

A Coated Tongue? What It Means

A bad breath, coated tongue, bad taste in the mouth, languor and debility, are usually signs that the liver is out of order.

The liver is an organ secondary in importance only to the heart.

The liver acts as a guard over our well-being, sifting out the cinders and ashes from the general circulation.

A blockade in the intestines piles a heavy burden upon the liver. If the intestines are choked or clogged up, the circulation of the blood becomes poisoned and the system becomes loaded with toxic waste, and we suffer from headache, yellow-coated tongue, bad taste in mouth, nausea, or gas, acid dyspepsia, languor, debility, yellow skin or eyes.

At such times, one should take castor oil or a pleasant laxative. Such a one is made of May-apple, leaves of aloe and jalap, put into ready-to-use form by Doctor Pierce, nearly fifty years ago, and sold for 25 cents by all druggists as Dr. Pierce's Pleasant Pellets.

Nutrated Iron increases strength and endurance of delicate, nervous run-down people in two weeks' time in many instances. It has been used and endorsed by such men as former United States Senator and Vice-Presidential Nominee, Charles A. Towne; former Health Commissioner, Wm. R. Keen; and the Court of Claims of Washington; J. E. McPherson, President of Poland and Master Plumber, and others. Ask your doctor or druggist about it.

BAD COLD GOT YOU? FEELING GRIPPY?

Dr. King's New Discovery soon starts you on the road to recovery.

ONCE tried, always used. That's a trite expression, but one never more applicable than it is to Dr. King's New Discovery. You will like the prompt, business-like way it loosens the phlegm-clogged chest, soothes the tortured throat, relieves an old or a new cold, gripe, cough, croup.

Don't Continue Constipated Don't let your bowels buldoze your system. Make them function regularly—keep the body cleansed of waste matter with Dr. King's New Life Pills.

BANISH SUFFERING WITH RHEUMACHOL

Don't suffer another day with backache. It is a danger signal that your kidneys are full of poison that will terminate more seriously if not taken care of at once. Rheumachol quickly cleanses and purifies the kidneys from this poison and saves you from such painful diseases as rheumatism, gout, lumbago and other diseases caused by poisoned blood. For sale by druggists or send \$1.00 for bottle and free booklet to H. E. Machol, Idaho Springs, Colorado.

BEE REPORTER HELD BY JURY ON ARSON CHARGE

"Unfortunately for Police Who Framed Case Against Me I Have Complete Alibi," Says Reporter.

J. Harry Moore, reporter for The Bee, was indicted yesterday by grand jury for conspiracy to commit arson. The indictment was returned in connection with the investigation pursuant to the riot of September 28, when Police Commissioner Ringer and Chief of Police Eberstein made a miserable failure of handling the mob, which seven hours after it began to assemble, fired the court house, lynched the negro, Will Brown, and attempted to murder Mayor Smith.

Mr. Moore has been accused by friends of the city administration of incurring their disfavor because of news stories he has written for The Bee, which did not meet with the approval of city hall officials.

Release Two Witnesses. The indictment against the reporter is said to have been returned mainly on evidence furnished by a discredited liquor agent, formerly employed by the state, and two other alleged rioters, Ernest Morris and Harold Thorpe, who got off with 90-day sentences.

"It is a frame-up," declared the reporter, "and can be traced directly to the city hall. My information is that a former state agent, who has been fired and is now bootlegging, is the man who is responsible for the information upon which the indictment was returned. The affair will be traced directly to the influence of city hall officials both in and outside of the grand jury."

"I was out of the city the afternoon and early part of the night of the riot. It was after 10 o'clock when I first learned that there had been any trouble on account of the mob. I can prove this by a dozen witnesses. I shall not stop here, however, because it can be shown that my indictment is the result of a conspiracy, and the names of the parties to the deal will be given to the public."

As soon as Mr. Moore heard there was a capias out for him he surrendered himself to Sheriff Mike Clark. He was released immediately on bond.

Four Men Probably Drown When Naval Launch Sinks

Newport, R. I., Nov. 6.—Four sailors were probably drowned when a naval launch containing nine men from the destroyer Long captured during a day in Narragansett Bay. Seaman Arthur H. Shannon was rescued at the point of exhaustion from a rock over which great seas were breaking and four others were taken from the water after a half-hour's battle with the waves. Search for the missing was continued.

The launch, a 35-footer, was headed toward the harbor with supplies when a big sea turned it completely over.

The names of the missing men were announced as follows: Electrician Frances D. Dillard, Fireman William H. Hager and Seaman Albert P. Patrick and Harry W. Student.

President Poincare and Wife to Visit at Buckingham

London, Nov. 6.—When President Poincare and Madame Poincare visit England November 10 for a four days' sojourn they will be the guests of the king and queen at Buckingham palace.

