Be Young for Your Years

You were taught at school that your body undergoes a complete change of structure every seven years.

This tearing down and building up process of body tissue continues without a moment's pause throughout life.

And when a man gets into a physical condition that the tissues keep breaking down and wasting away faster than Nature can replace them, right then he begins to grow "old".

This doesn't necessarily mean, however, that he has reached an advanced age. Thousands upon thousands of people begin to break down, their vital organs giving evidence of fast approaching decay, long before they reach middle age simply because they fail to give Nature, at the proper time, the needed help to rebuild.

If you are beginning to show the slightest sign of a physical "let-down"—if you are losing your old-time "pep" vim and vigor—if high tension energy and nervous strain are beginning to tell on you—it's a sure sign that you are growing "old"—too old for your years. You've reached that stage where your vital forces need rebuilding. Don't make the serious mistake

of postponing until too late the assistance Nature requires; commence today to take

LYKO

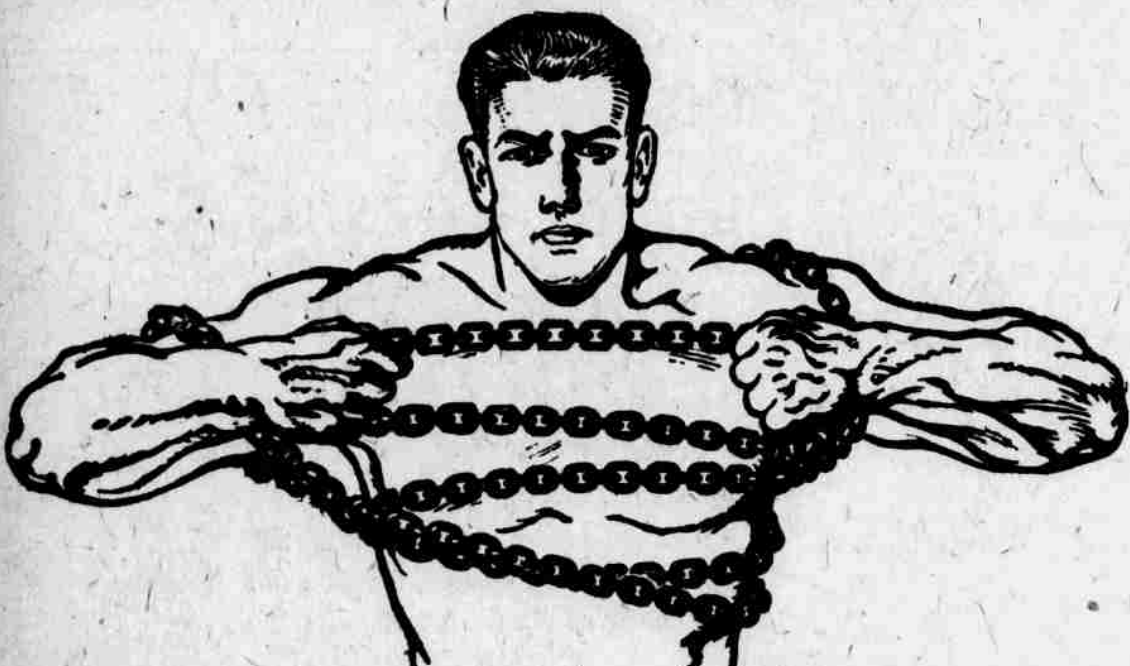

The Great General Tonic

Break Your Chains Be Strong and Well

Why drag along through life—half-sick, weak and tired out all the time? You can be strong and well—full of energy and vitality—glowing with health, and thrilled with the joy of life. You can enjoy life.

Rich, healthy blood makes the whole body healthy. Nature intended that everyone should be strong and well, and there is no mystery about Nature's laws.

Oxygen is the life giver—necessary to maintain life. REOLO absorbs the oxygen from the air in the lungs and carries it into the blood—rapidly oxidizing or revitalizing the red blood cells—and increasing the amount of hemoglobin in the blood, sending through the entire body a stream of rich, vitalized, health-giving blood that nourishes every cell of the nerves, tissues, brain and bones.

REOLO Makes Rich Red Blood

If the supply of oxygen is not sufficient, the engine runs down, vital force wanes, the fire goes out and the whole machinery of the body stops. When the blood is vitalized with oxygen, the complicated structure of the cells of the body is broken down, and the energy liberated which serves to drive the human engine.

REOLO acts on the blood, and by constantly cleansing and revitalizing it converts the blood into a vigilant guard against the insidious attacks of disease. It assists every natural force in the body. It makes it possible for the blood to build up what the stress of daily activity, overwork, over-exertion and overtaxing of the

body tears down. Waste products are cast out—new cells grow—the hollow cheeks fill out and take on the ruddy glow of health. The spring comes back to the step, the whole body tingles with health and vitality—and the brain is cleared to meet the battle with the problems of life.

