HONOR ROOSEVELT
WITH FAVORITE TEXT.

New York, Oct. 22.—Former President Taft has sent an appeal to the clergy throughout the country to hold exercises in churches and schools to commemorate the birthday of Theodore Roosevelt, which occurs Monday, it was announced by the Roosevelt Memorial association. Mr. Taft, who is honorary president of the association, urged that such exercises be held Sunday and Monday.

A number of ministers have chosen as the text for their memorial sermons the verse from the Bible quoted by Colonel Roosevelt in a message written for the New York Bible society and placed in pocket testimonials given to soldiers in the world war. The quotation was the following from the prophet, Micah:

"What more do I desire than to love mercy, and to walk humbly with thy God."

Mayors of 250 cities have been asked by the American Defense society to co-operate with the Roosevelt Memorial association in observing the anniversary of Colonel Roosevelt's birth.

RAILMEN
LINE UP FOR
LAST FIGHT

Prepare to Secure Increased Wages, Time and a Half Overtime and Improved Working Conditions.

FIREMEN'S HEAD GIVES
UNMISTAKABLE NOTICE

Want Their Demands Met Before Government Surrenders the Roads to Private Control, Timothy Shea Asserts.

Washington, Oct. 22.—Railroad employees are prepared for a final fight with the railroad administration for increased wages, time and a half over time and improved working conditions before the government surrenders the roads to private control. Unmistakable notice to this effect has been served by Timothy Shea of the firemen, appearing before the board of railway wages and working conditions.

"If our demands for a living wage should not be met when the time approaches for turning back the railroads to their private owners," Mr. Shea said in testimony which became public tonight, "we shall demand as a condition precedent to the change the realization of the fundamental rights of labor, the living wage, the eight-hour day on all federal controlled roads, time and one-half for overtime and other principles to which the government pledged itself during the war which now have been made a part of the treaty of peace and which so far the railroad administration has never fulfilled."

Means Advance for All.

While Mr. Shea was appearing on behalf of the firemen only, it has been recognized generally that wage increases for any one class of railroad employees meant an advance for all to maintain equality between the workers. Mr. Shea said he anticipated that the failure of the government's efforts to reduce the cost of living, which he frankly expected, would make necessary advances in pay for all workers, and predicted that by November 1 the wage board would be forced to consider "further requests for general increases" from railroad employees.

Face to Face With Crisis.

Thus it is the view here that the government will be face to face in a few weeks with virtually the same labor crisis which arose during the summer. President Wilson then denied the request of the shompen for a general increase in pay on the ground that the "vicious circle" of rising wages and mounting prices had to come to an end and that the country should be given a fair chance at reconstruction after the war.

How Director General Hines proposes to meet the situation has not been divulged. It is considered certain, however, that if any wage increases are given, President Wilson first will be consulted. Railroad administration officials declare the relations with the union men have never been so good as at present and in pointing to the last report of the Labor department, showing a decrease of 15 per cent in living costs in August, intimate that the pending crisis will be solved in part by natural economic forces, plus Attorney General Palmer's efforts to take the inflation out of prices.

Donaldson's Time in
Aerial Derby Better
Than Lieut. Maynard's

Washington, Oct. 22.—Although Lieut. B. W. Maynard was the first to complete the transcontinental air race, Capt. J. O. Donaldson made the flight in about 10 hours less flying time, according to the latest calculation. The War department announced. The War department's comparison of the two aviators flying time follows: Lieut. Maynard, San Francisco to New York, 31 hours, 37 minutes, 19 seconds; San Francisco to New York, 25 hours, 56 minutes, 38 seconds; total, 57 hours, 33 minutes, 57 seconds.

"Maynard from New York to San Francisco, 25 hours, 11 minutes, 81-2 seconds; San Francisco to New York, 41 hours, 52 minutes, 32 seconds; total, 67 hours, 3 minutes, 40-1-2 seconds."

PREPARATIONS
BEING MADE FOR
KAISER'S TRIAL

Law Says Extradition to be Sought When Powers Sign Pact.

London, Oct. 22.—All necessary preparations for the trial of former Emperor William are being made, it was announced in the House of Commons today by Mr. Bonar Law, the government leader. The request to The Netherlands government for the surrender of the emperor, he explained, could not be made until all the powers had signed the peace treaty.

The former crown prince are concerned in the intrigues of the German royalists, the political correspondent of the Daily Mail asserts.

"The ex-emperor," says the writer, "is far from leading a life of detachment from German affairs. He recently has seen a number of mysterious visitors from Germany and is receiving many telegrams. He is constantly in communication with some place in Germany by telephone, a private line having been attached to his residence across the frontier. These communications are with German royalists."

"The former crown prince also is known to be intriguing with German royalists and receiving many suspicious visitors. Inquiries in the House of Commons next week."

WAR VETERANS
AGAIN PROTEST
GERMAN OPERA

Rioting Resumed in New York When Company Again Produces Teutonic Piece.

New York, Oct. 22.—Rioting broke out again Wednesday night around the Lexington theater, when for the second time this week the Star Opera company produced German opera over the protest of veterans of the world war.

With several hundred policemen posted around the theater, a column of soldiers, sailors, marines and civilians who marched from Times Square were hustled back and dispersed. The mob was stopped at Lexington avenue and Fifty-second street, but before the column was broken bricks and bottles sped through the air.

Defeated, the attacking party departed to get reinforcements. A few minutes later they reappeared, headed by a motor truck containing nearly two score men.

The truck dashed through the police lines and proceeded about a block before it was met by a squad of mounted police. The riders charged into the truck and attacked its occupants. Two of the latter, a soldier and a sailor, were injured, one so severely that the ambulance surgeon expressed the opinion he might die.

Armed with a temporary injunction granted by Supreme Court Justice Bijur, restraining the police from carrying out Mayor Hylan's order to prevent the performance, producers of the opera rang up the curtain promptly.

The singers hardly had appeared on the stage when an occupant of an upper box, rising, laid down a barrage of eggs.

The rioting continued for several hours. A crowd, breaking into a milk store, procured a supply of bottles and engaged in a vicious fight with the police.

The police were pressed so hard they were forced to draw their revolvers and fire several shots in the air to scare back the rioters.