Among the functions already arranged is a state banquet to be given by the king at Buckingham palace, a visit to the city and luncheon at the Guildhall, a reception of the French colony and a banquet at the French embassy.

Crew Leaps Into Water; Four Missing, Two Hurt

New York, Nov. 6.—Four persons were reported missing and two others were injured as the result of a gasoline explosion on the fishing schooner Gleaner. The Gleaner had left Manhattan for New Bedford, Mass., and she neared the Narrows, she hailed a lighter to fill her gasoline tanks.

An explosion occurred and flames rapidly enveloped the vessel. The twelve men of the crew were forced to leap into the water.

No Food Shortage Here Is Prediction of Hoover

San Francisco, Nov. 5.—If over supply reduces the market, cheer up. Herbert Hoover said here in an address that there is a greater abundance of staple foodstuffs in public warehouses of the United States today than there has been for five years past. Central Europe's demand on this supply will never be great enough to cause a shortage in this country, he predicted.

With this supply and the coming harvest there will be in the United States an excess of staples of between 15,000,000 and 20,000,000 tons, said Hoover.

Fine Parson 100 Yen.

Seoul, Korea, Nov. 6.—Rev. Eli Miller Mowry of Mansfield, O., a Presbyterian missionary, was convicted of sheltering Korean agitators during the revolt in Korea and was fined 100 yen.

Plunkett Reiterates His Self-Government Ideas for Ireland

London, Nov. 6.—Sir Horace Plunkett, discussing the report that the cabinet committee on Ireland had accepted proposals providing for the creation of two separate Irish parliaments, with some form of supreme authority representative of both, reiterated the ideas he had expressed in his speech at the National Liberal club, October 29, when he advocated an offer of the fullest measure of self-government to the Irish people. Referring to this speech, Sir Horace said:

"I there laid it down as an essential of the settlement that it should have a good chance of receiving, not immediately but ultimately, the support of the majority of the Irish people. Throughout the controversy I have insisted upon a united Ireland with a real democratically constituted parliament in supreme control of all its affairs other than foreign policy and defense.

This report to which you call my attention sets up two parliaments, one for the northern and the other for the three southern provinces, while the Irish parliament which will determine the national policy of Ireland is reduced to some kind of a council."

Prof. Shirk Opposes Study of Sciences In Common Schools

"The study of sciences has no proper place in elementary or high schools," was the startling statement made by Prof. C. J. Shirk of Nebraska Wesleyan university at the meeting of the biological section in the Rome hotel yesterday morning.

"Their proper place is in colleges and universities only," he declared. "Take a science like chemistry. It demands fundamental reasoning and reflection for which the high school student is not prepared."

"It is all right to take a general survey of some sciences like physiology, which doesn't demand reflective reasoning. But this is the age of heroic idealism. The only practical way to approach the sciences in high schools is by the biographical route. Boys will get interested in studying how Newton learned the law of gravitation from the fall of the apple or in reading the story of Marconi and wireless telegraphy."

Graduates of Colorado Teachers' College Organize

Former students of the Colorado State Teachers' college yesterday organized the C. T. C. Nebraska club. The following officers were elected: Chase Diggs, Ainsworth, president; Miss Anne Cosgrove, Omaha, vice president; Miss Marion Smith, Omaha, secretary; Miss Alice Cary, Council Bluffs, treasurer.

There are 14 charter members, but a membership of over 200 is expected before the teachers' convention is over. A luncheon will be given by the organization at the Rome hotel today.

40 High School Teachers Apply for Union Charter

Kansas City, Mo., Nov. 6.—Forty high school teachers of Kansas City, Kan., have applied for a charter from the American Federation of Teachers, which is affiliated with the American Federation of Labor.

The teachers now are temporarily organized to "interest the public to the necessity of increasing teachers' salaries, make teachers more independent and to determine working conditions." The school board made no objection, it was said, three of its members having been elected on a labor ticket.

Wild Pigeons Increasing

Chillicothe, O., Nov. 6.—The "poor man's meat" in pioneer days is coming back. Wild pigeons, long believed extinct in Ohio, are reported to be coming back in goodly numbers. If afforded protection for sufficient time to permit their numbers to increase, they may again serve to jolt the high cost of living.

INDICT OMAHA WOMEN FOR FUR THEFT IN IOWA

Eight Indictments Returned by Council Bluffs Grand Jury — One for Murder.

One indictment for first degree murder and seven others for lesser crimes were returned by the grand jury in Council Bluffs yesterday, which concluded its labors for the November term of the court after three days investigation directed by County Attorney Swanson.

John Russell, negro, alleged to have fired five shots into the body of Lela Porterson, his sweetheart, killing her instantly, was indicted for murder and denied bail. The murder occurred on the night of October 6.