By special arrangement with the Dr. A. L. Reusing Laboratories, Akron, Ohio, we have been appointed Licensees for the distribution of REOLO—direct from the laboratories, certified by Dr. Reusing, positively guaranteed to give satisfactory results or we'll gladly refund your money. Large box of Reolo, 100 tablets, \$1.00.

SOCIETY

Heart Beats CLUBBOM

By A. K.

OMAHA women have time and again been ridiculed and criticized because of the styles of their gowns. What would the gossips say if the newest Paris sensation were to appear on some well known matron or maid here? At a recent affair where all the Parisian elite were assembled one woman wore what is called the "waistless" gown. Except for a wing of material in the front extending from the waist to one shoulder there is no bodice whatsoever to this creation. The skirt is full and short, reaching only to the knees. Not much material. Well, how could there be when it is selling for as high as \$250 a yard?

At the same function was the "gold dollar" gown. It is made of a very flimsy golden color cloth which is interlaced with double eagles. Owing to the sudden demand for this type of dress it is the most expensive design now seen in the smartest shops.

Entertain Actress.

Frances Underwood, the actress, who is playing the role of Mrs. Mary Smythe, the charming widow in "Civilian Clothes," was entertained informally at luncheon Thursday at an Omaha home. Mrs. William Bieber and daughters, Miss Ruth Bieber, and Mrs. W. D. Cameron were the hostesses. They became acquainted with Mrs. Underwood in Spokane, Wash., where she was playing and the acquaintance ripened into friendship.

Informal Supper.

Moving to and fro—
Upon the streets—
Gliding ovals—
Ball room floors
Sailing through
Revolving doors—
Stepping from
Big limousines—
Hopping from
Their Ford machines
In tailor-made
And sport togs—
These pretty living pictures.
Some are brown-eyed
Some are blue—
Hair of every shade
And hue—
Great loose waves
So soft and silken
Frame these faces
Wistful—
Charming—
Till
Upon my word!
It's most alarming—
How they keep one gasping.
Ches the shaft
Of deep Jack roses—
Lips
Like cherry wine—
Skin as soft
As new panne velvet

Was good to them—
And yet we wonder:
Are they real
Or artificial—
Are they deep
Or superficial—
How can men folks

West Omaha Culture.
The West Omaha Mothers' Culture club will hold its regular meeting on Friday at the home of Mrs. W. W. Carmichael, 3845 California street, at 2 o'clock.

Afternoon Card Party.
The Progressive club of St. Patrick's parish will give a card party Friday afternoon at the hall at Fourteenth and Castelar streets.

Press Club Luncheon.

Members and guests of the Press club met for luncheon at the Loyal hotel Wednesday noon. Miss Euphemia Johnson, director for Nebraska in the education campaign of the Y. W. C. A. at the present time, was the chief speaker. She was presented to the club by Miss Henrietta Rees, president. Miss Louise E. Iles of Minneapolis, who is assisting Miss Johnson in this state, also spoke briefly. Miss Johnson outlined the general plans and needs of the Y. W. C. A. at the present time. Certain responsibilities confronted the organization during the war, she said. These were recognized and given wonderful response. But the great call for work did not end with the war, and the Y. W. C. A. is now endeavoring to raise \$5,000,000 to carry on important work. The northwest district for this campaign comprises Nebraska, Iowa, North and South Dakota and Minnesota. The quota of \$238,000 to be raised by the northwest district will be apportioned among the five states making Nebraska's share something less than one-fifth of the total. The national board spent \$115,000 in this district last year, so in a measure, according to Miss Johnson, the amount we now give will give a return for "favors received."

Roosevelt Circle.

The Roosevelt Chautauqua circle will meet Friday evening at the home of Mrs. F. A. Cressey.

Trinity Auxiliary.

The women of Trinity auxiliary will serve a New England dinner Friday, November 14, in the parish house, 1716 Dodge street. The dinner will be served at 6:30 o'clock. In the afternoon there will be a sale of fancy articles for Christmas gifts. The sale will open at 3 o'clock.

Dorcas Club.

The Dorcas Sewing club will meet Friday at 1 o'clock luncheon, 2569 Manderson street, at the home of Mrs. Minnie Bexten.

Central High School.

Cooking class at Central High school at 6 p. m. Friday, under direction of Miss Mary Morrissey.

Federation Board Meeting.

The first board meeting of the Nebraska Federation of Women's clubs since the annual convention at Fairbury will be held at the Lincoln hotel, Lincoln, Tuesday, November 19, at 8 o'clock.

