

Complete Plans to Assist Needy Strikers and Families

Pittsburgh, Oct. 27.—Plans for provisioning needy steel strikers and their families were completed here by representatives of the national committee and will be put into operation early this week.

Thin, Weak Folks Need Blood-Iron Phosphate

If you are thin, weak and emaciated and lack strength, energy, vigor and endurance; if you have that worn out, all gone, tired feeling, the chances are that it's because your nerves need phosphate and your blood needs iron. Either phosphate or iron by itself is insufficient; both must be supplied at the same time. For this purpose pure Blood Iron Phosphate is unequaled. A green tablet taken at meal times three times daily restores nervous energy, enriches the blood and helps you to put on pounds of good stay-there flesh in a manner that is little short of marvelous. Get enough pure Blood-Iron Phosphate from the five Sherman & McConnell Drug Stores or any other good druggist for a three weeks' treatment—it costs only \$1.50—50 cents a week—and take as directed. At the end of three weeks you haven't gained several pounds in weight and don't feel stronger and better than you have for months; if your eyes aren't brighter and your nerves steadier; if you don't sleep better, and your vim, vigor and vitality aren't more than doubled, you can have your money back for the asking and Blood-Iron Phosphate will cost you nothing.

Tells How to Stop a Bad Cough

Surprising results from this famous old home-made syrup. Easily prepared and costs little.

If you have a severe cough or chest cold accompanied with soreness, throat tickle, hoarseness, or difficult breathing, or if your child wakes up during the night with croup and you want quick help, try this reliable old home-made cough remedy. Any druggist can supply you with 2 1/2 ounces of Pinex. Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. This recipe makes a pint of really remarkable cough remedy. It tastes good, and in spite of its low cost, it can be depended upon to give quick and lasting relief. You can feel this take hold of a cough in a way that means business. It loosens and raises the phlegm, stops throat tickle and soothes and heals the irritated membranes that line the throat and bronchial tubes with such promptness, ease and certainty that it is really astonishing. Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is probably the best known means of overcoming severe coughs, throat and chest colds. There are many worthless imitations of this mixture. To avoid disappointment, ask for "2 1/2 ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

SCORES INJURED IN RIOTS WITH LONGSHOREMEN

2,000 Strikers Clash With Men On Way to Work at New York Docks.

New York, Oct. 27.—Scores of persons were injured in a riot between 2,000 striking longshoremen and several hundred men who were on their way to work at the Bush Terminal docks in Brooklyn this morning. More than 50 pistol shots were fired, and sticks, stones, bricks and clubs were used. Police were summoned and made 10 arrests. Insurgents in the ranks of the striking longshoremen who claimed 22,000 workers in 24 locals today "officially" went on strike. Richard Butler, their leader, said that up until today these men had been "taking vacations."

T. V. O'Connor, president of the International Longshoremen's association, declared on the other hand that the strike was breaking up and that fully 30,000 men would be back to work during the day. Today's disturbance occurred at Forty-third street and Second avenue, Brooklyn, and waged along both streets for two blocks before it was quelled by the police, who used their clubs freely. One policeman was struck on the head with a brick and seriously injured. The 10 men arrested were badly beaten and two of them were taken to a hospital. Others wounded were taken away by friends.

St. Marys Students Give Roosevelt Memorial Program

Students of Mt. St. Mary's seminary, Fifteenth and Castelar streets, held a Roosevelt memorial program Monday evening at the seminary under the direction of the Sisters of Mercy. The choral class opened the program with "America" and closed with "The Star Spangled Banner." The following program was given: "Roosevelt," by Mildred Flynn; "America for Me," by Anna M. Mahaney; "America the Beautiful," the choral class; "Roosevelt and the Flag," by Teresa Collins; "Sketch of Roosevelt's Life," by Hazel Mahaney. A holder for a boiled egg that clamps to the side of a plate is an Italian inventor's idea.

Memory of Theodore Roosevelt Observed Here Yesterday As "Americanization Day"

John L. Webster Is Principal Speaker At the Meeting in the Chamber of Commerce.

The memory of the late Theodore Roosevelt, former president of the United States and one of the world's great men, was observed in Omaha yesterday as "Americanization Day." The noonday luncheon at the Chamber of Commerce, under the auspices of the public affairs committee, was devoted to the occasion with Acting Mayor Ure presiding and John L. Webster as the principal speaker. Mr. Webster, an admirer of the famous American, reviewed some of the events of Roosevelt's life, referring to the former president's vigorous position on the problems which exist between capital and labor. The speaker also touched upon the Rooseveltian principles of Americanism, red-blooded Americanism.

