

NEW POLICE ARE NOT APPROVED BY CITY COUNCIL

Another Case of Commissioners Refusing to Grant Police Department Head a Vote of Confidence.

The city council committee of the whole yesterday declined to formally approve a list of 61 new policemen appointed by Police Commissioner Ringer since the court house riot, September 28.

"I would like to have the council approve this list," said the police commissioner. "I think that this list should be gone over with a fine-tooth comb," recommended Acting Mayor Ure, whereupon the commissioners voted with the acting mayor, rather than with the police commissioner.

It was manifestly another case of the council refusing to grant Mr. Ringer a vote of confidence. The police commissioner conceded that Maj. C. M. White, who is acting as police inspector, temporarily, stated that some of these new policemen should be weeded out.

Commissioners Not Satisfied. Mr. Ringer added that his department had investigated each applicant for the police department before the appointment was made, but that explanation did not satisfy the commissioners, who are going to make some investigations on their own account. The list submitted by Mr. Ringer was placed on file and the men will merely serve as policemen on six months' probation. The point was that the commissioners were not willing at this time to approve the appointments of Mr. Ringer.

Mr. Ringer felt the situation keenly, for of late he has been receiving the support of a working majority of the council in at least some propositions. A succession of overt and indiscreet acts by policemen, has caused the commissioners to act with more caution in matters pertaining to the police department.

The committee of the whole yesterday morning also refused to recommend for passage, Mr. Ringer's new police department ordinance, which was offered last week and referred over for consideration yesterday. Besides providing for an increase of salary for the patrolmen, as authorized in an act by the recent special session of the legislature, this ordinance contemplates granting to the chief of police authority to demote, promote, or transfer any member of the police

department without the O. K. or recommendation of the police commissioner.

Action is Deferred. The existing ordinance requires reference of these matters to the police commissioner before the chief of police can act. Mr. Ringer wanted this ordinance recommended for passage yesterday, but the committee of the whole deferred action for another week.

The list of 61 new policemen, as submitted to the council by Mr. Ringer, follows:

- Clifford Baldwin, Arlo W. Barnes, Frank J. Bilek, Ralph Brazil, James H. Brown, James Burns, Louis Deitz, Patrick Downs, Edward C. Ferrel, William Galsche, M. E. Gleason, Howard S. Hall, William J. The municipal coal department, in charge of City Commissioner Butler, has notified 50 patrons that orders recently received with cash cannot be filled at this time on account of the nonarrival of coal which had been ordered and was on the way.

Hotel Thieves Busy During the Night In Downtown Hostleries

Hotel thieves again operated in Omaha Sunday night. Paul Frich, a guest at the Hotel Fontenelle, reported to police that his room was entered Sunday night and nearly all his clothing stolen. He said his loss amounted to about \$300. The thief used a pass key to enter the room. Al Schulte, Neville hotel, Sixteenth and Dodge streets, told police that about \$30 worth of clothes was stolen from his room Sunday night. No less than eight hotel robberies were reported last week. The rooms were entered either while the guests were in the hotel lobbies or while they were asleep. Nothing but clothes was taken in most of the cases.

Must Stop Burning Leaves On Pavements, Says Butler

City Commissioner Butler, as superintendent of the street department, has requested the police department to co-operate in enforcing a city ordinance which prohibits the burning of leaves on pavement. Several flagrant violations of the ordinance were reported last week. It is explained that the burning of leaves destroys asphalt pavement.

Council Promises Action.

R. F. Williams led members of the Southeast Improvement club to

the city council yesterday to present demands for improved police protection, more street lights and other improvements for the district known as Gibson and also the adjacent territory. The commissioners promised to give the matter early attention. No specific demands were made.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success. They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they clear clouded brain and perk up the spirits. 10c and 25c a box.

Indiana Lady Describes Condition, Which She Says Was Due To Constipation and Tells of Relief Obtained From Black-Draught.

Scottsburg, Ind.—Mrs. Annie Johnson, of this place, writes: "I well remember I suffered for a long time with constipation, which would get me down. I took doctors' medicines and any number of purgatives. They would leave me in a worse condition than I was before taking, and my stomach so upset. . . I know once I suffered. . . from constipation, it was so ill we had to have the doctor, just so nervous and feverish. The doctor said I would have to quit medicines, my stomach was so bad. . ."

My husband was reading and found something about Theodor's Black-Draught and brought me a package to try. I used it regularly at first until I began to feel better, then I used just a dose occasionally. I was cured of this constipation and am sure the Black-Draught did it." If your stomach is out of order, you will suffer from such disagreeable symptoms as headache, biliousness, indigestion, etc., and unless something is done, serious trouble may result. Theodor's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, helping to regulate the liver and to cleanse the bowels of impurities. eBy Black-Draught. EB-15

JOSEPH T. VOTAVA

Candidate for Delegate to Constitutional Convention.

ELECTION NOVEMBER 4TH

Progressive: Opposed to Freaks and Fanatics.

Believes that the new constitution should be based on broad minded principles; that it should permit progressive legislation, but that at the same time it should protect the citizen from extremist legislation by temporary and accidental majorities in the State Legislature. Solicits investigation of his record. Joseph T. Votava was born at Edholm, Nebraska, taught school four years; completed the six-year combined law and college course of the University of Nebraska in four and one-half years; stood second in his law class and for his high standing was elected member of the honorary fraternity, Phi Beta Kappa. For three years he represented the University in intercollegiate debates and was unanimously elected class orator. In the University he specialized in Political Science, Government, and Economics, and is well fitted for the Constitutional Convention. Upon graduation entered practice of law at Omaha; in 1912, was offered position on the law faculty of the State University, but declined the offer. In 1913 was appointed county court attorney, but soon resigned to re-enter private practice in which he is now engaged.
