Writers of Copy Warned by Pandolfo to State Only Truth, Witness at Trial Asserts.

Chicago, Nov. 4.—S. C. Pandolfo had repeatedly warned his advertisement writers to be careful to state only the truth in matter they prepared for circulation, Jack Hammond, witness in the trial of 13 Pan Motor company officials accused of misusing the mails, testified. Hammond was for a time assistant advertising manager of the company. Pandolfo, however, allowed some mail to go out in circular form, of which Hammond had disapproved as being "too strong."

Paragraph Objected to. The paragraph he objected to was: "It (the company) is already building that wonderful farm tractor—tank tread—that, like its motor cars, created the big sensation at the automobile and tractor shows held throughout the country."

Bureau Only a Name. The Gopher State Advertising Bureau was only a name, Hammond said, used by the Pan company to secure from newspaper agencies the discount allowed advertising agencies.

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients a large bottle, at little cost, at drug stores, known as "Weyth's Sage and Sulphur Compound," thus avoiding a lot of mess.

Red Cross in Full Swing Expects Today to Double Results of Previous Efforts

Largest Check Yesterday, \$1,000—Women Enroll 4,653 by Noon—Department Store Squad Reports 1,000—Band Music Promised at Court House Auction Today—Newsboy Gives 100 Pennies.

The second day of the drive to enlist 50,000 members under the Red Cross banner in Omaha, and at the same time raise \$90,000 to carry on the work of reconstruction and relieving suffering, aiding the families of soldiers, and contributing to the welfare of the needy, closed today with the satisfaction of Chairman A. C. Scott and all other officials and workers in the campaign. Tuesday was a field day for the 3,000 women workers and they scoured every portion of the city in their house-to-house campaign.

At the homes all through the city the workers were met in the most friendly manner and in but few instances were their appeals for memberships rejected. In the downtown business houses and office buildings the women were most successful with their campaign.

Largest Check Is \$1,000. The largest subscription of the day was turned in at the Howard street headquarters by E. Buckingham for the Union Stock and Bond Co. It was a check for an even \$1,000.

At general headquarters the men have their prospects pretty well lined up and today they are expected to turn in a number of large subscriptions, several of which will run into four figures.

For the remaining days of the campaign, the following overseas girls have been assigned to the theaters, on duty afternoons and evenings: Misses Frances Naughton, Ella Fleishman, Helen Cornell, Florence Lake, Etta Young, Ethel Fullaway, Marie Matthews, Edith Dahlstrom, Frances Nieman, Lucile Scott, Effie Cleland, Edith Standeven and Mrs. Elizabeth Rowen.

Court House Auction. At the noon hour the Red Cross auction at the court house drew a good-sized crowd and articles offered brought high prices. A purse donated by Francis K. Bushman and containing a piece of money of unknown value sold for \$15, while another purse containing a \$20 gold coin went for \$10.

Today promises to be a record in several ways. There will be a large addition to the working force seeking memberships and it is proposed to comb every portion of the city. At the auction today noon numerous useful and ornamental articles will be sold, with Gus Edwards as auctioneer.

Indians Force Mexican They Are Robbing to Sing and Play Guitar

Douglas, Ariz., Nov. 4.—While a band of 200 Yaqui Indians were stealing his food and emptying ore he had sacked for shipment out on the ground, cutting up the sacking into green cloth strips, a purebred Mexican, Aurelio Rodriguez, owner of Palacio de Hierro mine in the Moctezuma district of Sonora, was forced by the Indians to play a guitar and sing lively Mexican airs, according to arrivals here from Sonora. The Indians informed Rodriguez, he told the authorities in reporting the raid, that they had no intention of killing anyone, but were raiding in order to get food and clothing for their families. The Indians appeared to have fled to the mountains.

A small party of the Indians engaged in sacking the home of a Mexican rancher near Palacio de Hierro met resistance on the part of the rancher when they attempted to take several bottles of mescal he had among his effects, the arrivals said. The Indians, without further ado, hanged the man before any of their leaders arrived to stop them. The rancher's name could not be learned.

The German inscription on the bottle recounted the fear of the sender that he was being pursued by some one who desired to poison him for his wealth. Officials dismissed the matter as the work of a crank.

THIRD ROBBERY IN LOGAN FOILED BY A POLICEMAN

Finds Five Men Loading Automobile With Loot From Department Store.

Robbery of the Hetrick department store in Logan, Ia., the third in that town recently, was frustrated yesterday morning by Night Marshal William E. Pugh. The robbers, five in number, had carried \$3,000 worth of goods from the store into an alley and were preparing to load it into a high-powered car when the officer appeared. His challenge was answered by a shot and he opened fire, sending all the bullets in his revolver at the men, who returned the fire. All the misses missed Pugh and he is not sure that any of his hit the men. They were climbing into the car while firing at the officer and disappeared at high speed.

Australian Irishmen Favor Self-Determination Policy

Melbourne, Nov. 4.—The Irish race convention here, attended by about 1,000 Australian delegates, unanimously adopted a resolution in favor of self-determination of Ireland and the creation of a fund to assist the movement. In the course of a reception by the mayor to the delegates, Sir Robert Best, former vice president of the executive council of the commonwealth and now a member of the federal house of representatives, declared that the attempt to make the convention appear desirous of a constitutional government was merely a cover for a rebellious movement against Great Britain.
