

CANDIDATES OF TAMMANY ARE ALL DEFEATED

Republican Candidates Win in New York and Coolidge in Massachusetts—New Jersey in Doubt.

(Continued From Page One.)
Candidates also worked hard to bring the voters to the polls, with the result that the total vote was one of the heaviest ever cast in the state.
In Boston Long's plurality of nearly 20,000 last year was cut to less than half that figure today.
Fred J. Burrell, republican candidate for state treasurer, and the other nominees on the state ticket, were elected by large pluralities.

NEW JERSEY.

Trenton, Nov. 4.—Edward I. Edwards was leading Newton K. Bugbee, his republican opponent in the race for governor, by a margin of 127 votes at 2 o'clock this morning. With returns received from 1,704 districts out of 2,011, the vote was Edwards 180,716, Bugbee 180,580.

KENTUCKY.

Louisville, Nov. 4.—Edwin P. Morrow, republican, today was elected governor of Kentucky, over Governor James D. Black, democrat, by a large majority.
In the western end of the state there was a considerable falling off of democratic normal majorities, while in Jefferson county, which includes Louisville, the republican candidate not only overturned a majority of 4,063 for Stanley, democrat, two years ago, but turned it into a republican victory by approximately 9,000.

Prohibition Carries.

Figures on the two constitutional amendments seemed to indicate that the statewide prohibition amendment had carried by a large majority. Tabulation had few figures on the amendment which would remove officers who failed to protect prisoners from mobs.
The issues in the campaign were local.
During the campaign Governor Black made speeches favoring the league of nations. Mr. Morrow was silent on the subject, but his managers in published statements asserted he opposed it.
Morrow's majority is estimated at from 15,000 to 20,000. Haynes Carter, personal manager for Governor Black, in a statement con-

ceded Black's defeat by from 8,000 to 10,000.
Unofficial returns from eastern Kentucky, where it was expected that the democratic nominee would cut normal republican majorities, showed Morrow holding his own and in some cases exceeding figures in the gubernatorial elections two years ago.

MARYLAND.

Baltimore, Nov. 4.—The result of today's election in Maryland was in doubt at midnight. With less than one-half of the city of Baltimore heard from, Attorney General A. C. Ritchie, the democratic nominee for governor, was leading his republican opponent, Harry W. Nice, state attorney of Baltimore, by about 1,000 in Baltimore city.
Based on these figures, the democrats were claiming that Mr. Ritchie would carry Baltimore by about 1,200.
Few definite returns had been received from the counties, however, and it seemed probable that the result would not be known for some hours.

MISSISSIPPI.

Jackson, Miss., Nov. 4.—The Mississippi democratic ticket was elected in today's general election by a plurality of approximately 50,000. The socialist state candidates, which furnished the only opposition to the democrats, polled less than 10,000 votes.
Lee M. Russell, present lieutenant governor, was elected governor, and H. H. Casteel was chosen lieutenant governor. James T. Lester, grandson of former Governor Poindexter, was the socialist nominee for governor.
The legislature will be democratic throughout, as no opposition ticket was put in the field in the districts. All counties went democratic.

Public Policy Questions Carry in Illinois State

Chicago, Nov. 4.—Early returns from today's statewide election for constitutional convention delegates indicated tonight that the three public policy questions had generally carried in Chicago and Cook county districts by about 2 to 1. These questions were designed to instruct convention delegates and were termed the initiative and referendum, the gateway amendment and public ownership.
Philadelphia Elects Republican Mayor

Philadelphia, Nov. 4.—Returns from about two-thirds of the city show that Congressman J. Hampton Moore, republican, was elected mayor of Philadelphia by approximately 140,000 plurality over his democratic opponent, Harry D. Wescott. Returns indicate that all the republican councilman candidates were elected and that the regular republican candidates for magistrate were also successful.

Two of Six Constitutional Amendments Win Out

Dallas, Nov. 4.—Two of the six constitutional amendments voted on in Texas today apparently were adopted, while returns available here at midnight showed the fate of two others in doubt, with the remaining two and a resolution proposing a constitutional convention probably defeated.

Insane Woman Kills Herself in City Jail

(Continued From Page One.)
Wheeler, 16, and Russell Wheeler, 24, the former of Sioux Falls and the latter of Salem, daughter and son, have not yet been answered.

In Matron's Room.

