Despondency is a thing of evil results. Worry produces nothing but wrinkles and wretchedness. Let the reader put a note on her bureau, on her desk, and at the head of her bed, just two words,

"DON'T WORRY"

Worry is the greatest foe to the happiness of any household. An anxious, despondent face, a fretful, complaining voice, will make every one uncomfortable.

A woman's nerves are more truly the cause of worry than outside troubles. The

nerves are to a woman's body the telegraph system which surely warns her of any trouble in the feminine make-up. Doctor Pierce's Favorite Prescription is the ideal woman's tonic for such conditions. It cures and builds up.

When a woman complains of backache, dizziness or pain-when everything looks black before her eyes-a dragging feeling, or bearing-down, with nervousness, she should turn to this "temperance" herbal tonic, known as Dr. Pierce's Favorite Prescription. It can be obtained in almost every drug store in the land and the ingredients are printed in plain English on the wrapper. Put up in tablets or liquid. Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., will send a trial size for 10c.
