

STATE TEACHERS TO HOLD GREAT MEET IN OMAHA

Men of International Fame Coming—30 Sections to Convene—5,000 to Attend.

(Continued From Page One.)
teeth and Howard streets, in charge of Miss Mary E. Foster, director of the department of child labor permits. All information will be given out from this booth.

Miss Charlotte E. Townsend of the health department of the city schools will have charge of another bureau at the Hotel Rome and will give any information regarding the system of city health inspection and its relation to a new state law affecting county health inspection.

Although a program has been prepared for the first day of the session, hundreds of teachers will be taken about the city and on visits to schools. Boy Scouts, 200 of them, will act as guides.

Schools All Closed.
All the public schools of the city will be closed on Thursday and Friday to permit local teachers to take an active part in the convention.

A joint committee of the Nebraska Woman's Educational club and the Schoolmasters' club will meet Tuesday before the convention and make recommendations for subjects to be discussed at open sessions.

The first general session of the convention will open at the Auditorium Wednesday evening. Congressman S. D. Fess of Ohio will speak on "Educating for Democracy," Miss Patty Hill of Columbia university on "Kindergartens of Yesterday and Tomorrow," and President M. L. Burton of the University of Minnesota on "The New American."

Prof. P. W. Dykema of the University of Wisconsin will conduct community singing on Thursday evening. At this session Dr. Otis W. Caldwell, Teachers' college, New York; Dr. T. S. Lowden of Columbus, O.; and Dr. J. Paul Goode of the University of Chicago will be speakers.

Julia C. Lathrop Coming.
Dr. C. H. Judd, School of Education, Chicago; Julia C. Lathrop of the Children's bureau, Washington, D. C.; and President William B. Owen of the Chicago Normal school will speak at the Friday morning session.

Every speaker at the general sessions ranks among the highest in the educational world. L. L. Burton was one of the principal speakers at the national meeting of superintendents and principals in Chicago last March, and proved to be a stirring educational evangelist.

Dr. Otis W. Caldwell is the director of one of the most promising experimental schools in America, if not the world, the Lincoln Elementary and High school of Columbia university. This school was started a year ago and aims to embody many of the ideas of John Dewey's "Schools of Tomorrow."

Prof. P. W. Dykema, who will lead community singing on one evening, is a professor of music in the University of Wisconsin, and was one of the pioneers in community singing in America.

George William Eggers is the director of the Art department of Chicago. He came to that position from the department of public art of Chicago Normal school. As a lecturer Mr. Eggers is said to be alert and forceful, combining wit with abounding knowledge. He is to speak before the drawing section, and also the home economics section, on appropriate subjects.

Congressman S. D. Fess, a noted teacher of American history, literally inspired thousands of pupils and teachers to the highest patriotic fervor, and is recognized as one of the greatest educational leaders in congress.

Stereopticon Lecture.
Miss Patty Hill is America's most famous kindergartner. She will give a stereopticon lecture before the general session on the opening night and address the primary and kindergarten sections of the convention.

Famous Prima Donna and Violinist at Teachers' Meet

Jacques Thibaud, Famous Violinist.

Mme. Helen Stanley

lege section at the Hotel Fontenelle, banquet room; the drawing section in the Commercial High school auditorium; the history section in the city hall council chamber; the kindergarten section in the Auditorium; the literature section in the Central High school auditorium; the manual training section at the Hotel Castle, banquet room; modern language section in Central High school, room 225; physical education section, Young Men's Christian association gymnasium; argumentation section, Central High school; child study section, Hotel Castle; geography and nature study section, Hotel Fontenelle, piano room; high school section, Hotel Fontenelle; home economics section, city hall; Latin section, Central High school; music section, Y. W. C. A. auditorium; normal training teachers' conference, Central High school; school hygiene section, Young Men's Christian association; story tellers' section, Auditorium. With the exception of the first two sections, none convene until Thursday morning.

Second sessions of several of the sections will be held Friday morning. Every section is filled with lectures by prominent educators, and discussions will be held. The convention closes Friday at 4 p. m. with business meeting and election of officers.

Nebraska Institutions Will Be Given Coal Supply.
Washington, Nov. 1.—(Special Telegram.)—The director general of railroads advises you to see the railroads that serve you and claim your priority. State and county institutions come first on the list after the railroads themselves and the army and navy.

All Bodies of Entombed Miners Accounted for.
Amsterdam, O., Nov. 1.—With the recovery of 20 bodies from the Longhoughy and Ohio coal company mine here, it is believed that all the miners who were entombed for more than three days have been accounted for.

Teachers' Hallow'en Party.
The Commercial Teachers' league held a Hallow'en party at the High School of Commerce last night for the members of the faculty and their wives. About 90 persons were in attendance. The building was decorated for the occasion. Appropriate refreshments were served.

To Confer Degree.
Hesperian Encampment No. 2, 1. O. O. F. expects to confer the Patriarchal degree on about 20 candidates Thursday evening. Reports will also be received from representatives who attended the grand encampment at York, Neb.

C. of C. May Establish Bureau for General Information.
The bureau of publicity of the Chamber of Commerce is considering plans for establishing a general information bureau in Omaha. Discontinuance of bureaus, formerly run by the Red Cross and other like organizations has created a need for such a bureau, it is said.

Omaha's Quota \$90,000 NOVEMBER 2-11 Funds To Be Used During 1920

NONUNION MEN STAY AT WORK IN STRIKE AREAS

Leaders of Strike Say Number of Workers Out Is Well Over 460,000.

(Continued From Page One.)
was off. That was repudiated by Mr. Lewis. Then Mr. Lennan rescinded his order. Many miners were evidently confused and reports today said that the miners in that state generally were at work. Reports were to the effect, however, that about 1,000 were on strike.

