

## START SOON ON AIR-MAIL HANGAR ON OMAHA FIELD

Expert U. S. Mechanics Arrive  
Early Next Week—Two  
Great Marlin Planes  
Are Ready.

Construction of a large hangar at the Ak-Sar-Ben aerial landing field, in preparation for the extension of aerial mail service to Omaha from Chicago, will begin next week.

The hangar will be of the approved government type, but will be only a temporary structure, to be used until next spring, according to present plans.

Col. J. A. Jordan of the aerial mail service, inspected the landing field Thursday afternoon in company with Harley G. Conant, chairman of the aerial navigation committee of the Chamber of Commerce, Dr. D. T. Quigley and W. A. Pixley, members of the committee and several other business men.

In Good Condition.

The field is in fine condition and will be quite satisfactory, he said. He was also taken to a 100-acre plot of ground which has been leased by the Chamber of Commerce for a permanent landing field next spring. The location of the land is known only to members of the committee on aerial navigation.

Colonel Jordan declared that when improved, the site would make one of the best landing fields in the country.

Mechanics Here Soon.

Fifteen expert mechanics will arrive in Omaha the first of the week in the construction of the hangar and establishment of necessary repair shops. The force will be greatly increased before the mail service is actually established.

Two Martin planes already have been delivered to the government, and others are in construction. These planes, which are the largest in the aerial mail service will be used between Omaha and Chicago. Pilots are expected to arrive in Omaha in a short time to familiarize themselves with every landmark of the city. This is necessary to insure safe flying, according to Colonel Jordan.

Colonel Jordan was entertained at the Chamber of Commerce yesterday. He left for Chicago last night.

## "Frisco Pete" Forfeits Bonds For Failure To Show Up in Court

Where is "Frisco Pete," nemesis of the police?

The name Henry Wegworth, alias "Frisco Pete," was called three times in Central police court yesterday to answer a charge of vagrancy. No response to the call meant a forfeit of \$50, which Wegworth put up four days ago when he was arrested.

Wegworth also forfeited bonds in district court, two days ago, when he failed to appear to answer a charge of grand larceny, for the alleged theft of wines from the home of Charles Storz, 1901 Wirt street, last July.

## Army Store Will Remain Open for Late Buyers

Col. G. S. Bingham, zone surplus supply officer, announced last night that the army retail store in the basement of the City auditorium would be open Monday from 4 until 8 p. m. in addition to the regular open hours of the store of 9 to 1 p. m.

This is to accommodate those who are unable to reach the store by 1.

He is assisted by Sergt. First Clerk T. C. Parry of Fort Des Moines and Private C. C. Burgess of Fort Benjamin Harrison, Ind.

## Taxpayers' League Also Would Estimate Cost of New Records

A protest against the estimate of the cost of restoring the county records and indices, as submitted by Frank J. Norton, and also against the use of the books of the Midland Guaranty and Abstract company has been made as follows by the Citizens' and Taxpayers' league:

"To the Honorable Board of Commissioners of Douglas County, Nebraska, Attention: Sophus Neple, Chairman—Gentlemen: Several proposals have been brought to your notice regarding the restoration of the numerical indices in the office of the register of deeds in this county which were destroyed by fire on the night of the riot, September 28.

"We note one offer has been made

by Frank J. Norton to restore such records at an approximate cost of \$235,000. Another offer from the Midland Guaranty Abstract and Title company to loan to the county the use of its abstract indices and abstract books complete up to the year of 1897 for the purpose of checking and making such copies thereon as may be deemed necessary. In lieu of the above proposal to furnish the abstract indexes and receive payment for the use of the books.

"This organization believes that the actual cost made by Frank J. Norton to be high and exorbitant, and that the use of the books of the Midland Guaranty Abstract and Title company as not the best evidence and should not be used when the records of the register of deeds office have not been totally destroyed. We, the Citizens' and Taxpayers' league of Omaha, have appointed a committee of two to investigate the condition of the records and ascertain the approximate cost of restoration and ask that the Board of County Commissioners of Douglas county do not let or award any contract to any person, company or corporation until report is made by this committee, which will be in your hands not later than November 11.

"We ask in the interest of the taxpayers of Douglas county that no action be taken by your honorable body without first allowing a committee from this organization to place a report before you as to the actual cost of restoration of these records. Respectfully submitted, Citizens' and Taxpayers' League of Omaha. By Roy M. Harrop, Secretary."

## QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative. No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 10c and 25c.