Hold Memorial Meeting. The student body and faculty of the High School of Commerce held a Roosevelt memorial meeting yesterday morning in the Gayety theater, which was offered gratis for the occasion by "Old Man" Johnson, manager. Frank S. Howell spoke to the young people on "Theodore Roosevelt, Citizen." Myrtle Jensen read Kipling's "Great Heart." Anne Selchow spoke briefly on "Roosevelt the Man." Anna Beckman, '20, read an original poem entitled "Roosevelt." An effort was made yesterday to arrange for the presence of Maj. Gen. Leonard Wood at the Chamber of Commerce meeting, but the general's train schedule did not permit him to stop over on his way to Lincoln, where he spoke last evening.

Day Observed in Schools. The day was generally observed in the schools, where the children were impressed by object lessons on Roosevelt and Americanism. Nathan Bernstein, general agent for the National Life Insurance company, speaking for the Roosevelt Memorial association, in the state, emphasized the fact that Roosevelt's life was important, in telling the American people that he stood for home love of home, self-sacrifice and devotion to America, and that he represented the highest type of the American citizen. Unflinching Americanism. Mr. Webster's address follows: "When character speaks the

with him the highest ideals in government were closely associated with nationalism. In his later years, when he became the spokesman for Americanism, he likewise became the prophet of nationalism. Prophet of New Faith. "Roosevelt, after the breaking out of the war in Europe, literally awakened the United States from a long period of inactivity. He became the prophet of a new faith and the preacher of a new political religion. He drowned the clamor of opposition by the clearness and force and strength of his logic. "He one time said: 'This country will not be a good place for any of us to live in unless we make it a good place for all of us to live in. Because he knew the people he became the spokesman and the champion of the American people. His personality not only dominated, but overshadowed, opposition, and helped him to fashion the world's conduct. His doctrine, which he preached so unflinchingly in his later life was national defense, and so vehement were his declarations that he stirred up the enthusiasm of Americans to a degree that it became a dreadful warning to America's enemies. Ability to Assist. "He has been called a progressive, but it was in the sense of a man who believed in the evolution of our own institutions, and as a statesman who had the foresight to anticipate, and the ability to assist, in realizing the destinies of peoples and of nations, the ultimate representative republican forms of government that were to come to the human race. "It has been said that he was more of a democrat than Thomas Jefferson, but unlike Alexander Hamilton he was a nationalist, not for the aristocracy but for the democracy of the people. "As a nationalist he was a radical, but he was conservative in the sense that his teaching embodied the spirit of American institutions. Leader of the Brave. "As an interpreter of the feelings of his fellow Americans, he stood out pre-eminently as a spokesman as an example to the halting, and a leader of the brave and courageous. "It has been truly said that the life story of Theodore Roosevelt is a more eloquent eulogy than any orator can pronounce on any pen describe. An enthusiastic admirer has written that Roosevelt's life story is the most inspiring sermon ever preached on the American continent since Lincoln's assassination. "It has been said by one whom I regard as one of the greatest of all living Americans, that the history which shall be written 50 years hence will place Theodore Roosevelt with Washington and Lincoln as persons providentially raised up to meet an exigency in this country's history which was no less important than the revolution and the civil war. "I may close these remarks with a sentence from the scholarly Senator Knox of Pennsylvania: 'He was America's greatest living human asset!'"

PAY TRIBUTE TO ROOSEVELT ON 61ST BIRTHDAY

Government Officials and Prominent Citizens of Washington Eulogize Former President.

Washington, Oct. 27.—Tribute to the memory of Theodore Roosevelt was paid in Washington today, the anniversary of his 61st birthday. After a day of memorial meetings, at which senators, government officials and prominent citizens eulogized the former president, the principal celebration was held tonight in Liberty hut, with Senator Phelan of California, the chief speaker. Senator Phelan told a large audience, "ever had so complete a knowledge of his country nor better understood the needs of the people than Theodore Roosevelt. Theodore Roosevelt was a man of action. Strenuous, generous, he became a force for right, which hid no opposition and by personal contact won the hearts of his fellows. In an age of luxury, he had no dissipation and, at a time of aggrandizement, he was without covetousness. His only passion was for service in the cause of country and humanity. His fame shall grow with the years and his fine life and worth as a man and president will be one of the dearest heritages of his countrymen."