Five Mines Operating.
In Colorado the Colorado Fuel and Iron company had five mines operating in one district, it was announced. But the company made no attempt to operate in the Trinidad district.

North Dakota's 1,500 lignite miners remained at work, with the exception of 120, who struck in the Burlington field.

An effort is being made to have the state take control of the mines and reach an agreement with the miners.

Only 800 of the 4,800 soft coal miners of New Mexico were on strike, according to today's reports. Coal operators in Oklahoma, admitting that the tieup was complete in that state, said their mines were held in readiness for operation, as ordered by the government.

Frank Farrington, Illinois district president, who announced all of the 90,000 miners of the state idle, prepared plans to hold a meeting of Illinois union officials. He said he had not yet been served with the federal injunction issued yesterday at Indianapolis restraining union leaders from issuing further oral or written instructions in regard to the strike.

90 Per Cent on Strike.
While a few of the larger mines in Alabama were in operation today, operators did not deny the claim of union leaders that about 23,000 men, or 90 per cent of their membership, had gone on strike. The operators, however, said the effect of the strike would not be known until Monday.

Several hundred strikers marched from the Cabin Creek mine district to Charleston, W. Va., and filled the streets, the city taking on a holiday appearance.

West Virginia coal operators asserted that operation in that state today was 50 per cent of normal. That included the great Pocahontas nonunion field.

On Special Duty.
A few thousand federal troops and state guardsmen either were on special duty in connection with the strike of soft coal miners or were on the move or awaiting entrainment orders tonight at the end of the first day of the walkout.

Although the day passed without any disorder, army officers and state authorities in continuous coal producing states were on the alert and the day's developments in a military way were:

Movement of three companies of troops to Tennessee to reinforce 400 already there.

Four hundred federal troops on duty in Charleston, W. Va., had no difficulty preserving order when several hundred strikers marched into the city from the Cabin creek district.

Entrain at Camp Grant.
A battalion of the second infantry, fourth division, entrained at Camp Grant for Camp Sherman, O., probably for duty in Ohio or Kentucky coal fields.

All Thirty-third infantry regular army troops at Camp Kearney, Cal., ordered to report at once, one company to be equipped with machine

Mrs. Russell Sage's Estate Is Appraised At \$45,261,724

New York, Nov. 1.—The total estate left by the late Margaret Olivia Sage, widow of Russell, the financier, was \$49,051,045, and the net estate \$45,261,724, according to an appraisal rendered today by Charles B. Lary, to the deputy state controller. Stocks and bonds valued at \$35,146,084 constitute the bulk of the estate, which also includes real estate, cash, personal property, trust funds and a stock exchange membership. Joseph Jeremiah Slocum, Mrs. Sage's brother, is the principal beneficiary under her will. To him was given \$7,157,703. Many millions were given to charity, colleges, museums and libraries.

guns and be ready to depart at once, presumably in connection with the strike.

Federal troops at Fort D. A. Russell prepared to entain tomorrow for northern Wyoming at request of Governor Cary.

Six hundred Alabama state troops ordered by Governor Kilbey to mobilize for strike duty in case of emergency.

March About Streets.
Four hundred Colorado state guardsmen marched about streets of Trinidad where they arrived today to be held for any assignment found necessary.

At headquarters of the central department of the army which includes the great coal districts of Pennsylvania, West Virginia, Indiana, Kentucky, Ohio and Illinois, it was said tonight no new troop movements had been ordered.

The appearance of troops in West Virginia and Colorado produced no friction with the strikers. There was no jeering of soldiers by strikers and evidence of good feeling only was displayed.

No troops were ordered into the Walsenburg district of Colorado, where the Colorado Fuel and Iron company has several mine properties, as the sheriff at Walsenburg warned that presence of troops might produce disturbances.

To Curb Red Element.
Washington, Nov. 1.—While no official explanation of the injunction order against strike officials was available, one purpose aimed at was understood to be to prevent radical agitators among the idle coal miners from obtaining a leadership.

It was made public following the return to Washington of C. E. B. Ames, assistant to Mr. Palmer, who procured for the government the injunction in the coal strike, issued yesterday at Indianapolis by Judge Anderson. Mr. Ames will assist in the administration of the fuel and food control laws, but would not discuss the government's plans.

Policeman Who Declined Promotion Quits the Force.
Bert A. Thorpe, who declined a recent promotion from patrolman to detective, has resigned from the police department.

A week ago he applied for three months' leave of absence to try out new line of business, and when his request was denied he tendered his resignation.

Mr. Thorpe served nine years in the department. His formal resignation was accepted by the city council yesterday without comment.

Neighborhood Houses.
HAMILTON—16th and Hamilton—Margery Wilson in "OLD LOVE FOR NEW" and "FISHING BARRIERS"; episode number.

COMFORT—24th and Binney—Margery Wilson in "WITHOUT OIL" and "Triangle country"; "COUNTESS OF TEREFT SCENT"; also comedy.

GRAND—16th and Binney—Elsie Ferguson in "A SOUL"; also comedy.

Huts of the Y. M. C. A. And K. C. at Forts Go To War Department

The Young Men's Christian association and the Knights of Columbus huts at Fort Crook and Fort Omaha have been taken over by the War department. The association hut will be remodeled into a camp

and the Knights of Columbus hut will be used for athletic purposes. Col. Jacob W. S. West of Fort Omaha has requested the War Camp Community Service to continue its activities for the benefit of 800 men stationed there.

Omaha, will be retained as physical director. The Knights of Columbus and Community Service will continue their work among 250 men at Fort Crook.