Irish Lass Eats Onions to Live Longer

By GABBY DETAYLS

"This is a fine morning you're calling, miss," was the greeting of Grace O'Malley O'Flaherty, wife of William O'Malley, and appearing with him at the O'Flaherty's week. "It is all the fault of your paper. Last night The Bee published an article about onions making one live longer and I started right in and took the advice."

Miss O'Malley is a typical Irish type with blue hair, tip-tilted nose, and smile on her lips and a twinkle in her blue eyes with which makes the whole world gay. She does not speak with brogue, but with that infectious lift of tone and a manner belonging only to the true sons and daughters of the "old sod."

The fact that she comes from Loughrea, County Galway, establishes her claims to Ireland in the minds of all Irish. Her father was Joseph O'Flaherty, and a dear friend of Eamon De Valera, president of the Irish republic.

Miss O'Malley was in Denver when De Valera was speaking there and "dared" by the members of the company, she called L. Mellows, the secretary of De Valera, and asked if she might speak with the president. Upon telling her name Mr. Mellows became much interested and made it possible for her to attend the banquet at the Brown Palace hotel after she had finished her act at the theater.

It was in 1915, when Mellows was being hunted through the British Isles, that Joseph O'Flaherty, loyal to the cause of the shamrock, protected his compatriot for three weeks and then went to prison for seven months in order to save Mellows.

"Father died as the result of the treatment he received," said this pretty Irish lass with a mist and suspicion of tears in her eyes.

"Then, changing the subject abruptly, she began again to tell De Valera and how he greeted her. There were hundreds wanting to speak with him, but he stood talking to me until he had to go. He spoke beautifully of my father and I cried and think every one in the group cried as well. Mr. Mellows had to remind him that others were waiting. But he was wonderful and so kind. He said, 'Were it not for men like your father I should not be here today bearing my message.'"

In mentioning her work, Miss O'Malley regretted that her Irish nationality is not apparent in that stage.

"I am Irish," said she, "that I do not act Irish when I am before an audience. It makes me unhappy, but I think it is because I am not in suitable work. Some day I shall play an Irish role and then—" she smiled and it was easily seen that this is her dream.

Her love of Ireland and its people is most apparent in her conversation. "Do you know," she asked in her sweet low voice, "there is something different about the Irish? They are like no other nationality. They succeed without education, the advantages and the enjoyments of other peoples. What reason there is for it I do not know. It must be just because they belong to that Emerald Isle across the sea."

Mrs. S. S. Caldwell.

Mrs. S. S. Caldwell is chairman of the program committee of the Tuesday Musical club and one of the most active workers of the organization has known. She was president of the club for two years preceding Mrs. Howell, who now has the chair. Mrs. Caldwell is a musician and studied for a time under Alfred Ernst of St. Louis. She is one of the active workers who are bringing the world's best talent to Omaha.

November 18, at 10 a. m. Mrs. M. D. Cameron, general federation director from Nebraska, and Mrs. William Berry, president of the Second district, expect to attend.

Community Service.

Beebe club supper at the Girls' Community house at 6 p. m. Friday. Open night for new members at the house.

General Federation Board.

The following notice has been sent out through a press bulletin of the general federation of women's clubs:

"The semi-annual executive board meeting of the General Federation of Women's Clubs will be held in Omaha the first week in January, 1920. The chief business will be to arrange for the biennial convention, which is to be held in Des Moines, June 16-23, 1920. The directors of the convention will attend the board meeting."

"Gets-It" Peels Off Corns Painlessly

Off They Come Like Banana Skin. 2 or 3 Drops, That's All.

There's a murderous, painful way to get rid of corns, and then there is the peaceful glorious "peel-it-off" "Gets-It" way. After you have tried "Gets-It" you will say "never again" to all other methods.

This is because "Gets-It" is the only corn-remover that makes the corn peel off just like a banana skin. Two or three drops will do the work, without fussing or troublous. You apply it in 2 or 3 seconds. It dries immediately. "Gets-It" does the rest, without bandages, plasters, blood-bringing knives or razors. Get rid of that corn-pain at once, so that you can work and play without corn torture. Be sure to use "Gets-It." It never fails.

"Gets-It," the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. MTD by E. Lawrence & Co., Chicago, Ill.

Sold in Omaha and recommended as the world's best corn remedy by Sherman & McConnell Drug Co.'s Stores.