"Hazel Reed" and "Mabel Miller," well known Omaha women, caught after they had stolen two \$500 seal-skin coats from the Beno store on the afternoon of October 1, were indicted separately and again jointly. Bond was fixed at \$1,000 in the individual indictments and \$500 under the joint charge. The bonds were ready when the indictments were returned.

John C. Stephens, 20-year-old youth, alleged to have embezzled \$1458 from the Council Bluffs Savings bank, where he was employed, was indicted on two counts, one charging him with the embezzlement of the amount named and the other charging larceny of \$100.

Sylvester Donaldson, itinerant, was indicted twice, once for shooting with intent to kill and the other for carrying concealed weapons. On the night of September 17, when R. L. Heaton returned to his home, 1121 Avenue B, he encountered Donaldson prowling around his house. He had the man under arrest and was guarding him with the assistance of a neighbor when he made a dash for liberty. Heaton fired at him and says Donaldson returned the fire. The man was recaptured by local police an hour later.

"Stretch" Byrd, old-time offender and several times convicted, was indicted for breaking into a railroad car on the night of October 26.

Lloyd Reed, indicted for cheating by false pretenses, is accused of forging a duplicate deposit slip on the State Savings bank at Logan and later forging a check for \$403.

Will Determine Right to Operate jitney Busses

New York, Nov. 6.—Another complication was added to the fight between the city administration and the traction companies over an increased fare when Federal Judge Mayer directed an inquiry to determine whether the municipality has the right to operate jitneys in competition with established surface car lines.

Mayor Hylan, who is unalterably opposed to more than a 5-cent fare, has fathered the jitneys.

Six Dynamite Blasts Set Off on Campus of Denver University

Denver, Nov. 6.—Six dynamite blasts set off early today on the campus of the University of Denver caused the destruction of fully half the windows in the institution and resulted in the destruction of many other windows within a radius of several blocks. So heavy were the blasts that the report was heard for three miles and great excitement was caused in South Denver by the detonations.

Following the explosion, said to have been caused by students from the Colorado School of Mines, three motor cars alleged to have been loaded with students of the university were discovered approaching the huge "M," emblem of the School of Mines, near Golden. Groups of students from the School of Mines surrounded the motor cars and after a fight, in which it is alleged several shots were fired, captured five of the university students. The men were taken to the School of Mines campus, where their heads were shaved and the letter "M" was painted on their faces, in silver.

The schools meet in their annual football game Saturday. There has been much rivalry between them.

First Aerial Derby Around the World Starts January 4

New York, Nov. 6.—The first aerial derby around the world will start January 4, 1920, and end January 4, 1921, it is announced by Alan R. Hawley, president of the Aero Club of America, which, with the Aerial League of America, will conduct the race. The zone of travel by the contestants, according to the announcement, will be between 60 degrees north latitude and 15 degrees south latitude.

Entries, Mr. Hawley said, may be made by any aero club, national, municipal or civic bodies, colleges, firms or individuals.

Applications should be sent to the joint contest committee and be accompanied by an entry fee of \$250. Contestants, said the announcement, may be of either sex but not less than 20 years of age.

Two Injured When Auto and Wagon Collide Headon

Walter Miller, 36 years old, 4616 Nicholas street, and Miles McCarthy, Bellevue, Neb., were bruised on 10 last night when the wagon on which they were riding collided head on with an automobile at Forty-sixth and Izard streets. Ralph Johnson, 2518 Capitol avenue, was driving the automobile. Harold Hittle, 2810 North Fifteenth street, was a passenger in the car.

Miller and McCarthy were thrown under the feet of the team of horses drawing their wagon and were trampled on. The automobile was badly damaged.

Mail is being carried regularly by aeroplanes between the Swiss cities of Berne, Zurich and Lausanne.

FRENCH MINISTER DISCHARGED FOR WORK IN POLITICS

LeBrun, Chief of Blockade Commission, Running for Office With Opponent of Treaty, Relieved.

Paris, Nov. 6.—(Havas.)—Premier Clemenceau this morning summoned to his offices Albert LeBrun, the minister of blockade and invaded regions, and demanded the minister's resignation. The premier afterward received Andre Tardieu, head of the general commission for Franco-American war matters, and sounded him on his willingness to be M. LeBrun's successor.

M. LeBrun is running for election as a deputy from Muerthe and Moselle on the same ticket with Deputy Louis Marin, who cast his vote against the peace treaty on the question of ratification by the Chamber of Deputies. M. Clemenceau told the minister that he could not permit a member of the Clemenceau cabinet to figure on the same list with a peace treaty opponent.

Y. M. C. A. Boys Take Long Hike on Holiday

About 90 boys of the Y. M. C. A. took advantage of the two-day holiday given them on account of the teachers' meeting and hiked toward Childs Point. At high noon they built a large fire and cooked dinner. After dinner they hiked a little farther into the woods. At 4 they started homeward, arriving at about 5:15. J. Weston, the head physical director of the "Y," was in charge of the lads.
