German Emperor's Message Following President Wilson's Endeavors to Bring Peace in 1917 Is Made Public.

U. S. ENTRY INTO WAR NOT FEARED, HE SAID

Hollweg Reported to Have Asserted That if Wilson's Offer Had Come Sooner U-Boat War Would Not Have Begun.

Berlin, Oct. 23 .- President Wilson's peace offer was a matter of little concern to the German emperor, according to the evidence presented before the subcommittee investigating the war. Furthermore the intervention of the United States apparently was not seriously considered by the emperor. During the examination of Count

Von Bernstorff, former ambassador at Washington, the socialist deputy,

Dr. Sinsheimer, said:
"The kaiser's telegram to which
you refer, dated January 16, 1917,

Dr. Sinsheimer maintained that the peace conditions sent to President Wilson January 28, 1917, which were said to be the same as those Germany offered December 13, 191 were really nothing like them.

All Appear Astounded. Every one present appeared astounded at this statement and Count Von Bernstorff exclaimed excitedly: "Then I am told this today for the

first time." Under cross-examination Von Bernstorff quoted the German em-peror and General Ludendorff on his (Bernstorff's) return from

Poland's Fate Discussed. The question of Poland's fate in connection with President Wilson's peace efforts was discussed.

Count von Bernstorff sair that i States government there was no question of territory concerned in giving Poland access to the sea or being withdrawn from German sovereignty. Replying to another question the former ambassador said: "Without America's help the en

Parliament Rejects Government Alien Bill by Vote of 185 to 113 With Only About Half the Members in Session.

COUNTRY IS FACED BY CHANGE OF PARTY

Bonar Law Moves Adjournment Until Monday to Enable Ministers to Consider What Course They Should Adopt.

London, Oct. 23 .- The country is suddenly faced by the possibility of a change of government or dissolu-tion of Parliament, owing to a quite unexpected defeat of the government in the House of Commons Thursday by a majority of 72. Only about half the members were present and the vote by which the government was defeated was 185 to 113.

The alien bill, the earlier stages of

which were disposed of during the summer session, was in the report stage. The committee had previous-ly inserted an amendment withholding pilotage certificates from all aliens and the government sought by amendment to modify this restric-tion in favor of a number of French pilots, for whom provision had been made in the existing pilotage act. This amendment, however, was defeated, although in charge of gov-