WHY RUN-DOWN PALE EXHAUSTED WOMEN SHOULD TAKE IRON

"There can be no beautiful, healthy, energetic woman without iron. When the iron goes from the blood of women, the roses go from their cheeks—their charm and attractiveness disappear. I have seen many patients take organic iron—Dorated Iron—not metallic iron which often corrodes the stomach and does more harm than good. Nature's iron is called Tanlac. It does not blacken nor injure the teeth nor upset the stomach. It will increase the strength and endurance of weak, nervous, irritable, careless, haggard women in two weeks' time in many cases. I have used it in my own practice with most surprising results. Ferdinand King, M.D., well-known New York physician and medical author. (Satisfaction guaranteed or money refunded—On sale at all good druggists.)"

meeting and report the convention program and prospects. The Omaha Woman's club has arranged to extend some courtesies to members of the board and visitors. The session is primarily a working one, however, and social affairs will be adjusted to the business program.

The New Red Cross Seal.

Against a background of winter sky, deep blue and starry, Santa Claus, garbed in his own brilliant red, and holly-crowned, is seen opening his snow-covered pack. On this is blazoned the Red Cross, the emblem of relief for the unfortunate. Above is the lettering "American Red Cross—Merry Christmas, 1919," and below, flanked by the Tuberculosis Cross with double arms, are the words, "Health and a Happy New Year. It is a marvel of simplicity for so much detail." Mrs. K. B. J. Edholm, executive secretary for the Nebraska Tuberculosis association, says that 6,000,000 seals are the quota for Nebraska, which means a sum of \$60,000. This amount, in the opinion of Mrs. Edholm, will insure tuberculosis control in this state.

When The Day Is Over

When the household cares and the worries of everyday life have dragged you down, made you unhappy, and there is nothing in life but headache, backache and worry, turn to the right prescription, one gotten up by Dr. Pierce fifty years ago.

Everything growing out of the ground seems intended for some use in establishing natural conditions. Dr. Pierce, of Buffalo, N. Y., long since found out what is naturally best for women's diseases. He learned it all through treating thousands of cases. The result of his studies was a medicine called Dr. Pierce's Favorite Prescription. This medicine is made of vegetable growths that nature sure, intended for backache, headache, weeping, bearing-down pains, irregularities, pelvic inflammations, and for the many disorders common to women in all ages of life. Dr. Pierce's Favorite Prescription is made of lady's slipper root, black cohosh root, unicorn root, blue cohosh root and Oregon grape root. Dr. Pierce knew, when he first made this standard medicine, that whiskey and morphine are injurious, and so he has always kept them out of his remedies. Women who take this standard remedy know that in Dr. Pierce's Favorite Prescription they are getting a safe woman's tonic so good that druggists everywhere sell it, in liquid or tablet form.

PROMINENT IOWA EDUCATOR SAYS HE IS CONVINCED

Former Supt. of Education for Des Moines County Now Praises Tanlac.

Professor M. B. Shaw, a prominent Iowa educator, former superintendent of education for Des Moines county, who is now teaching at the Flint River School and resides in West Burlington, Iowa, comes forward with this unqualified endorsement of Tanlac:

"Not in years," said Professor Shaw, while in Henry's drug store at Burlington, recently, "have I enjoyed such good health or felt so well generally as I have since I began taking Tanlac. Three bottles of this medicine has done me more good than all the other treatment and medicines I have taken in ten years combined."

"At the time I began taking Tanlac my stomach had been in bad shape for at least ten years. My food would invariably sour and I would suffer for hours after meals from gas and indigestion. I was also in a badly run down condition, suffered from constipation, and my nerves were upset so I could not get sufficient sleep or rest."

"Well, I just tried everything, but nothing helped me until I got Tanlac and now I am just like a new man. Before I took Tanlac myself I did not believe half they were saying about it, but I had not been taking it but a few days until I was convinced of its value. I can now eat just anything I want without the slightest trouble from it. Tanlac has not only set my stomach right, but my entire system is in fine shape. In fact, I just feel like I have been reborn. I feel like I owe it to the public to tell what it is that brought about such a wonderful change in my condition. I am no longer surprised that so many people are praising Tanlac, for it certainly is a great medicine."

Here is another instance of the wonderful reconstructive powers of Tanlac. Prof. Shaw is only one of the many thousands who have taken it with the same remarkable results. Tanlac benefited him because it contains certain medicinal properties which enrich the blood and promote a healthy appetite for nourishing food. Tanlac has been very successful in overcoming nervousness and sleeplessness, not from its quieting effect on the nerves, for it has no such effect, but by strengthening the nerves and bringing back the normal state of health through its effect on the appetite and nutrition of the body.

Tanlac is sold in Omaha at all Sherman & McConnell Drug Company's stores, Harvard Pharmacy and West End Pharmacy. Also Forest and Meany Drug Company in South Omaha and the leading druggist in each city and town throughout the state of Nebraska.