The interior department was closed between noon and 2 o'clock to permit the employes as Secretary Lane expressed it "to do honor to the memory of Theodore Roosevelt, whose stalwart Americanism is a national glory." In the house of representatives members of both sides stood and cheered when Representative Mondell memorialized the services of the former president. At a theater a memorial meeting was held by the Georgia division of the Roosevelt Memorial association. Representative Black of Texas was one of the speakers.

New York Tribute. New York, Oct. 27.—New York honored the 61st anniversary of the birth of Theodore Roosevelt, 26th president of the United States, soldier, writer, American. Here and at Oyster Bay, where hundreds visited the grave of the "Great Citizen," memorial services were held. Eulogies by men prominent in all walks of life marked the end of Roosevelt memorial week. Three notable dinners and many meetings were held in honor of the memory of the former president. Ethel Root delivered an address at the Rocky Mountain club's dinner. At Oyster Bay, Will H. Hays, chairman of the republican national committee, addressed a memorial mass meeting. During the day here, three army airplanes started from Mineola and flew over the Twenty-second street New York house in which Colonel Roosevelt was born. They dropped 3,000 roses on its roof. The courts of the city opened with tributes by the judges to the Americanism of Theodore Roosevelt. The Roosevelt memorial flag, which was carried through the state by school boys, had its 48th star sewn at the little Cove Neck school house, where Colonel Roosevelt used to play Santa Claus each Christmas, and then was placed on his grave.

Another Magazine Published Without Aid of Compositors

New York, Oct. 27.—For the second time in the history of the modern publishing industry a magazine was issued without the aid of compositors. The experiment was first made a week ago by the Literary Digest, one of the scores of periodicals forced to suspend type setting by the lockout and strike in the local printing trade. "Nuggets Weekly," a national magazine devoted to the manufacture of women's garments, followed the example of the Literary Digest with the announcement that publication would be maintained by the same process every week until the strike is ended. The trade magazine claimed to have made considerable advances over its literary contemporary in methods. The same process of type writing and then photographing the pages was used but by use of a special typewriter the lines were "justified" or equalized in length. A special process also was used in the electro-engraving, said to be a method recently patented.

Ten Years Younger Than His Years. Doesn't it make you feel good—cause you to straighten up and feel "chesty"—when someone guesses your age at ten years or so younger than you really are? You look into your mirror, smile with satisfaction and say to yourself: "Well, he didn't make such a bad guess, at that." The point is: You're no older than your vitality. If a man is strong, vigorous, mentally alert, fine and fit at 50 he has a better chance of living up to 80 than a man of 30 who is weak and run-down has of living up to 60. While none of us can stay the years nor stop time, we should all make a heroic effort to successfully resist the effects of time by ever keeping our vitality at par. When you sense a feeling of slowing down of your physical forces—when your stomach, liver, kidneys and other organs show signs of weakness—when you notice a lack of your old time "pep" and "punch"—in other words, when you feel your vitality is on the wane, you should

"For cigarette packages the fancy-colored paste-board box no longer seems to be the mode."

The Real Thing as sure as you live

Believe it or not—it's a fact. That simple, soft foil Fatima package is today America's most fashionable package for cigarettes. Most fashionable because most widely used by those men who know "what's what" in smokes. At the big hotels and clubs, at smart resorts such as Palm Beach and Atlantic City—even at Newport itself—the Fatima package now holds the prestige formerly held by the fancy, expensive paste-board box. The reason for Fatima's popularity is "JUST ENOUGH TURKISH." Instead of containing too much Turkish as do the expensive straight Turkish cigarettes, Fatima contains just enough Turkish—just enough to taste right and just enough to leave a man feeling right, even when he smokes more than usual. You, too, will be proud of Fatima's package as soon as you test Fatima's quality. Legally guaranteed.

Kill Three in Election. New York, Oct. 27.—An election celebration in Vera Cruz, Mexico, in which three men were killed and ten wounded was reported by passengers on the steamship Monterey, which arrived today. The three political parties, the Reds, the Greens and the Dark Horse faction, which flaunted red banners with blank stars, shot skyrockets at one another and further emphasized their opinions with knives and revolvers. Senator Falsuelo, the Green's candidate for president of the city, won.