Mrs. Wheeler was placed in the matron's room after she had told her story to Sergeant Rose. She remained there all night and the next morning when she was refused her release she became hysterical. All morning and afternoon up to the time of the tragedy, she was hysterical, according to Acting Captain Peter Dillon.
"An insanity complaint was filed in the county attorney's office this afternoon," said Captain Dillon Tuesday night. "We were going to take her to the county jail to await a hearing before an insanity commission. She never was booked here at central station."
Officers Behrens and Neilsen went to the matron's quarters at 4:30 to take Mrs. Wheeler to the county jail.
She held the door of her compartment closed refusing them admittance.
"We explained," said Behrens, "that we were going to take her to the railroad station and put her on a train for her home. She stepped from the door a little bit and when we went to turn the knob and go in we heard the shot."
Mrs. Wheeler's body was turned over to Willis Crosby, undertaker. Donald, the son, was taken in charge by juvenile authorities.
No Search for Gun.
Just where Mrs. Wheeler had the revolver is not known to the police. Mrs. Wheeler was not "searched" at the police station. Two grips and a paper handbag constituted her luggage. The police believe she had the gun in one of the grips. Both were open in her room.

WAY PAVED FOR ADJUSTMENT OF MINERS' STRIKE

Samuel Gompers Asserts That If Government Vacates Injunction Order Negotiations Will Be Resumed.

(Continued From Page One.)
per year, intermittently, by days and weeks—employment and then unemployment. The miners simply ask for a regulation of the working time so that coal production and employment may be regular rather than intermittent. If the miners were permitted by the operators to work full time the supply of coal thus mined would soon force down the price of coal on the market and this the operators are determined not to permit. The miners' case might better be stated by their demanding at least five days of six hours work per week, which is really more than they are permitted to work at the present time. An understanding of these conditions clearly shows who are responsible for the present situation and the cause.
No Practical Advance.
"When in 1914 the miners received an increase of 20 cents per ton, the operators raised the selling price \$5 per ton. Surely the conditions and the standards of life of the miners have deteriorated by reason of their wage and their earning power, while the cost of living has soared higher and higher.
"The mandate of the officers of the United Mine Workers of America was direct from the representatives of the men, who at the recent convention decided that unless a substantial improvement in wages and a regulation of the working time were granted the strike order should be issued to take effect November 1. President Lewis and his associates therefore had no alternative, particularly when the mine operators left the conference, leaving the representatives of the miners alone.
Injunction Called Wrong.
"The injunction secured by the attorney general could not prevent the strike for it was issued after the strike notice had already gone forth. The injunction was not only a grave wrong but a gross blunder. It practically takes away the constructive influence of the officers of the organization and indeed bars them from attempting to end the strike. Instead of conservative leadership prevailing it places the whole movement in the hands of local men who may vie with each other and be at variance with each other. If the injunction were vacated and the Department of Labor invite the operators and the representatives of the United Mine Workers to a further conference, I have an abiding faith that a mutually honorable adjustment can be negotiated and effected whereby the coal strike can be brought to an end.

Lignite Men May Strike.

Bismarck, N. D., Nov. 4.—Unless the 1,500 lignite coal miners of North Dakota are granted a 60 per cent increase in wages by midnight tonight they will walk out then, Henry Drennan, district president of the mine workers of North Dakota and Montana, told the North Dakota Lignite Operators' association, following a five-hour conference late today in Governor L. J. Frazier's office.

Domestic Crop Expected to Alleviate Sugar Lack

Washington, Nov. 4.—The shortage of sugar will end when the new domestic crop reaches the market, said a minority report filed in the senate today by Senator Ransdell, democrat, Louisiana, opposing the majority plan to extend federal control of sugar and authorize purchase of domestic and Cuban sugars.

Funeral Services Friday for Florence Heuermann

Funeral services will be held at the home in Arlington Friday at 1 for Florence Heuermann, who died at midnight Monday following an operation at Nicholas Senn hospital. She was a trained nurse, having studied at the hospital, and was 26 years old.

Wife Buys Yacht and Uniform for Hubby Police End Romance

New York, Nov. 4.—The cruise of "U. S. S. Joy," and today, Lieutenant Commander Harold E. Joy, was arrested for impersonating a naval officer.
"It's all my wife's fault," he said. "She bought me a yacht and this uniform with wound and service stripes, and told me, if I didn't wear it, she'd leave me."
Joy was taken to a police station at the instance of a naval intelligence officer. He is 20 years old.

To Build 208 Warships.

Honolulu, Nov. 4.—An eight-year naval program costing \$824,000,000, has been decided upon by the Japanese government, it was announced here in a cable message to The Shypo, a Japanese daily newspaper. The program includes the construction of four 40,000-ton battleships of the Nagato class, four battle cruisers, 20 light cruisers, 80 destroyers and 30 other craft.

Milk Prices Advanced.

New York, Nov. 4.—Retail prices of milk were advanced on the ground of the increase in wages of wagon drivers, which averted a strike. The increases, effective tomorrow, range up to 1 to 1 1/2 cent a quart for grade B and 2 cents for grade A. At present milk prices range from 17 to 19 cents.

A Sure Way to End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.
By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.
You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.
