CLUBBING

WHEN you say that I admire women it is as if you said I put the sunset on my head, applaud the dawn and give a mild encore to the music of spheres," so said Lord Dunsany when Marguerite Moore Marshall charged him with frequently omitting women from his dramatic personae, or seldom showing her as the "star" of his drama.

Asked if he believes that our literature and our life are overwomaned, that we pay too much attention to romantic love and its reactions, he answered: "Romantic love is one of the primal forces. Anyone can write of it and be sure of an audience, because he treats of something every man or woman has known or will know. Animals love. It is so obvious an emotion! So in most of my plays I have chosen to go farther afield. Why should I pluck a flower as common as the geranium, when I may bring home an orchid? And when I display the orchid—a smile softened the note of protest—'why should you or another ask me for a geranium or a daffodil?'"

Lord Dunsany speaks to the Omaha Drama League on Saturday, November 15, and Miss Kate McHugh will give a talk at 1 o'clock Monday afternoon, November 10, at the Blackstone hotel preparatory to his coming.

modate the public. We are sending out packages of one or two books in greater numbers than ever before. The war has stimulated the study of modern European history and on this subject we have sent out many groups of books which will be retained nine months. Last October was the biggest month we

have ever had. We sent out more than 4,000 volumes."

New Hair Will Start Growing Today!

A Powerful Secret for Hair-Root Developing. Also the New Way of Positively Removing Wrinkles by Refining the Texture of the Skin.

WHEN the proper materials are used, it becomes really astonishing what results can be produced in the growth of hair, and in its invigoration. There is nothing so satisfying as to be able actually to see a difference in the length of your hair, and a very pronounced difference in its appearance inside of a very few weeks. There are many cases where hair has stopped falling in only a few days' time by the use of the simple formula given here. This invigorates the hair cells and has a very beneficial effect on the scalp tissue. The result is a vigorous hair growth. Get a one-ounce package of betaniquol at the drug store for about fifty cents, and mix it with a half pint of water and a half pint of bay rum. If you prefer you can use a full pint of witchhazel instead of the water and bay rum. Try this, it will not fail.

EMBARRASSED—You should never use anything which will irritate the skin while removing superfluous hair. The moving "superfluous" hairs now become a pleasure instead of a real dread if you will just moisten the hairs with a little auro solution which can be obtained from your druggist for one dollar. It leaves the skin as smooth, white and soft as before. There is no reddening or irritating, and it never fails to remove the most obstinate hairs with perfect ease. It is as pleasant to use as a lotion.

DESPERATE—You will make yourself look years younger if you will follow this suggestion. This formula makes the skin texture finer, it makes it firm and more plump in this way, and as a result, in a few days you see a very marked difference in your appearance. Wrinkles will seem to vanish. You will realize quickly that you have found a remarkably effective wrinkle secret, and tell your friends. Get from your druggist for about fifty cents a two-ounce package of eptol and mix with a tablespoonful of glycerine in a half pint of water. Use this cream liberally and often.

BLACKHEADS—Get from your druggist a package of nectin, for about fifty cents, and apply a little of it on a wet cloth and rub this on the blackheads. You will find they disappear in a few moments almost magically.

MRS. G. F. D.—The best and finest face powder I am able to get is called "Fresca Beauty Powder" which any druggist can supply you in white, flesh or brown. It is very soft, it surpasses many imported products.

MRS. C. G. N.—You will nearly always find that soap makes the hair brittle and

The DOCTOR'S ADVICE

by Dr. Lewis Baker

The questions answered below are general in character; the symptoms or diseases are given and the answers should apply to any case of similar nature. Those wishing further advice, free, may address Dr. Lewis Baker, College Building, College-Elwood streets, Dayton, O., enclosing self-addressed, stamped envelope for reply. Full name and address must be given, but only initials or fictitious name will be used in my answers. The remedies can be obtained at any well-stocked drug store. Any druggist can order of wholesaler.

with a chronic cough for almost a year, and catch a fresh cold every few weeks. Nothing the doctor gives me helps, so I write to you.

"Answer: You need a thorough laxative cough syrup, one that not only relieves, but gently drives it from the system. The following regularly used will out any curable cough or cold promptly: Oxy-Phos, 2 1/2 oz. bottle of essence of Mentho-laxene, mix it with a homemade sugar syrup or honey as per directions on bottle.

"Elsie M." writes: "I have such short, stringy, straggling hair and my scalp is full of dandruff. Please advise what to do."

"Secretary" writes: "I have pains in my spine and frightful headaches in back of head, fainting spells, twitching and trembling, nervousness, sleeplessness, loss of appetite and strength and in fact am 'a has been.' When it comes to performing accustomed work and duties."

"Answer: In all such cases the assimilation functions have not kept pace with waste functions and a powerful harmless tonic remedy is needed. I find three-grain Cadumene Tablets unexcelled and astonishingly beneficial in such cases and advise them for you."

"Weakness" writes: "Have been dozing for a long time and now want your advice. Frequent desire is followed by burning pain and an very tender and sore over region of bladder. Also back-ache affects me dreadfully. Can hardly move when I awake in the morning. Weakness, too, is a symptom."

"Answer: I think if you will take Balmwort Tablets regularly for a few weeks your kidneys and bladder will become normal and such symptoms vanish. This is unequalled for such complaints in my estimation."

"Poor H." writes: "My health is very poor on account of a long-standing constipation. I have to use pills or something all the time. Can you prescribe something to take that will cure chronic constipation?"

"Answer: Constipation is probably the cause of more illness than any other thing. Most remedies only aggravate the trouble and never cure. I always prescribe three-grain Sulphur Tablets (not sulphur tablets), and have found them most reliable and gradually curative. They act pleasantly and tone up the bowels and liver without tiring the blood.

"D. E. G." writes: "My rheumatism is getting worse all the time. I am getting so stiff that it makes it very hard for me to get around."

"Answer: Get at the druggist the ingredients named, mix thoroughly and take a teaspoonful at bedtime and again at bedtime and you should soon be entirely relieved of that disagreeable disease, rheumatism. Purchase 2 dram of iodide of potassium; 1/2 oz. of wine of colchicum; 2 drams of sodium salicylate; 1 oz. compound Balmwort; 1 oz. compound Cardiol and 8 oz. of syrup anarsaparilla. They are satisfied thousands."

IF KIDNEYS FEEL LIKE LEAD OR YOUR BACK HURTS, TAKE SALTS

We eat too much meat, which clogs kidneys, and they need a flushing occasionally.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.
